Four Great European Nations Agree to Ban War For Next Decade

Rome. — Premier Mussolini, of Italy, and the ambassadors of France, Great Britain and Germany Wednesday night signed a four-power pact promising Europe a decade of peace and pledging the achievement of disarmament even if the Geneva conference failed.

Signature of the new accord took place in Signor Mussolini's office in the Palazzo Venezia immediately after the Fascist chief delivered a speech to the senate announcing conclusion of the agreement.

After signing the pact the Duce declared to a crowd of thousands gathered outside his office that the day had been "satisfactory for Italy, reawakened by her black shirts."

The signature crowned with success negotiations started on March 18 when the Italian premier submitted his original plan to Prime Minister Sir John and Foreign Minister Sir John Simon, of Great Britain, on their visit to Rome.

State College Gets Loan

Raleigh, June 10.—President E. C. Brooks, of North Carolina State college, today was notified that the Reconstruction Finance corporation has approved a loan of \$40,000 to the school to be used to convert Riddick field into an athletic stadium.

The board of trustees of the University of North Carolina, of which N. C. State is now a unit, approved the plan to borrow the money at a recent meeting and the 1933 legislature passed a special law to empower the board to seek the loan.

Riddick field has been state's football gridiron for several years and its seating capacity and facilities will be increased.

The loan will be repaid from athletic receipts.

To Hold Bible School At The Baptist Church

Rev. Eugene Olive Delivers Splendid Message At Mid-week Services

Beginning Monday, June 19th, a vacation school for all boys and girls aged 4 to 13 will be conducted at the First Baptist church for a period of two weeks.

There will be no tuition charges and no books, except in the hands of the teachers. Pupils will be taught portions of the Bible, suitable to their ages, many interesting stories will be told—Biblical, patriotic, habit-forming and missionary—, have supervised play periods, periods for music and notebook work, and salutes to the Christian flag, the American flag and to the Bible.

Sessions of the school will be held from 8:00 to 10:30 a. m. daily, except Saturday and Sunday.

Laymen's Day Observed At Methodist Church Sunday

The Annual Laymen's Day was observed at the North Wilkesboro Methodist church, Sunday morning. The program was prepared and directed by Mr. F. D. Hackett, Charge Lay Leader. Special music was furnished by the choir who sang, "Lord Make Me Strong." Prayer was offered by the pastor. The responsive reading was led by Mr. Hackett. After preliminary remarks by Mr. Hackett, who outlined the various interpretations of life, Prof. W. D. Halfaere was introduced, who spoke illuminatingly on "The Spiritual Interpretation of Life." He said in part that there are four powers through which personality works; the Body, which is the temple of the soul; the Mind, which is the instrument of thought; Gifts, which are a person's talents and the Will, which must be in accord with the will of God. He further stated that the second factor in spiritual stewardship is one's relationship to his fellow-men, according to the commandment, "Thou shalt love thy neighbor as thyself." Here stewardship is expressed through the family which is the social unit; through citizenship; and the church where one helps to spread the Gospel of Christ. The entire service was uplifting and inspiring.

WILLIAM B. SHUFORD STABBED BY WORKER

Hickory, June 9.—William B. Shuford, one of the officials of the Shuford mills organization here, was cut across the left side and back today by Frank Curtis, a former employe of the Shuford mill in Highland. Knife wounds punctured the left lung. Curtis is said to have stabbed Shuford when the latter ordered him to leave the factory building.

Curtis has been lodged in jail on the charge of assault with a deadly weapon, pending developments in the condition of the mill official.

NINE PERSONS KILLED AS PLANT DESTROYED

North Arlington, N. J., June 9.—Nine persons were reported killed and several others were believed fatally burned in an explosion tonight that wrecked the Atlantic Pyroxylin Waste company, dealers in celluloid scrap.

The blast filled the air with burning pieces of celluloid and set fire to six homes and a garage within a radius of 150 feet. Police reported a gasoline tank exploded in the garage and caused the deaths of several persons whose clothing was ignited.

