FRIENDS OF JOHNSON SAY HE IS 'THROUGH'

New York, Sept. 22.—The New York Herald Tribune in a special dispatch from Washington tonight asserted that friends of Gen. Hugh S. Johnson said he was "through" as national recovery administrator.

General Johnson, the story said, returned to Washington Friday night after an absence of several weeks but did not go near the NRA then or today.

"The White House" records showed that since the general left the capital, President Roosevelt for the first time has been dealing directly with his subordinates in the NRA," the story continues.

"President Roosevelt, in a conference with General Johnson at Hyde Park on September 10, left him in no doubt that his re-organization plans for the NRA did not contemplate the general's continuance as administrator.

"Whatever the technical situation at the close of that conference, General Johnson's colleagues in the NRA were given to understand that he was, to all intents and purposes, out."

Many Farm Improvements Are Possible With Loans

Timely repairs and improvements are essential to the modern farm. They enhance its efficiency, improve its appearance and increase its market value.

There are many improvements that can be made this winter when other farm work is not pressing, and which may be paid for, if cash is lacking, with the aid of the new seasonal payment loan system created by the Federal Housing Administration. If farm property is checked now many dollars in costly repairs may be saved later on. Here is a list of suggestions:

All Farm Buildings: Repair. Provide new floors of concrete or other durable and sanitary materials. Provide new stalls or rearrange for convenience and livestock health. Build masonry foundations or repair old ones. Cut additional windows. Replace or patch roofs and siding. Enlarge over crowded buildings. Provide efficient corn crib, potato house and other storage buildings.

Repair or rebuild silos and silage carts. Replace inadequate doors. Insulate stock buildings and install ventilating systems. Build ice house, smoke house, summer kitchen. Pave barn approaches and ramps. Provide complete granary system. Provide modern housing for poultry, hogs, sheep, etc. Erect orchard sheds. Replace or repair hay sheds and buildings and roadside markets.

Land: Construct durable fences. Make watertight tanks and troughs. Build manure pits. Pave feed lot floor. Build sales pavilions and county or local fair buildings. Provide adequate pens. Build new beehives. Build sheep shearing pens. Construct new curbs and platforms of masonry for pumps and springs. Build windmill, or repair with new platform, etc. Lay dry, serviceable walks or masonry or wood.

Replace old septic tank for health's sake. Build pasture shelter. Build necessary bridges, culverts, dams and spillways. Provide irrigation canals and gates. Replace fruit and vegetable wash racks. Replace grapevine posts and build grape arbors.

Equipment: Repair old or build new milk houses and cooling tanks. Install butter-making plant. Erect milk loading platform. Install calf mangers and stanchions. Modernize all present equipment. Build sufficient sheds or repair existing ones. Provide an electricity plant and running water equipment if lacking.

Commercial Equipment: Build roadside markets for direct sale of fruits and vegetables, dairy and poultry products. Build tourist cabins. Repair and paint existing tourist cabins. Build camp showers and modernize toilets. Provide camp tables and shades.

Escape Attempt Ends In Death Of Makley

Columbus, O., Sept. 22.—Bullets cracking from riot guns of prison guards killed one John Dillinger gangster and wounded another today when they used weapons fashioned from soap in an attempt to break from Ohio penitentiary's death row.

The effort to repeat Dillinger's "wooden gun" getaway brought death to Charles Makley, and minor wounds to Harry Pierpont. A guard's hand was grazed by a bullet.

Elaborate precautions taken by Warden Preston E. Thomas and his guards ever since Pierpont and Makley were brought here to await execution foiled the effort to the pair to bluff their way out.

Where Dillinger's "wooden gun" cowed guards at the Crown Point, Ind., jail and enabled him to walk to freedom, the alert Ohio guards answered the threat of the fake soap weapons with lead.

STATE RECEIVES MANY WORTHLESS CHECKS

ERA Work Relief Projects To End In Rural Sections

Raleigh, Sept. 20.—Due to the seasonal increase in farm employment in the harvesting and marketing of cotton, tobacco and other crops, work projects under emergency relief administration in rural sections of North Carolina will be discontinued immediately, Mrs. Thomas O'Berry, administrator, announced tonight.

Mrs. O'Berry said that all farm workers in the state classified as "employables" will be removed from the relief rolls not later than September 26.

"During the height of the harvesting season," Mrs. O'Berry said, "when the need for additional farm workers is so urgent, the need for work projects and direct relief to care for unemployed people is reduced to the minimum.

"With few exceptions, we are suspending all work projects in the rural areas and removing farm laborers from relief rolls in order that farmers and others offering private employment may be assured adequate help during the harvesting season."

Work projects to be expected are those dealing with the handling of the 100,000 cattle brought into the State from the drought-stricken areas of the Mid-West and the canning projects.

Mrs. O'Berry said the discontinuance of work projects and the removal of employable people from the relief rolls is in line with the Administration's general policy of rehabilitation.

GREENSBORO FAIR BEGINNING TODAY

Greensboro, Sept. 21.—Two requisites to a "bigger and better" Greensboro Fair appeared and a third—attendance—is dependent only upon the weather, T. B. Smith, new manager of the event, declared today following a survey of exhibit, entertainment and gate receipt prospects for the exposition which opens today for a run of five days and six nights.

From all parts of Guilford and surrounding counties a deluge of entries has flooded Smith's office since premium lists announcing nearly \$10,000 in purses and prizes were distributed several weeks ago. Department heads of several branches of competition, notably the poultry, swine, cattle and homemaking divisions, have reported a record response to the call for exhibits.

Three afternoons of harness horse racing with many of America's fleetest trotters and pacers competing on Tuesday, Wednesday and Thursday, A.A.A. championship auto races on Friday and an assorted thrill card to be provided by B. Ward Beam's Congress of Daredevils on Saturday comprise the matinee features of the fair. An elaborate horse show will be an added attraction Wednesday.

Night entertainment will center around Ervel Power's "Century of Progress" musical extravaganza, a colorful revue to be staged nightly in front of the grandstand. The production will be augmented by 12 stellar circus and hippodrome headliners and will be climaxed each evening by a spectacular display of fireworks.

On the Midway the Cetlin & Wilson Shows, one of the country's outstanding aggregations of carnival rides and shows, will hold forth with 35 major amusement devices and attractions.

And whereas, the County Board of Elections met in the city hall on September 19, 1934, at the hour of 10 a. m., after giving notice in the local newspapers that this meeting would be held for the purpose of notifying all interested parties that the board would divide and make additional precincts in North Wilkesboro, Mulberry and Wilkesboro Townships, at which time various parties were present and discussed the division of these townships, and whereas, the Board of Elections of Wilkes county met at the city hall in the town of North Wilkesboro on September 20th, 1934, and upon motion duly made and carried, ordered the following townships to be divided into precincts as follows:

ASHE AND ALLERHANY COUNTY LINE

All on the north side of the line to be Mulberry Precinct No. 1; all on the south side of the line to be Mulberry Precinct No. 2.

It is further ordered that the polling place for North Wilkesboro Precinct No. 1 shall be in, at or near the building known as the Call Hotel Building on B Street; that the polling place in North Wilkesboro Precinct No. 2 shall be in, at or near the building known as Blair's Store on B Street.

That the polling place for Wilkesboro Precinct No. 1 shall be in, at or near the county courthouse building; that the polling place for Wilkesboro Precinct No. 2 shall be in, at or near the school building known as the Straw Schoolhouse near Straw postoffice.
