

Boone Defeats Mountain Lions

Local Eleven Is Downed 20 To 0 In Scrappy Game On College Field

Playing without the services of three regulars, the Mountain Lions of North Wilkesboro high school lost a hard-fought contest 20 to 0 to Boone high school eleven Friday afternoon on College Field at Boone.

Handicapped by the light back-field with which Coach H. V. Overcash was forced to start the game, the local boys were never able to get going.

The Boone eleven scored in the first, third and fourth quarters.

Considering the light team placed on the field, the local lads put up a really scrap and gave ground grudgingly before the power drives of their heavier opponents.

After the game, Coach Overcash and his football squad motored to Hickory where they witnessed the night game between Lenoir-Rhyne College and Presbyterian College, of Clinch, S. C.

Elkin Defeats Wilkesboro Team

Wilkes Outplay Surry Lads But Lose Game 6 To 0 as Ball Is Fumbled

Although outplaying the Elkin high school eleven at almost every stage of the game, the youngsters of Wilkesboro high school lost by a 6 to 0 score to the Surry lads Friday afternoon in a close game on the Elkin field.

Old Man Fumble, who has lost many a game for a superior team, was Elkin's best friend. Every time the Wilkesboro team got around to the scoring position, a fumble would halt the march and the Elkin punter proceeded to kick the ball out of danger.

Coach Bennie Troutman, who is coaching his first year at Wilkesboro, while disappointed in the showing made by his team, was not discouraged. He felt that his team should have done better and regretted the inability of his backfield to hold the ball, but said their inexperience would account for that.

Elkin scored the lone touchdown of the game as the result of a pass and failed to make good the extra point.

Wilkes Electric Co. Takes Agency For Westinghouse

New Washing Machine Will Be Sold By Local Firm; Has Splendid Reputation

Announcement is made in today's issue of The Journal-Patriot by the Wilkes Electric Company, owned and operated by W. M. Day and Tal J. Pearson, that the agency for the new Westinghouse washing machine is now held by the firm.

The Westinghouse has the reputation of being one of the best and most dependable washing machines on the market today, and the local agent is prepared to make delivery promptly on any model you may select. Anyone wishing to buy an electric washing machine is cordially invited to call at the company's show rooms in the Meadows Building on "B" street or phone for a demonstration in the home.

"Women's work is hard enough without having to do the washing," Messrs. Day and Pearson state, "and when a washing machine may be purchased at the present low prices and on convenient terms, too, it is not necessary that the lady of the house carry the extra burden of doing the family wash each week."

That exciting race in the National League has greatly stimulated public interest in the game. Attendance at games between pennant contenders has been excellent. Looks like the New York Giants will be in the world's series.

It has been estimated that New Yorkers spend \$270,000,000 on sports of various kinds every year.

Legion Defeats Lions Club Ten

Score 11 To 10 Victory In Contest At Fairgrounds Thursday Afternoon

The American Legion nosed out the Lions Club 11 to 10 Thursday afternoon in the first game of play ground baseball to be played here this season, if not the first ever played here.

The game was played at the fairgrounds and was witnessed by a number of interested spectators. The proceeds went to charity.

The Legion boys came through in the closing innings of the contest and won the right to meet the Kiwanis Club in a game which will be played Thursday afternoon this week. The Kiwanians will meet the Legion boys at 3:30 o'clock.

The bride is a sister of Mrs. Ralph G. Bingham, of Wilkesboro, and has visited in the county on several occasions. She made many friends on her visits to Wilkesboro who will be interested to learn of her marriage.

Soldiers Attempt To Drive Communists Off Street; Scene Of Disorder

Havana, Sept. 29—Widespread and heavy firing throughout Havana late today that started when the army set out to disperse thousands of communist demonstrators resulted, according to a preliminary check, in the killing of four persons and the wounding of an undetermined number.

Joe Gibson, 66, an American, photographer for Universal Newsreel, was shot in the leg, but not seriously wounded—while making pictures.

Gibson was one of several photographers on the roof of the Hotel Nueva Isla, but no one else in the group was injured. Four shots struck him in the leg, apparently from the fire of snipers on nearby buildings.

The clatter of machine guns and the firing of rifles and pistols reduced uptown Havana to a scene of pldist disorders as students and ABC radical members joined the heaviest army forces ever to patrol Havana streets.

The early outbreaks of shooting centered along Reina street, where communists were reported to have sniped at the soldiers from the top of the anti-imperialist league headquarters at Reina and Gervasio streets.

The communist demonstration was in honor of Julio Antonio Mella, a student leader killed in Mexico in 1929, whose ashes were brought here this week in tin boxes.

The dead included a 15-year-old boy.

He was driving fairly slowly across the Queensboro Bridge when his rear right wheel came off. A garage helper had neglected to fasten the wheel on. He hailed a taxi and hurried away to a garage to get a tow-car. When he returned his car was gone. He made inquiry and finally located his car. Inside were two policemen playing the radio and drinking the beer they found on the back seat. "We're just guarding your car," they said to the owner.

Most of the New York newspapers printed a story last week that Babe Ruth, of the New York Yankees, finally admitted that this would be his last season as a regular, full-time member of a major league baseball team. Ruth promptly denied the truth

of the story. He said he intended to play as long as he can drag his feet around the bases. The Japanese Swimming Federation has decided to invite George Kojac, of New York; Jack Medica, of Seattle; Ralph

Planagan, of Miami Beach, Fla., and one other American star to compete in an international meet to be held in Tokyo in August next year. Read Journal-Patriot ads.

One Great Leader Says of Another—

"Essolene leads the field, because Essolene is made by the Industry's Leader"

"Next to baseball I know motor fuel best. I've sold it for years. I sell it now—all winter long—down in Memphis, after the season's over. "And let me tell you, folks, it takes a leader to deliver the goods—in baseball or in motor fuel. That's why you can depend on Essolene—the largest oil organization in the world is behind it. When the Standard Oil Company of New Jersey says—"Essolene guarantees smoother performance" that certainly means you'll get smoother performance. "I use nothing but Essolene and Essolene Motor Oil in my car. "You'll get quick starting, smooth pick-up, mileage and economy with Essolene that you never could get in the old-fashioned gasolines. Take my word for it."

—about Cigarettes

Of all the ways in which tobacco is used the cigarette is the mildest form

YOU know, ever since the Indians found out the pleasure of smoking tobacco, there have been many ways of enjoying it.

But of all the ways in which tobacco is used, the cigarette is the mildest form.

Another thing—cigarettes are about the most convenient smoke. All you have to do is strike a match.

Everything that money can buy and everything that science knows about is used to make Chesterfields.

The right home-grown tobaccos—seasoned with just enough aromatic Turkish—are blended and cross-blended the Chesterfield way.

Then the cigarettes are made right—firm, well-filled. Chesterfield uses the right kind of pure cigarette paper.

There are other good cigarettes, of course, but Chesterfield is

the cigarette that's milder, the cigarette that tastes better. Chesterfields satisfy—we ask you to try them.