Baseball Teams Play Good Games

Clingman Moves Into First Place By Victory Over North Wilkesboro

Clingman, Millers Creek, Purlear and the Wild Tigers were victors in Saturday's games of the Wilkes County Baseball League.

All four games were well played, the Purlear-Moravian Falls contest going ten innings before a decision was reached.

Clingman defeated North Wilkesboro 9 to 1 on the local field. By taking the game, Clingman went into undisputed possession of first place in the league with three victories against no defeats.

In losing to Wild Tigers, Wilkesboro tied with the Tigers in league standing, both teams having won two and lost one. The Tigers won this game, which was played on their home field, by the score of 10 to 7.

Millers Creek gained a tie with the Tigers and Wilkesboro in league standing by defeating Grier Mills 12 to 3 in their game Saturday. The superb pitching of Leslie Rhodes was outstanding in the Millers Creek victory.

Purlear came from behind to tie the score and then win out in the tenth inning in the game with Moravian Falls at Purlear. The final score was 13 to 12. Some costly errors ruined Moravian Falls' chance for a victory.

JAPAN ATTACKS NAVAL TREATY

Geneva, June 8.—Japan attacked the London naval treaty in the disarmament conference today and brought expressions of surprise from the American delegation and a declaration of disapproval from Arthur Henderson, president of the parity.

While assailing the London agreement, Ambassador Naotake Sato, of Japan, announced also that his government can not accept complete abolition of air bombing until the great powers abolish aircraft carriers.

Abolition of bombardment from the air is one of the important features of the British draft convention now forming the basis of conference discussions.

"The London treaty should have brought appeasement to all the signatories," Mr. Sato declared. "On the contrary it has created an atmosphere of uncertainty and apprehension."

C. H. ROBINSON LANDS BIG REVENUE POST

Raleigh, June 9.—Charles H. Robertson, Hillsboro textile man, nominated today by President Roosevelt to be collector of internal revenue for North Carolina, will step into one of the biggest tax collecting jobs in the United States if he is confirmed by the senate.

The office is one of the largest collectors of internal revenue for the government. This is due to the location in the state of big cigarette manufacturing plants which pay the greatest portion of this state's internal revenue. Collections in 1932 were \$235,000,000, and have gone as high as \$275,000,000 in a single year. North Carolina ranks next to New York in receipts.

Robertson was named to succeed Gilliam Grissom, who has held the office 12 years, through three Republican administrations.

CARD OF THANKS

We realize how inadequate words are as we attempt to express our appreciation to our friends and acquaintances and to others for their many acts of kindness and expressions of sympathy at the time of and following the death of our son and brother, James R. Grayson. We wish to assure each and everyone that we are deeply grateful and that we shall always feel an appreciation which cannot be expressed in words. To all may we say, "God bless you."

Guard Company Is Occupying Armory

Building Completed Few Days Ago; Lockers Are Yet To Be Installed

The new armory located at the fairgrounds here was completed a few days ago and Company "A," 105th Engineers, North Carolina National Guard, moved in last week.

Lockers are yet to be installed and some little work remains to be done, but the building itself has been finished. Present plans do not include the paint job which will probably be done later. The new building replaces the old armory which was burned early this year with a total loss of approximately \$40,000. At that time all the National Guard equipment was destroyed.

ONLY GRADE 'A' MILK TO BE SOLD AT ELKIN

Elkin, June 8.—The board of commissioners of the city of Elkin, at a meeting this week, heard a request from Dr. T. C. Britt, county health officer, for an appropriation of \$300 for health work in Surry county. Dr. Britt impressed the point that without this co-operation, there was danger of the abandonment of county health work. Action on the matter was deferred until a future meeting of the board.

An ordinance stipulating that only grade "A" milk may be sold in Elkin, was passed at the same meeting. It was pointed out that all dairies now serving the town now produce grade "A" milk, and that the town holds a high state rating in this respect, comparing favorably with the large cities of the state.
