

# IN MEMORY OF OUR MOTHER

BY R. L. DUGGTON

After nearly a century of devotion and service our beloved mother has left us to go to her heavenly home. With our spirits broken over her loss and our hearts burdened with the grief over her passing, no words can adequately express our deep sense of gratitude for her love and devotion to us.

And yet as a modest expression of our love to her I simply desire to express my grateful appreciation of the beautiful memory of her I am privileged to cherish. In this article I wish merely to pay this loving tribute of respect to that one whose life was an inspiration toward all that is high and noble.

She does not need any elaborate eulogy; in her modesty and self-effacement she would rather bid us seek the record of her achievement, not in material gains, but in the lives of those she loved, the members of her family and her friends, whose characters have been enriched by her high example.

Her life was literally built into her home and her community, into those institutions of human betterment which we all cherish. During a long life-time her influence was left in every movement for the up-building of the

finer traits of character. Every worth-while cause, whether related to the home, the community, the church or the school awakened her interest and had her active support so far as her strength and means permitted. In her home life and community relations, she exemplified all that is good and true.

The church especially shared to an unusual degree her splendid spirit of devotion. In her personal life she expressed the finest ideals and Christian virtues. Her constant concern for the welfare of her friends and neighbors has been recognized by all who have known her. With a rare spirit of courage and fortitude, typical of the very finest and best of our pioneer ancestors, she was one of those who helped to settle our state and make it what it is today. For nearly a century her splendid personal traits have influenced the lives of those who have known her and have in a larger way spread a beneficent influence over the entire community. Industrious living, progress always towards a worthy purpose was her constant thought in life. For her each day meant opportunity, striving, achievement. Her beautiful life full of the rich experiences of unselfish service was truly a "Psalm of Life."

Even though her span of life was permitted to be extended far beyond the allotted three-score years and ten, yet the bereavement we have sustained is greater and the grief is all the keener because of the irreplaceable loss of these many years of companionship. A beautiful character whose ideals were shaped by the most lovely spiritual devotion to truth and righteousness, her life and motherly affection will ever remain with us as an imperishable inspiration. The influence of her life upon us and her contribution to our success and happiness constitute an abiding reverence for her memory and a heritage to be cherished throughout our lives. As an acknowledgement of our great indebtedness to her for her lifetime of service, I am moved to voice in this word of tribute of myself and the other members of our family our deep feeling of personal loss and at the same time to express our sense of supreme happiness in the inspiring memory we shall forever cherish of her beautiful life and noble character.

"And you don't know anything about religion?" queried the missionary.  
"Well, we got a little taste of it when the last missionary was here," replied the cannibal chieftain.

## Warrant Issued in 1843 Reproduced

A visitor to the office of The Journal-Patriot recently exhibited a copy of a warrant issued in 1843. It reads as follows:

To any lawful officer to execute and return in thirty days, Sundays excepted:

You are hereby commanded to take the body of John Miles and cause him to appear before some justice of the peace for said county to answer to the complaint of Vinson Brooks in a plea of debt for the sum of one dollar, due to failure to work on the road when lawfully notified. Herein fail not. Given under my hand and seal, this 30th day of October, 1843.

JAMES McCANN.  
On the back of the warrant was the following inscription: "Judgement for plaintiff for \$1.00, cost 80 cents, James Martin, N. P. (seal)."

## ROAD TESTS WEAR OUT BRAKES, BUT NOT NEW TIRES

Road tests so severe that brakes on the automobiles used were worn out every 72 hours were conducted to prove the new G-3 tire, latest development of the Goodyear Tire & Rubber Co., according to W. E. Colvard at the C. & C. Service Station, local Goodyear dealer.

"In order to put the severest possible strains and abuses on the new tires," says Mr. Colvard, "they were driven at 60 miles an hour and brought to an abrupt stop every five miles. "This punishing test wore out brake linings so rapidly that the brakes had to be adjusted every eight hours and linings replaced every three days. But the tests proved that the new G-3 was adapted to use on the modern, high speed, high powered automobile.

"Cars had been improving rapidly and tread wear became more of a problem. The road tests all proved conclusively, however, that tire mileage had been stepped up and non-skid tread wear increased on an average of 43 per cent.

