McDuffie's Reply To Jacob M. Little

To the Republican Voters of Alexander County:

It seems from the write-up in the Taylorsville paper that Mr. Little and others hold a grudge against me for appearing in the Stefanoff and Black case. This is the first time in all my life that I ever knew a lawyer to be criticized for appearing in a murder case. Under the law of our good state a man who commits murder is entitled to have counsel represent him and if he is not able to employ counsel the law provides that the judge shall appoint him counsel. I admit that I was appearing as an attorney for the dollars and cents that I was receiving, as all lawyers do. I was a citizen of the good county of Alexander, I sat in Court House and saw and heard our idol, the late Frank Linney with the Honorable Hayden Burke represent a man who had killed his own father and from that day until Mr. Little's write-up came out in the paper I never heard of a lawyer being censured for appearing in a case. Our Solicitor, the Honorable John R. Jones, while in the private practice defended scores of men for various crimes committed in this district. For instance, he appeared for the defendants in the famous Long Bottom case and has never been censured or criticized for the part he took in that case for the dollars he got out of it and at this present time the famous Tilley case in Wilkes county is hanging in the balance and the Honorable Hayden Burke and Turner Grant with others are defending the Tilley's and in this case it is alleged that a poor orphan girl was shot and killed in her foster home, just as Barnes was killed in the bank in Taylorsville, and no one has raised his voice to criticize or censure Mr. Burke or Mr. Grant for defending the Tilley's in murdering the girl. All the lawyers which Mr. Little names in his write-up at one time were lawyers for defendants and appeared in outstanding criminal cases and neither has ever been criticized for doing his duty as a lawyer. In the Stefanoff case I was employed as one of the attorneys to represent the defendant and in doing that I tried to bemean myself as an attorney, to be honest and fair and do my duty as God gave me the power to see and do.

As for boasting my citizenship of Alexander county while living there, Mr. Little knows the kind of a citizen that I made while living there, and after reading what Mr. Little had to say about me I at once decided that my good friend, John R. Jones, wrote the article.

While I am censured in this article for the part I took in the trial of the Stefanoff and Black case, the law partner of our Solicitor was employed and paid a fee of \$100.00 to go to Davie county to help select a jury to try Stefanoff and Black and no one has criticized the Solicitor or his partner, Mr. Mack Brown, for the part that he played in this case, although he is a law partner of the Honorable John R. Jones.

This article further states that I have never proven myself able to stand before the assembled court and I will never be able to prove it unless and until the people of the district give me an opportunity to prove it and that the voters of Alexander county support me for this place is why I am asking at the hands of when you have done so I will assure you that the hand of the law will not be weakened.

An Appeal To Democrats

To the Democrats of Mitchell, Avery, Wilkes, Alexander, Davie and Yadkin Counties:

You will soon be called upon in a Democratic Primary to select a successor to Judge Finley who has made known his intention to retire at the end of his term and will thereupon become an Emergency Judge with all the powers and jurisdiction that he now has, except that he will not thereafter have to hold courts on schedule.

Believing that party gratitude to one who astounded the State by his wonderful campaign for Solicitor of this district four years ago when he reduced the normal republican majority of six thousand to the small majority of four hundred and twelve, and that Democrats should nominate a man who has fine judicial temperament, splendid ability and is honest to the core, I appeal to the Democrats of the district to vote for John W. Ragland, of Mitchell County, for the nomination for Judge of the district.

John Ragland is a Mitchell county Democrat and everyone knows what that means for to live in Mitchell county as a Democrat and to have made the fight John Ragland has made means that he is of the Simon-pure variety, and to have reduced the Republican majority in the district as he did, shows the esteem with which he is held even by his political enemies.

John Ragland will, as Judge, command the admiration of everyone for his splendid judicial poise and ability, and Democrats will be proud of him. Vote for him in the primary and get your friends to do the same.

We feel that he should be compensated by our party for the wonderful fight he made for Solicitor four years ago. The eternal fairness of things demand it.

Yours for party success,
C. F. LAMBERT,
Chairman Democratic Executive Committee, Mitchell County.

Generally, this third group will be restricted to those who have proved themselves to be superior students.

The school will be available not only to students of Watauga county, but also to students in neighboring counties who wish to take advantage of this opportunity for making up work.

Number Horses For Relief Families Increases Again

Wilkes county was allotted fourteen horses and mules to be distributed to families on the relief list. A mare sold to an Oakwoods resident gave birth to a colt but it was accidentally killed. On Monday another one of the mares gave birth to another colt, making the total fifteen animals for relief work instead of fourteen.

In the Stefanoff case I was employed as one of the attorneys to represent the defendant and in doing that I tried to bemean myself as an attorney, to be honest and fair and do my duty as God gave me the power to see and do.

As for boasting my citizenship of Alexander county while living there, Mr. Little knows the kind of a citizen that I made while living there, and after reading what Mr. Little had to say about me I at once decided that my good friend, John R. Jones, wrote the article.

While I am censured in this article for the part I took in the trial of the Stefanoff and Black case, the law partner of our Solicitor was employed and paid a fee of \$100.00 to go to Davie county to help select a jury to try Stefanoff and Black and no one has criticized the Solicitor or his partner, Mr. Mack Brown, for the part that he played in this case, although he is a law partner of the Honorable John R. Jones.

This article further states that I have never proven myself able to stand before the assembled court and I will never be able to prove it unless and until the people of the district give me an opportunity to prove it and that the voters of Alexander county support me for this place is why I am asking at the hands of when you have done so I will assure you that the hand of the law will not be weakened.

McDuffie's Reply To Jacob M. Little

To the Republican Voters of Alexander County:

It seems from the write-up in the Taylorsville paper that Mr. Little and others hold a grudge against me for appearing in the Stefanoff and Black case. This is the first time in all my life that I ever knew a lawyer to be criticized for appearing in a murder case. Under the law of our good state a man who commits murder is entitled to have counsel represent him and if he is not able to employ counsel the law provides that the judge shall appoint him counsel. I admit that I was appearing as an attorney for the dollars and cents that I was receiving, as all lawyers do. I was a citizen of the good county of Alexander, I sat in Court House and saw and heard our idol, the late Frank Linney with the Honorable Hayden Burke represent a man who had killed his own father and from that day until Mr. Little's write-up came out in the paper I never heard of a lawyer being censured for appearing in a case. Our Solicitor, the Honorable John R. Jones, while in the private practice defended scores of men for various crimes committed in this district. For instance, he appeared for the defendants in the famous Long Bottom case and has never been censured or criticized for the part he took in that case for the dollars he got out of it and at this present time the famous Tilley case in Wilkes county is hanging in the balance and the Honorable Hayden Burke and Turner Grant with others are defending the Tilley's and in this case it is alleged that a poor orphan girl was shot and killed in her foster home, just as Barnes was killed in the bank in Taylorsville, and no one has raised his voice to criticize or censure Mr. Burke or Mr. Grant for defending the Tilley's in murdering the girl. All the lawyers which Mr. Little names in his write-up at one time were lawyers for defendants and appeared in outstanding criminal cases and neither has ever been criticized for doing his duty as a lawyer. In the Stefanoff case I was employed as one of the attorneys to represent the defendant and in doing that I tried to bemean myself as an attorney, to be honest and fair and do my duty as God gave me the power to see and do.

As for boasting my citizenship of Alexander county while living there, Mr. Little knows the kind of a citizen that I made while living there, and after reading what Mr. Little had to say about me I at once decided that my good friend, John R. Jones, wrote the article.
