

Burke Endorsed At Meeting Held In Taylorsville

Resolutions Are Passed By Citizens of District At Public Meeting

J. Hayden Burke, prominent Taylorsville attorney and announced candidate for judge of superior court in the Seventeenth Judicial district, was praised highly in resolutions passed Friday at a meeting of a number of representative citizens of the district at Taylorsville.

The meeting was presided over by Harry Miller, of Stony Point, chairman of the Alexander county Democratic executive committee.

The resolutions adopted follow:

"That, whereas, it is known to the general public that the Honorable J. H. Burke is a lawyer of wide and varied experience, and that he possesses the necessary qualifications, legal ability and efficiency, to fill the high office of Judge in a way and manner that would be highly satisfactory to the public in general, and whereas we believe that in such office he would endeavor to hold the scales of justice even handed, and would deal fairly and impartially with all men;

"And, whereas, he is a man of high moral character, and possesses the judicial temperament so necessary for a fair administration of justice on the bench, and, whereas, he has for the past several years been very staunchly and actively affiliated with the religious activities of his community, and, whereas, we know him to be a sincere Christian, honorable and upright in all of his dealings with his fellow men, and, whereas, it is our desire by this resolution to commend him to the people of North Carolina and more especially to those people residing in the Seventeenth Judicial District as a man amply qualified and amply able, by virtue of his character, legal ability and temperament, to preside over the Courts of the great State of North Carolina;

"Whereas, Be it Resolved, by all these presents, that we most heartily endorse J. H. Burke's candidacy for the office as Superior Court Judge for the Seventeenth Judicial District, and we most earnestly request due consideration in his behalf from the voters of the Seventeenth Judicial District for the said office, and that the voters support him with their ballots and influence.

HIGH POINT MILLS STEP UP PAYROLLS

High Point, Jan. 22.—High Point's big hosiery mill pay roll was increased by 40 per cent today as the 25 mills of the city joined the rest of the industry in going from a three-day curtailed schedule operation to a five-day week. Two shifts of eight hours each are being used here at the present time.

General satisfaction was expressed over the ending of the emergency curtailment and more than 5,000 workers will participate in the added pay roll money.

Whether business which has been pined up on some of the plants can be maintained so that the full-time operation can be carried on indefinitely remains to be seen. Manufacturers are optimistic over the prospects.

Excellent Cast Plays In "Alice"

Wonderland Story Told In Picture At Liberty Today and Tomorrow

The "Cast of the Century," that's the way Paramount is billing the long list of important screen players featured in "Alice in Wonderland," the filmization of Lewis Carroll's immortal fantasy which plays at the Liberty Theatre today and tomorrow.

Heading the list is Alice, played by Charlotte Henry from Brooklyn, New York, who won the coveted role after an international search lasting five months. The search covered every English-speaking country in the world and brought out more than 7,000 applicants.

Some of the first-rank stars who are included in the "cast of the century" are Richard Arlen, Roscoe Ates, Gary Cooper, Leon Errol, Louise Fazenda, W. C. Fields, Skeets Gallagher, Cary Grant, Raymond Hatton, Edward Everett Horton, Roscoe Karns, Baby LeRoy, Mae Marsh, Polly Moran, Jack Oakie, Edna May Oliver, May Robson, Charlie Ruggles, Alison Skipworth, Ned Sparks and Ford Sterling.

The screen version of the famous classic was directed by Norman McLeod from the screen play written by Joseph L. Mankiewicz and William Cameron Menzies. The screen play contains the most important sequences from both "Alice's Adventures" and "Through the Looking Glass."

The story of the picture duplicates in detail the yarn of the book known throughout the world. Alice falls asleep and awakens as she steps through the looking glass above the mantle into "Looking Glass Land."

There she meets all her chessmen friends who have come to life. Through fire grates, down rabbit holes and into the pool of tears, Alice journeys through her dreamland.

Father William, the Dodo Bird, the Red Knight, the King of Hearts, the March Hare, the Mad Hatter and the Cheshire Cat, all welcome her to their homes behind the mirror.

But alas, she must wake up, and she soars through the Looking Glass house back to the room from where she began her adventures.

