

Walter S. Cox Died Tuesday

Former Resident of This County; Funeral Held Here Yesterday

Walter Stanley Cox, former resident of this section who has been making his home in Greensboro during the past several months, died at Clinic Hospital in Greensboro at 5:15 Tuesday evening.

Mr. Cox was widely and favorably known in North Carolina. He had been living in the home of Mrs. Cox's sister, Mrs. D. T. Trivette, 1000 Fernwood drive, in Greensboro, since last November when he became officially identified with the Odell Hardware company, although he continued to maintain a residence at 495 South Boylan avenue, Raleigh. Surviving is his wife, who before their marriage in 1905 was Miss Julia Vannoy, daughter of the late L. W. Vannoy of Reddies River, and a sister of Mrs. C. E. Jenkins, of this city. Mr. Cox was a member of the Christian Disciples church at Middleton. He was a member and past master of Raleigh Masonic Lodge No. 500.

For 11 years Mr. Cox was officially connected with the State School for the Blind, Raleigh. He served two years as purchasing agent for various state institutions in North Carolina, and for seven years he was business manager of Rex hospital in Raleigh.

He made many friends in Wilkes county during his residence here many years ago, at which time he superintended the building of the "Turnpike" between this city and Jefferson.

The body arrived here yesterday afternoon and a most impressive funeral service was held at the residence of C. E. Jenkins at 4 o'clock by Rev. C. W. Robinson, pastor of the Presbyterian church here, and Rev. Eugene Olive, pastor of the First Baptist church.

A large crowd was present, including a number of people from Greensboro and other distant communities. Brothers-in-law of the deceased served as active pall bearers and members of the firm of Odell Hardware Company in Greensboro were honorary pallbearers. A large number of the lady friends of the family carried the beautiful floral offering.

Interment was made in the Baptist cemetery here.

NOTES FROM "THE HIBED MAN'S" SCRAP BOOK

By J. B. WILLIAMS

What is the real good? I asked in musing mood. Order, said the law court; Knowledge, said the school; Truth, said 'be wise man; Pleasure, said the fool; Love, said the maiden; Beauty, said the page; Freedom, said the dreamer; Home, said the sage; Fame, said the soldier; Equity, said the seer. Spake my heart full sadly The answer is not here. Then within my bosom Softly this I heard, "Each heart holds the secret, KINDNESS is the word."

The true optimist is not the man who from the side lines smiles on disaster and insists that all's right with the world—it is the man who with cheerful energy puts his shoulder to the wheel when it is bemoaned; and with unconquerable faith rallies the weary and despondent to fresh endeavor.

The colored parson had just concluded a powerful address on "Salvation is Free," and was announcing that a collection would be taken for the benefit of the parson and his family. Up jumped a brother in the back of the church, 'lok a-yeah, pah-son,' he interrupted, 'if salvation am free, what's deuse in payin' for it? I ain't goin' to gib yo' nothin' till I find out. Now—' 'Patience, brudder, patience,' said the parson. 'I'll lucidate. S'pose you was thirsty an' come to a river. Yo' could kneel right down an' drink yo' fill, couldn't yo'? And it would not cost yo' nothin', would it?' 'Oh course not. Dats jest what I—' 'Dat water would be free,' continued the parson, 'but s'posin yo' was to hab dat water piped to yo' house, yo'd have to pay, wouldn't yo'?' 'Yes, suh, but—' 'Waal, brudder, salvation is free, but it's de havin' it piped to yo' dat yo' got to pay fo'. Pass de hat, deacon.'

Sad is the day for any man when he becomes absolutely satisfied with the life he is living, the thoughts that he is thinking and the deeds that he is doing; when there ceases to be forever beating at the doors of his soul a desire to do something larger which he feels and knows he was meant and intended to do.

Embedded in every moment is a golden opportunity. Are you taking advantage of them as you should? Are you doing big things? To do so you must plan and think big things. I would that we could all catch a vision of something so big that it would tax us to our utmost to make it a realization. Let us be up and doing.

Mrs. Nancy Caudill Dies Near Traphill

Elkin, June 20.—Mrs. Nancy Caroline Evans Caudill, 70, wife of Thomas Caudill, of Traphill township, died late yesterday at the home of her daughter, Mrs. Coy Richardson, postmaster at Thurmond, death following a protracted decline in health during which she had submitted to hospital treatment comparatively recently. She had been afflicted with Bright's disease, from which complications beyond the power of medical aid had developed. Her condition became grave during the visit to the daughter at her home at Thurmond, where she had been for two weeks.

