

### Olive Excels In Spelling Match

#### Kiwanians Have Unique Form of Entertainment In Last Meeting

With Webster's old Blue Back as the text and T. E. Story master of ceremonies, Kiwanians had an old time spelling match for their meeting last Friday noon. The program was in charge of F. E. Altman, who presented Rev. Eugene Olive to lead in singing a number of songs reminiscent of Armistice Day. Following the singing Prof. Story was designated to get the spelling match started off with Pat Williams and Joe McCoy as captains.

Before the long words from the text book of years ago the Kiwanians went down rapidly until Rev. Eugene Olive was the last one standing by virtue of having

spelled "compressibility." The program was quite entertaining. Mr. Altman was accompanied by a guest, A. L. Griffing, new manager of the local J. C. Penney Company store. H. M. Scott was a guest of J. B. McCoy. A letter from the Lions Club was read in regard to the plan for the two organizations to cooperate in getting a Chamber of Commerce with a full-time secretary. After some discussion the matter was referred to the public affairs committee, composed of J. R. Finley, S. V. Tomlinson and J. R. Hix, for study and recommendation.

### PEACE AUTHORITIES WAGING OWN "WAR"

Wilson, Nov. 12.—Two local law officers, one a police commissioner and the other a former detective on the Wilson police force, are playing a game all their own in the local courts.

Two months ago Charles H. Killett, the police commissioner, allowed Detective Lloyd Luis to resign after he had been dismissed for a minor dereliction. Last week, Lucas, now a deputy sheriff, arrested Killett for being "drunk on the streets," the commissioner pleading guilty and being fined.

Wednesday night, Killett stood by while Lucas was arrested for driving without lights. Lucas put up an argument but was held for trial.

It is now Lucas' time to get something more on Killett.

Ooch!

"I don't think my wife understands me. Does yours?"

"I don't think so. I've never even heard her mention your name."

### "HANES UNDERWEAR is my anti-freeze"

OLD MAN SHIVER, he don't do nothing, if you just keep buttoned in HANES! Get hold of a Heavyweight Champion, and smooth your hand around inside... let the thick, rich pile curl under your fingers, and imagine HANES hugging your body. ### Resident Reddies River Township Died November 9

#### Funeral Service for T. V. Church Held At Pleasant Grove Saturday Afternoon

T. V. Church, 74-year-old resident of Reddies River township, died on November ninth at 3:30 a. m. Funeral and burial services were held at Pleasant Grove church on Saturday afternoon with Rev. J. E. Hayes in charge. Surviving are the following children: Mrs. Gertie Faw, Millers Creek; W. T. Church, Wilkesboro; Mrs. Charles Milam, North Wilkesboro; Mrs. Letta Griffin, Adley; F. J. Church, Wilkesboro route 1. Also surviving are the following brothers and sisters: Millard Church, Wilkesboro route 1; Zeno Church, Pores Knob; Emmanuel Church, North Wilkesboro; and Mrs. M. S. Davis, Wilkesboro route 1.

### SECRET MARRIAGE ENDS IN TRAGEDY

Medora, Ind., Nov. 13.—A high school girl's romance and secret marriage culminated in a double tragedy here today when Muriel Hunsucker, 25, shot and killed Dorothy Weber, 16-year-old senior class honor student, and then committed suicide.

The couple were secretly married in Louisville more than a year ago. When this became known here in October the girl refused to live with her husband. The murder and suicide took place in front of the Christian church as the young woman was returning to school after having been home for lunch.

Hunsucker had borrowed an automobile from a friend and, driving along the edge of the sidewalk, called to the girl who stopped to learn what he wanted.

Startled classmates said the couple talked only a few minutes. A pupil who passed said he heard the girl say:

"I don't care if you do."

A moment later Hunsucker drew a revolver and shot the girl through the head. As her body crumpled to the sidewalk, Hunsucker fired a bullet into his right temple. Both died almost instantly.

### LIBERTY LEAGUE NOT FIGHTING ROOSEVELT, SAYS AUXILIARY HEAD

Washington, Nov. 12.—Making ready for ceaseless campaigning before Congress and in "back home" politics, the American Liberty League insisted anew tonight it "certainly is not anti-Roosevelt."

"Certainly also," declared Mrs. Charles H. Sabin, of New York. "It is not anti-new deal, if by that is meant opposition to everything that has been done since the Roosevelt administration took office."

Specific new deal enactments to which exception likely will be taken were not named. Clearly, however, the league won't hesitate to bombard aspects of the emergency recovery program it considers in conflict with its conception of the constitution. New deal relief policies will come in for examination.

