REPUBLICANS LOSING BACKING OF NEGROES

Raleigh, Oct. 8.—Republicans everywhere in the country are reporting that the negroes are Democrats and are giving the regular organization a lot of trouble.

The circumstances seems to guarantee that at least in North Carolina there will be no race issue in politics, but if it is raised it will be this time by the Republicans. Noting that several months ago a prominent Raleigh Democratic negro, who has an even more prominent New York Republican brother, had been elected on the local Democratic executive committee, the state Republicans are ready to sail in to the Democrats if the color line is drawn any more.

Three tons of cured hay to the acre have been cut from the lepedeza fields of Chatham county.
