Allotment Made For Five Schools

Seventh Month's Pay Cut Temporarily; All High Schools Included

A state auditor's warrant for 75 per cent of the seventh month salaries of teachers in the five schools not mentioned in the first warrant was received the latter part of last week.

The allotment was as follows: Mountain View, \$879.57; Roaring River, \$518.09; Ronda, \$603.14; Traphill, \$681.42; Wilkesboro, \$1,413.25.

The allotment for Millers Creek, Lincoln Heights, Mount Pleasant and Ferguson had been made previously.

The director of the budget has allotted only 75 per cent of the tax reduction fund which was allotted by the state board of equalization. It is presumed that this is due to the lack of sufficient funds and that payment of the remaining 25 per cent will be made in the near future.

Betty Henderson Struck By Auto

Accident Took Place In Wilkesboro Late Saturday Afternoon

Betty Henderson, eight-year-old daughter of Mr. and Mrs. J. B. Henderson, was bruised and painfully injured late Saturday afternoon when she was struck and knocked to the pavement by a passing automobile.

Her injuries were not serious, it is stated, and she is able to go about again.

She was struck by the rear fender of the car, it is stated, and knocked to the pavement. The driver of the car, whose name is not known, did not stop. Whether he knew that he struck the girl and drove ahead or was unaware of the accident is not known. He was traveling at a moderate rate of speed, it was reported, and proceeded at the same speed. One or more persons called to him and he smiled as if in reply, but whether he understood what they meant was a matter of conjecture.

The accident took place in front of the home of Attorney F. J. McDuffie in Wilkesboro.

Wilkesboro Junior Class Fetes Seniors

Reception Held In School's Home Economics Rooms Friday Evening

A very informal, but highly delightful, reception was given by the junior class of Wilkesboro high school in honor of the senior class on Friday evening, April 21, at 8 o'clock. The home economics room was beautifully decorated for the occasion. All of the decorations, including many beautiful iris and lilacs, carried out the senior class colors, blue and gold.

The attractive punch booth was presided over by Nell Henderson and Nina Jones. Music was furnished throughout the evening by Cathryn Hendren at the piano. Many interesting games were played, much to the amusement of all.

To the surprise of all, a wedding was announced. The astonishment was increased when a young lady took her place at the piano and began to go through the motions of playing a piano without a single sound being produced. Another young lady made her appearance and opened her mouth to sing but no sound came forth. Thus continued the silent wedding to its close.

The addresses of the two class presidents were exceedingly fine. The address by the junior class president, Warren Horton, was responded to by the senior class president, Neil Hartley, in a highly pleasing manner.

At the close of the evening, delicious ice cream and cake were served to more than a hundred people. The favors were lollipops, cunningly dressed in blue and gold.

The success of the evening was due, to a large extent, to the untiring efforts of the reception committees.

Price Sour Cream Goes Up 3 Cents Wilkes Creamery

The price of sour cream has advanced three cents at the Wilkes Creamery and this week the local firm will pay 18 cents to the farmers for their cream. The advance on the market is being reflected in the better price the Wilkes Creamery is paying and will encourage the farmers to sell their surplus supply of cream.

Washington, April 20—William C. Bullitt, of Philadelphia, today was appointed by Secretary Cordell Hull to be a special assistant in the state department.

Bullitt took the oath today and immediately entered upon his duties. He fills a position which has been vacant since March 4.

Rev. E. Whisenhunt Delivers Address At Luncheon of Kiwanis Club Friday

Elkin Minister Speaks Interestingly On Present Situation In China; S. V. Tomlinson Announces Success of Efforts To Have Lighting Fixtures In Bridge Installed

An address by Rev. Eph Whisenhunt, pastor of the Elkin Baptist church, on the Chinese situation featured the luncheon program of the Kiwanis club at Hotel Wilkes Friday. Rev. Mr. Whisenhunt served as a missionary in the Orient for several years and is conversant with conditions in China.

"Perhaps the only nation that really loves the United States is China," he declared. He spoke of the friendly relations of this country with China and then reviewed recent developments in that country.

"Japan is doing what other great nations have done," he asserted. "Additional territory is needed and Japan is going after it."

The Elkin minister was presented by L. M. Nelson, who was in charge of the program. Another feature of the program was a solo by Rev. Eugene Olive, "Danny Boy," being the number.

