WICKEY REIONEY **ENACTS "YOUNG** TOM EDISON"

Giving Mickey Rooney his first portrayal of a real life character, a role in which the boy star has an opportunity to prove that he is a genuine actor, "Young Tom Edison" opens at the Liberty Theatre next Thursday and Friday for an engagement of two days.

Not only does this picture present Rooney with his first biographical role but it is the first such role ever given a juvenile player, despite the fact that many adults have played real-life characters repeatedly.

"Young Tom Edison" also marks the second teaming of Mickey with Virginia Weidler, who scored as his nemesis in "Out West with the Hardys." She plays his sister in the present picture, a role which Hollywood believes will definitely make her a star. In the two other stellar roles of the picture, Fay Bainter plays Mrs. Edison and George Bancroft, Mr. Edison. Others in the cast are Eugene Pallette, Victor Kilian, Bobbie Jordan, J. M. Kerrigan, Lloyd Corrigan, John Kellog, Clem Bevans, Elly Malyon and Harry Shannon.

The picture also renews a stardirector-producer combination of outstanding interest. Director Norman Taurog and Producer John W. Considine, Jr., were together in those capacities on the sensational "Boys Town," in which Mickey was a co-star.

The story is an intense humaninterest one, complete in itself although it covers only the boybood of Thomas A. Edison. Replete story of the triumph of a typical American boy who had to show his home folks that he was not the numbskull they believed him