"The improvements of the G-3 were accomplished by widening and flattening the tread surface in contact with the road, widening the riding ribs and narrowing the grooves between the non-skid blocks and increasing the number of non-skid blocks in the tire's circumference.

"In my opinion the G-3 tire is the most important contribution of the tire manufacturer to motoring since the introduction of the balloon tire," Mr. Colvard said.

## A STATEMENT

In our issue of Monday, May 23, 1934, there appeared an article over the signature of "T. G. Swim." Since the publication of this article, we have learned from reliable sources that no such citizen as "T. G. Swim" resides in Wilkes county, however, there have been some reports to the contrary.

In the article purported to have been written by "T. G. Swim" were statements attacking the character of well known citizens of this county. While this newspaper assumes no responsibility for the remarks made by the said "T. G. Swim," it desires to state that the advertisement was inserted just as other political advertising has been published—as paid advertising matter—and that the "T. G. Swim" letter was inserted at the request of T. H. Settle and the money paying for same given to a representative of this newspaper by him.

The advertisement referred to above was inserted in our newspaper as paid advertising in good faith and after inquiry was made as to the identity of the said "T. G. Swim."

This newspaper is glad to give the public all the facts concerning the paid advertisement in fairness to the gentlemen whose names were mentioned in the letter purported to have been written by the said "T. G. Swim," as it has no interest in the matter whatever only to see that everyone who is a candidate for office and every faction of each political party in Wilkes County gets fair and impartial treatment at our hands.

## Man in Pen

New York, May 23.—John McNeil, former CWA worker who is accused of hammering to death his four little girls, was captured tonight in the Bronx by the police. The collection of 15 months' work was found their skulls crushed on the morning of March 17.

Carden told the judge Long was convicted and since that time has been in Atlanta federal prison. He told the judge the crime weighed heavily on his conscience and he could not let Long serve longer for a crime he did not commit.

## HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men  
Unless two pints of bile juices flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and cramped. You get yellow tinges, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, distension, headache. You have become an ugly-looking, foul-smelling, sour-smelling person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juices will stop this decayed poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juices is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores. Before "something just as bad" for it may grip, loosen teeth or aid return. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C. M. Co.

# THE BRAKES COULDN'T TAKE IT BUT THE NEW 'G-3' COULD!

DELIVERS 43% more non-skid mileage!

● You must see this huskier, handsomer, new "G-3"—Goodyear's greatest tire—the tire that came forth a champion from tests which abused cars, wore out brake linings every 72 hours—the tire that has proved more than a match for today's job on fast-starting, high-speed, quick-stopping modern automobiles . . . Once you see this costlier-to-build but no-costlier-to-buy champion, we know you'll want no other tire under your wheels.

## GOOD NEWS

This marvelous new G-3 All-Weather with its many advantages over any other tire on the market costs you nothing extra.

MELLOWED BY AGE Enriched by Tradition

Fine beer can't be made over night. Behind fine beer must be age—and tradition. BUDWEISER is richly endowed with both. Anheuser-Busch began brewing in 1859. BUDWEISER was created in 1876. Its unforgettable quality was so outstanding that in the International Exposition in Paris in '78 it won first honors from all the brews of the world. It was awarded the gold medal at the World's Fair in Philadelphia in 1876, at Amsterdam in 1883, at New Orleans in 1885 and Chicago in 1893. BUDWEISER's greatest distinction never has been matched by any other brew anywhere—the biggest selling bottled beer in history.

Without Impurities... DEATH!

"A Pure Food and Drug Act for plants would be a death sentence to all living creatures."  
—SCIENTIFIC AMERICAN

READ the above statement again. It seems strange. Yet no truer words have ever been written. If all impurities were eliminated from the soil, no man, no beast, no living thing, could stay alive.

Chilean Natural Nitrate, for many years, has stressed the importance of its Nature-given impurities. This magic plant food is the only nitrogen that comes from the ground. It is the only nitrate that contains Nature's blend of rare elements. . . Nature's own balance of vital impurities.

So you see the importance of protecting yourself by specifying Chilean when you buy nitrate. There are two kinds, Champion Brand (granulated) and Old Style. Both are genuine Chilean. Both are natural. Both have the vital impurities. You are safe with either one.