### MAN WHO ATTACKED DOUGHTON CONVICTED

Albemarle, Nov. 12.—In county court here today, J. S. Blalock, prominent farmer and member of the Republican party, was sentenced to 30 days on the county roads following conviction upon a charge of assaulting Representative R. L. Doughton here on the morning of October 4. Blalock was fixed at \$200.

Mr. Doughton was the only state witness. He told in detail of how Blalock came up behind him as he was walking down the street and following some abusive language relative to the cotton bill struck Doughton several times in the face.

The veteran representative stated that he struck Blalock several times and after Blalock had walked away invited him to come back and finish the argument.

Considerate  
Boss (pointing to cigaret stub on the floor): "Jake, is that yours?"  
Jake: "Not at all sir—you saw it first."

### NEW LOANS BARRED BY HOLC AS MONEY ON HAND DWINDLES

Washington, Nov. 13.—One of the government's foremost money lending agencies closed its doors today against new loan applications, reporting the time was near when private business once more could take over its functions.

The Home Owners' Loan corporation, with more than a million unanswered applications on file, announced that the \$1,200,000,000 remaining in its coffers would fill about 400,000 of these requests and that it would take no more. Originally the corporation had around \$3,000,000,000 with which to aid beleaguered home owners in meeting mortgages.

No Additional Funds  
From the White House coincidentally came authoritative indications that no additional funds would be asked from Congress. Thus the HOLC would end its lending life about next March.

### News Of Dellaplane And Roaring River

ROARING RIVER, Route 2.—Rev. N. T. Jarvis preached at Cranberry church in his home community Sunday morning from Luke XI; 21. Mr. Jarvis is a member of Cranberry church, but has usually been away on the second Sunday holding services at Union church, near Cycle, from which he recently resigned, after a pastorate of 27 years. There was a fairly large crowd at church, despite the cold wind.

A birthday dinner was given Sunday by relatives and friends for Mr. James L. Mastin. The several guests present reported a good dinner and an exceedingly nice time. Misses Hattie Colbert and Ina Walker, of Ronda, were among those from some distance attending the event, which Mrs. John Ford and family, Mr. and Mrs. Gwyn Ford, Mr. and Mrs. Wilson Pardue and small daughter, Mrs. Laura Martin Linney and others were among those from nearer home who gathered to enjoy the picnic and to wish Mr. Mastin many happy returns of the day.

Mr. L. M. Jarvis has been suffering with his leg, and the doctors ordered him not to walk on it much.

Mrs. N. T. Jarvis was not as well as usual Sunday and was unable to be out.

Miss Eula Jarvis went Saturday to Winston-Salem, where she expected to work in a beauty parlor.

Mrs. Annie May Greene, who is taking a course at the Hinshaw School of Beauty Culture, spent last week-end with her mother, Mrs. Lula Mathis, of the Plum Ridge neighborhood, and both attended services at Cranberry.

Mrs. W. J. Kinyoun has just been spending two weeks in Winston-Salem with her children, Mrs. Tom Grubb and Mr. Grubb, Mr. and Mrs. Hugh Kinyoun, and Mr. and Mrs. Billy Kinyoun.

Revs. W. G. Mitchell and N. T. Jarvis were the dinner guests last Sunday of Mr. and Mrs. Noah Jarvis Jr. In the afternoon Mr. Mitchell attended a service at Union Grove and Mr. Jarvis attended one at Liberty Grove.

Rev. J. B. Ray, the superintendent, urges that more people come out to Sunday school at Cranberry. The Bible class will study the book of Jude next Sunday, and then for 22 Sundays will study Revelations.

It is planned to have Rev. N. T. Jarvis teach a singing school at Cranberry in the near future. Mr. Jarvis, veteran minister, has been noted as a singer and "teacher of psalmody" since his boyhood in the eighties and nineties.

### Richard Pennell, Farmer, Killed When Car Overturns

Taylorsville, Nov. 12.—Richard Pennell, 21, farmer of Alexander county, was killed Sunday night when the car he was driving overturned on a mountain road. Robert Pennell, J. C. Chapman, other occupants of the car, sustained slight injuries.

Surviving him are his mother, stepfather, Arthur Pennell, and several brothers and sisters.

### E. V. Williams Sells Machinery To Company Here

#### Made Purchase Of Load Of Machinery From New York At Big Saving

E. V. Williams, widely known machinist and proprietor of the Williams Machine Shop, recently delivered to the Meadows Mill Company a truck load of machine shop equipment which he purchased in New York City at a great saving.

The Meadows Mill Company here is a leading manufacturer of grist mills, hammer mills and sawmills and the best of machinery is required in this line of industry.