The funeral rites were conducted this afternoon from Centre Baptist church, Wilkes county. Interment was in the cemetery there.

Survivors include the husband and one daughter, Mrs. Coy Richardson, of Thurmond.

Vashti To Play Moravian Falls Team On Saturday

Vashti, crack team from Alexander county that has the distinction of beating Taylorsville five to 0, will play Moravian Falls at Moravian Falls Saturday afternoon at 2:30.

An element that must be considered in today's battle for profitable sales: in spite of the return to better times customers still demand real values. The price element cannot be denied in the battle of competition. The new Mark Down Furniture Co. is built on values—distinct new styles of high grade furniture at lowest possible prices—bed room suites, living room suites, dining room suites, breakfast room suits, all live new numbers and sure to meet with your approval. You are cordially invited to visit our store at all times. We are here to serve.—The Mark Down Furniture Co., Corner of B and 10th Streets.

Electric Range Campaign Is On

Annual Event of Southern Public Utilities Co. Started Monday

The electric range campaign, conducted annually by the Southern Public Utilities Company, got under way Monday with advantages to prospective buyers never before offered.

The present electric range campaign is known as the "Four Star" offer, embracing four outstanding and attractive features, namely: Latest model ranges, lower prices, new features, longer terms.

Those who purchase electric ranges during this special drive may have the range of their choice installed free of all cost by paying only \$5.00 down. A liberal allowance is allowed for the old stove, regardless of kind. Thirty months are given for paying balance due and this may be paid monthly with the regular light bill.

The new 1934 Hotpoint electric ranges featured by the S. P. U. Co. are more modern and more attractive. The public is cordially invited to look them over, or request for a demonstration.

Informal Parties For Hot Summer Days

When hot weather comes entertaining takes on a decidedly informal character, and the cleverest hostess, is she who can adapt her parties most easily, and delightfully to the season. Simple, attractive refreshments are the order of the day, and the woman with an electric refrigerator in her kitchen knows just how easy it is to solve the refreshment problem.

For afternoon or evening refreshments nothing could be better during the summer than a delicious frozen salad or dessert, accompanied by crisp fresh refrigerator cookies, and a cooling fruit punch. And such dishes may easily be prepared in the morning, or even the day before, leaving the hostess free from worries, and permitting her to "play lady," even though she has no maid.

The following recipes which are suggested as being particularly appropriate for serving at summer parties, have been developed and tested in the Kelvin Kitchen in Detroit, and are brought to you through the courtesy of Southern Public Utilities Company local refrigeration experts, who will be happy to provide you with other recipes, or with menus for hot weather meals.

Cream Cheese Cookies
1 cup sugar
1 pkg. cream cheese
1 cup butter
1 teaspoon baking powder
3 1-2 cups flour
1 teaspoon lemon juice
Grated rind of 1-2 lemons.
Cream butter, add sugar, lemon juice and rind, and then cream cheese. Mix thoroughly. Add sifted flour and baking powder. Form into a roll, cover with waxed paper and store in Kelvinator until ready to bake. Slice very thin and place on a greased baking sheet and bake in a moderate oven (375 degrees) for 15 to 20 minutes. Makes 4 dozen.

Pineapple Lemonade
1 pint water
1 No. 2 can crushed pineapple
Juice 1 orange
1 cup sugar
1 quart gingerale
Juice 2 lemons.
Boil sugar and water for ten minutes, add pineapple and fruit juices. Strain and cool, store in Kelvinator in covered pitcher. Just before serving add gingerale.

Lemon Ice
2 cups water
1 cup sugar
1-2 cup lemon juice
Boil sugar and water for five minutes, add lemon juice and pour into Kelvinator tray. When mixture freezes to a mushy consistency stir down from the sides and up from the bottom, then finish freezing.

Fruit Rings
1-2 pint whipping cream
4 teaspoons confectioner's sugar
1 teaspoon vanilla
Red raspberries
Whip cream until it will just hold its shape. Fold in sugar and vanilla and pour into individual ring molds, place in Kelvinator tray and freeze. Unmold, pile center with raspberries and serve.

82-DAY KNOCKOUT
Atlanta.—Miss Nell Bullard, 22-year-old victim of an automobile accident, entered her eighty-second day of unconsciousness today. Brain tissues were injured in the accident last March and physicians say there has been no parent change in her since then.