Prior to the regular program, S. V. Tomlinson, chairman of the public affairs and forestry committee, announced that efforts of the club to induce the state highway department to install lighting fixtures in the Yadkin River bridge now under construction had been successful. He read a letter from Chairman E. B. Jeffress informing him that instructions to place a conduit in the bridge had been given.

Mr. Tomlinson also read a letter from Col. J. W. Harrelson, of the state department of conservation and development, which stated that the matter of locating reforestation camps is in hands of the federal government entirely. The club has expressed a

hope that one can be secured for Wilkes.

Secretary T. E. Story read a letter from Lieutenant Governor Tracy Cunningham inviting the local club to hold an inter-club meeting with the Greensboro club Thursday evening, May 4. He also read a letter from O. G. Lawton, president of the Los Angeles, Calif., club, inviting the membership to attend the Kiwanis International convention there June 25-29.

In keeping with the present interdenominational fraternal programs now on in the mid-week service at the North Wilkesboro Methodist church, R. H. Reavis, Methodist layman, will be in charge Wednesday evening. Mr. Reavis plans to have an investiture service inducting new boys into the Scout Troop. This will not be a display demonstration but the actual work of making new Scouts. Such a meeting will have a deep religious basis since one of the tenets of Scouting is reverence for God.

The Rattle Snake Patrol, of which Fred Hubbard, Jr., is leader, will do the decorating of the church. Patriotic and Scout symbols will be used in the decorations.

The public is invited to this unusual service. The hour is 7:30 p. m.

Prizes Are Being Given In Contest

Best Kodak Prints Entitled Owners To Enlargements At Local Studio

Two very attractive kodak enlargements have been presented to the winners in the Kodak campaign sponsored by the Woman's Club for the benefit of the Girl Scouts "Little House." The enlargements are now on display in the show window of the Horton Drug company.

During each of the next four weeks, a kodak enlargement will be given to the person who has the best kodak print developed at the Blue Ridge Studio. At the end of the six weeks' period on May 15, a \$25.00 miniature will be given for the best print developed during the entire period.

This is kodak time and the only thing necessary to enter the contest is to take a roll of films to the Blue Ridge Studio to have them developed. The cost is the same and the best of work is assured.

A part of the proceeds will be given to the Woman's Club which will use the fund to furnish the "Little House."

QUESTION AND ANSWER

Question: What control is recommended for "blossom and twig blight" on apples?

Answer: Spraying with Bordeaux mixture immediately after the blossom buds open will give excellent control. This is not a 100 percent control, but it will reduce the blight sufficiently to assure a good crop of apples. Apply the spray when from one-fourth to three-fourths of the blossoms are open. Second applications will be necessary on the Golden Delicious, Stayman, and Red Winesap for effective control.

BIG SALE TO START AT SMOAK FURNITURE COMPANY TOMORROW

A sweeping reduction in the price of all furniture is announced for the sale which starts tomorrow morning at the Smoak Furniture company. This is a cash-raising event which really means something to the homeowners of this section, according to the management. Sensational low prices have been placed on high quality furniture. The sale will last only until May 6, so there is a comparatively short time in which to take advantage of this great opportunity. A few of the remarkable prices are listed in their advertisement found elsewhere in this issue.

AN IMPORTANT STATEMENT CONCERNING THE PRICE OF KELVINATORS

THIS is a frank statement addressed to all persons who are interested in the purchase of a Kelvinator: The present low prices of Kelvinators were made possible by the purchase of a large stock of basic materials used in the manufacture of Kelvinators at unprecedentedly low price levels. When the Kelvinator Corporation made reductions recently they guaranteed them for a period of 40 days only, that 40-day period expiring on April 29. At the same time the explanation was made that under no circumstances could the new price levels be maintained after the prices of materials used in the manufacture of Kelvinators were increased. The rising prices of commodities and materials of all sorts would indicate an increase also in the price of Kelvinators. We therefore do not hesitate to urge our customers to make their purchases immediately in order to take advantage of the unprecedented low prices that are still available at this time.

The low prices we are quoting at present on Kelvinators will continue in force, according to assurances from the manufacturers, only so long as present stocks of materials last. Buy now and take advantage of present low prices.