Mr. Williams was placed under contract by the firm to supply the machinery and is reported to have made an excellent bargain on several thousands of dollars worth of machinery at less than half price, at the same time making a substantial profit on his dealings.

During the past few months Mr. Williams has furnished valuable machinery to a number of firms in this part of the state. Being in close touch with the machinery business and watching the markets closely, he has been able to supply the wanted machinery and steel works at the lowest possible figures.

### AAA PLANS TO ASK CONTINUED CUT IN U. S. CORN ACREAGE

Washington, Nov. 9.—Despite a Department of Agriculture report listing this year's corn crop as the lowest since 1881, AAA officials planned tonight to seek an acreage reduction next year 10 per cent less than the annual average during the "base" period, 1932-33.

The officials argued that if all of 105,500,000 acres planted to corn during these "base" years were returned to work, a crop of upwards of 2,700,000,000 bushels, enough to drive prices down to a dime a bushel, would be harvested.

One of the smallest crops  
This year's indicated corn crop of only 1,371,527,000 bushels is only the fifth on record below 2,000,000,000 bushels.

The 1935 acreage goal now mentioned by the AAA approximates 95,500,000 acres or only slightly more than this year's plantings. Contracts to be offered corn-hog raisers next month probably will specify a minimum reduction of 10 per cent below "base," it was learned. Considerable freedom in reductions above this figure may be permitted, however.

America's 1934 field crops will be the lowest in 30 years, the crop report showed.

Corn was the most severely hit of all field crops by the sensational drought which burned the Midwest for weeks without relief.

### Good Business

If I possessed a shop or store I'd drive the grouches off the floor;

I'd never let some gloomy guy offend the folks who come to buy;

I'd never keep a boy or clerk With mental toothache at his work;

Nor let a man who draws my pay Drive customers of mine away.

I'd treat the man who takes my time And spends a nickel or a dime, With courtesy and make him feel That I was pleased to close the deal.

B-cause tomorrow (who can tell?) He may want stuff I have to sell, And in that case then glad he'll be.

To spend his dollars all with me.

The reason people pass one door To patronize another store, Is not because the busier place Has better silks or gloves or lace Or cheaper prices, but it lies In pleasant words and smiling eyes.

The only difference, I believe, Is in the treatment folks receive.

—EDGAR GUEST.

Mother: "Louise, your hair is all mussed up. Did that young man kiss you against your will?"  
Louise: "He thinks he did, mother."

It Pays To Advertise  
I was taking tea with a great editor last Sunday afternoon when his little daughter came back from Sunday school with an illustrated text card in her hand. "What's that you have there, little one?" the editor asked. "Oh," said the little girl, "just an ad about Heaven."

### How Can You JUDGE a Roof?

Roofs look alike, but they don't wear alike. The best way to judge roofing value is by the record of the merchant who sells it and the name of the manufacturer who makes it.

We sell Carey Roofings and Shingles—products bearing a name which has signified quality for over 60 years. And our prices on these extra quality roofs are as low as ordinary roofs cost elsewhere.

Wilkesboro Mfg. Co.

ROOFINGS & SHINGLES  
STANDARD FOR OVER 60 YEARS

### FORD OWNERS

For the Best Winter Service, Prepare Your Cooling and Electrical Systems Now For Freezing Weather.

Cold weather places a severe strain on your car. While your Ford car ordinarily requires very little in the way of service, as a matter of reasonable care we recommend that at this time you allow us to make sure your cooling system and your electrical system are properly prepared for Winter driving.

### THE COOLING SYSTEM

Before you put anti-freeze in your radiator, it is important that you make sure all water passages are open and clean so as to insure free circulation. Cleaning may show up microscopic holes which, if left unrepaired, might allow your anti-freeze to leak away.

All hose connections should be tightened. The fan belt, which also operates the water pump, should be adjusted. The water pump should be examined to make sure if new packing is needed.

### THE ELECTRICAL SYSTEM

Sure, quick starting depends upon the battery having enough power to turn the engine and upon the right amount of spark being made in the firing chamber at exactly the right instant. Our "winter tune-up" job consists of making a complete inspection of the entire electrical system. All needed adjustments are made with accurate gauges. This work is important but not expensive.

### CHANGE NOW TO WINTER LUBRICANTS

For easy starting and proper lubrication of the moving parts of the engine, you need cylinder oil light enough to flow in cold weather.

In the transmission and rear end, a light grease makes gear shifting easier and gives better protection against wear—in fact, cold, stiff grease gives almost no lubrication.

We advise all Ford owners to change now to winter grade lubricants.

Your Ford car is one of the most perfect machines ever made. Your Ford Dealer can help you get the best of service out of it.