WOMAN DRIVER HELD IN HIT AND RUN CASE

Danville, Va., Jan. 22.—Mrs. Ora Lee Smith, 23, proprietress of a filling station on the Chatham-Gretna road, was arrested by local police officers yesterday charged with running into Police Officer W. A. Newell Saturday at dusk and with failing to stop after the accident.

The officer is in Memorial hospital with a badly crushed left foot, being thrown across Mrs. Smith's car and then falling under a rear wheel.

Police heard yesterday that Mrs. Smith had stopped at a garage near the scene of the accident to have a tire changed and to have stated at the time that she had just "hit an officer." Her identity was traced and local police went 25 miles yesterday and arrested her.

She was brought here and lodged in jail claiming that Newell ran into her and that the light was not burning on his motorcycle. Seeing the officer remount his motorcycle after the accident she did not think he was seriously hurt. Newell was able to ride his machine a short distance to the hospital where his foot was found to be in serious condition.

Newell's version of the accident is that the woman drove her car directly towards him and after striking him veered back into the road.

George Kennedy Wins 1st Prize

Local Telephone Branch Manager Has Picture On First Page of "News"

The likeness of George Kennedy, local branch office manager of the South East Public Service company, adorns the front page of the South East Division News, monthly company magazine published at Charlottesville, Va., this month by reason of the excellent record made by Mr. Kennedy in 1933.

The January issue, released last week, states that Mr. Kennedy won first prize in the company's contest for new business during last year. The honor of taking first place carries with it a substantial cash prize.

Mr. Kennedy won a trip to the World's Fair at Chicago last year as a result of the drive for new business.

Of interest also to Wilkes county people was the announcement in the telephone company magazine that Warner Elledge, manager of the Leaksville-Spray exchange, took third place in the contest. Mr. Elledge, who was formerly with the local telephone system, is a son of Mr. and Mrs. T. C. Elledge, who reside near the Oak Land Dairy, several miles north of the city.

Wynekoop Trial Comes To Close

Alleged Murderess Fighting Battle For Life; Critically Ill

Chicago, Jan. 22.—Granted a mistrial on charges of murdering her daughter-in-law Rheta, Dr. Alice Lindsay Wynekoop tonight marshaled her failing strength against a threat of death from another quarter.

Judge Joseph B. Davis granted the mistrial on the 62-year-old physician's own petition after heart specialists informed her that the strain of continuing the trial might result in another collapse and her possible death of heart disease.

Dr. Wynekoop's attorneys began efforts immediately to obtain her release on bond in order that she might be taken to a hospital for treatment. With a month's rest and treatment, Dr. Wynekoop may be able to resume her trial, physicians said.

Charles S. Dougherty, assistant state's attorney, who vigorously opposed the mistrial, announced that he would fight any attempt to release Dr. Wynekoop on bail.

"We are going to convict this woman if she is ever able to be brought to trial," Dougherty said. "I shall oppose her release from county jail on any condition."

COMPANY IS ORDERED TO SURRENDER EAGLE

High Point, Jan. 22.—High Point, which supplied the United States Supreme court with a test case that has just been argued on the 21st amendment bids fair to furnish it another one under the national recovery act, if an order of the administration is contested.

Leonard Dry Cleaning company, a well known High Point business, has just been ordered to surrender its blue eagle sign on the ground that it has been cutting the price fixed by the code.

This is not denied by the Leonard company, which is still advertising its cash and carry service for 50 cents a suit, instead of the 70 cents, prescribed in the code. The company is complying with every other provision of the code, its officials said, but the 50 cents for cash and carry service represented a fair profit, they added.

Leonard Case Submitted To Federal Trade Commission Washington, Jan. 22.—The case of the Leonard Dry Cleaning company, of Greensboro and High Point, involving alleged violations of the dry cleaning and dyeing code of the NRA, has been submitted to the federal trade commission for appropriate action.

W. P. Leonard, head of the Leonard Dry Cleaning company, had been directed to appear before the compliance board of the NRA in Washington last Wednesday afternoon at 3:30 o'clock, but failed to do so, and the matter was referred to the federal trade commission. The commission has inaugurated an active investigation.