Hundreds Of Tests Made On New Tube

Goodrich Dealer Tells Of Work Before Gold And Black Offered For Sale

Hundreds of tests were made by engineers of The B. F. Goodrich Company in laboratories and on the Company's Silver Fleet of test cars before the new Gold and Black inner tube was released for sale to the public, according to J. C. McNeill, dealer for The B. F. Goodrich Rubber Company, located on "D" Street.

"This new tube, which resists pinching, cutting, tearing, or abrasion when run flat has taken the motoring public by storm," Mr. McNeill says. "Drivers who have had trouble and expense when a tube has been cut to ribbons when run a short distance after a flat tire occurred have welcomed this new Goodrich development."

"One of the tests was to run a tube, one-half of which was composed of the ordinary construction, and the other half of the new Gold and Black combination for a mile in a flat tire. When the tube was removed, the half of ordinary construction was chewed up, the Gold and Black half had resisted destruction."

"Made of specially compounded black and gold rubber, the new tube is made in two sections. The entire tube is first constructed of a tough rubber stock and then a layer of abrasion resisting rubber is placed over the inside periphery of the tube. It is this base strip which not only prevents destruction when run flat for short distances but affords double protection from the common causes of tire failure."

Goodrich tires now carry the 12-months guarantee against all road hazards.

TAKE CARE OF BIRDS AND GET MORE EGGS

The decline in egg production during the hot summer months can be partially or wholly offset if the flock is given the right kind of care.

The main factors to observe are: checking for mites and lice, proper ventilation of laying houses, adequate shade, full feeding, an ample supply of fresh water, and rigid culling.

Mites inhabit the laying house and are usually found on perch poles. They attack birds at night and return to secluded spots in the day. A thorough spraying of the house with carbolineum or a mixture of old cylinder oil and kerosene is recommended by C. F. Parrish, extension poultryman at State college.

Lice stay on the birds all the time. Nicotine sulphate painted on the perch poles will drive lice away from the birds. Or the individual birds may be dusted with sodium fluoride or a similar preparation or dipped in a solution of one ounce of sodium fluoride to one gallon of water. The treatment should be repeated every ten days if necessary.

The houses should be well ventilated, but without drafts. Shade is necessary, since the temperature of the birds influences their productivity. Sunflowers grown around poultry houses or brush aronds provide good shade.

The body weight of birds should be watched closely. Excessive fat or leanness should be avoided by decreasing or increasing amount of fattening feed as necessary. The feeding of a moist mash at noon will stimulate the production of birds which do not lay well while at the proper weight. Two and a half pounds of dry mash mixed with water or milk is enough for 100 birds.

Asks Repeal Of The 21st Amendment

Senator Morris Sheppard (D), of Texas, introduced a resolution to repeal the Twenty-first Amendment to the Constitution, which scrapped national prohibition.

Sheppard, life long dry advocate and "father" of the Eighteenth Amendment, suggested instead a more flexible amendment which would give the government power to regulate the liquor business but make it compulsory.

Only through this system, Sheppard said, can states which desire to remain dry be afforded adequate protection against a deluge of liquor.

Sheppard interrupted debate on the deficiency bill to offer his resolution and made a short speech attacking conditions throughout the nation under repeal.

He quoted from a recent statement by the federal alcohol control administration declaring that the nation is living "in a fool's paradise" and said the situation is "shocking."

Ohio Clubman Wins Trophy Cup To Harold Kay

Harold Kay, manager of the Liberty Theatre here, is in receipt of a small silver trophy from the Painesville, Ohio, Matinee Club, which Mr. Kay organized while he was manager of the Utopia theatre in that city.

The Matinee Club was organized for children and featured the showing of pictures suitable for children. The cup was purchased by the club in its semi-annual picnic on June 1 and bears this inscription, "Painesville Matinee Club 1934."

The committee sponsoring the club, composed of a lady from each of the six leading civic organizations in Painesville, mailed the cup to Mr. Kay along with the following explanation: "This little cup was purchased with nickles and dimes given by the kiddies of the matinee club. It is sent with the good wishes of all the children, and the committee, in appreciation of all that you did for them."

Virginia Harris Honor Student For College Year

Miss Virginia Harris, daughter of Mr. and Mrs. L. A. Harris, of this city, was one of the few members of the freshman class of Greensboro College making the honor roll for both semesters of the past year, according to reports from the registrar of the college.

Miss Harris' grades averaged above 90.

Card Of Thanks

We wish to take this means of publicly thanking all our neighbors and friends for their kindness and help and sympathy during the double baptism of sorrow that has lately come upon us in the sickness and death of our dear father and grandfather, and of our beloved wife and mother.

JAMES LARKIN PEARSON AND AGNES PEARSON.
