

400,000 Vote Is The Prediction

Governor Hoey Cites Three Factors That Will Reduce Number At Polls

Raleigh, March 28.—Governor Hoey predicted today that only about 400,000 votes would be cast in the Democratic first primary May 25. Four years ago, when Hoey was a candidate for Governor, 516,864 ballots were cast in the Democratic first primary. The Governor said he believed the vote would be cut because of these three factors: 1. New registrations have been ordered in many counties, and some persons will forget to register. 2. Absentee voting will be prohibited under a 1939 law. 3. There are no races for sheriffs, coroners and certain other county officials, whose terms have been extended to four years.

"Mrs. Caesar." Be sure to begin this dramatic new serial of love and passion by Wallace Irwin, famous author, in the American Weekly Magazine with next Sunday's Washington Times-Herald, now on sale.

ADMINISTRATOR'S NOTICE

UNCLE NATCHEL SAYS: SONNY, DAT SQUIRREL SHO' LAKS NATCHEL FOOD—NATCHEL, YAS SUH!

NATURAL food means natural nourishment, natural growth, natural health. That's why natural plant food is so important for every crop you grow. Chilean Nitrate of Soda is the only natural nitrate in the world. Its quick-acting nitrogen, combined with its natural balance of protective elements, nourishes your growing crops and helps to keep your land in good producing condition. Always use plenty of Natural Chilean Nitrate of Soda—in mixed fertilizer under your crop; for side dressing, too. No price increase all this season and there is plenty for everybody's needs.

Allies Pledge United Action At End Of War

Vow Unity In Making Peace And In Reconstruction After The War

London, March 28.—Great Britain and France joined their mighty empires today in permanent partnership for war, peace, and the building of a new Europe and bent the full force of the entente's diplomatic skill against the enemy behind the Rhine. After six hours of deliberation in the sixth meeting of the Allied war council at Number 10, Downing street, the leadership of the Allied nations agreed to a solemn declaration of three vital points. They were:

1. The Allies will maintain after the war a "community of action in all spheres" and attempt "reconstruction with the assistance of other nations of an international order" which will ensure liberty, respect for law, and peace in Europe.

2. Britain and France will "neither negotiate nor conclude an armistice or a treaty of peace" except by mutual consent.

3. There will be no peace talk before the Allies have agreed completely on the conditions necessary to ensure for each an "effective and lasting" guarantee of security.

State College Answers Timely Farm Question

Question: When should beef cattle be bred?

Answer: It is advisable to allow the bull to run with the cow herd in May, June, and July, and the calves will all arrive in February, March and April the following year. There are several advantages for having the calves come at this time of the year. Dry cows can be much more easily and cheaply wintered than cows nursing calves. Winter and early spring calves usually grow off faster and make better animals than calves dropped in the summer and fall. Calves dropped close together in the spring of the year can all be weaned at the same time. Their uniform ages makes it possible to pasture, house, and feed them together.

New Jersey Clergyman Dies In Chair For Murder Of 18-Year-Old Daughter

Trenton, N. J.—The Rev. Walter Dworecki, 43, Polish Baptist clergyman, died last night in New Jersey's electric chair for plotting the murder of his 18-year-old daughter, Wanda, for her insurance.

Mumbling "Holy Father, save my soul" and "I give unto His name my soul," Dworecki walked to the chair unassisted. He grimaced several times as electrodes were attached and mumbled prayers.

He entered the death chamber at 8:06 p. m. (e.s.t.) and was pronounced dead at 8:12 p. m., by Dr. Howard Wiesler, prison physician.

Prison authorities said he showed no sign of "breaking" as he ordered his last dinner of roast chicken, potatoes, peas, lettuce salad, coffee and ice cream and a cigar.

His last visitor was the Rev. C. W. Dannenhauer, a fellow clergyman from Camden where Dworecki was pastor of a Polish Baptist church.

Dworecki's children, Mildred, 14, and Alfred, 17, visited him yesterday. He also leaves his 66-year-old mother, Mrs. Nellie Crinice.

Dworecki was convicted last October 5 of hiring Peter Shewchuk, 21-year-old circus roustabout and former boarder in the Dworecki home, to kill the girl.

Her body was found early on the morning of August 8, 1939, in a rain-soaked patch of weeds. The night before, Dworecki held religious services at the home of a sick woman in Philadelphia. Shewchuk testified that Dworecki told him:

"Choke her. Hit her with a rock. Twist her neck and make sure she's gone."

Dworecki tearfully denied the accusations from the witness stand. Saying statements attributed to him by the prosecutor were wrung from him by police beatings and threats to throw him to "a lynch mob."

Former Soviet Spy To Serve In Prison

New York.—Nicholas Dozenberg, who for 11 years traveled the world as a spy for the Red army of Soviet Russia, was sentenced yesterday to a prison term of a year and a day for misusing the American passports which protected him in that perilous pursuit.

A slight, greying man of 58—as commonplace in appearance as any tired and aging bookkeeper—he stood before the federal bench to hear the judgment of the court.

Then, glancing occasionally at a sheet of paper, he addressed the courtroom, including a silent group of his former comrades in the Communist movement:

"I had ideals and convictions, and have lived for them. I have but two aims in life now, however short or long it may be. They are, first, to watch my precious baby daughter grow into womanhood and to contribute my share to it, if given the opportunity. I love my baby and her

British Seize More Mail Off US Plane

New York.—Pan-American Airways said yesterday that some mail was taken by British authorities from the west-bound Atlantic Clipper when it made an unscheduled landing at Bermuda this morning to refuel.

Private informants said the mail seized amounted to 1,600 pounds—more than half of the clipper's total consignment.

Returning passengers said on their arrival here late in the day that their luggage was unopened. They added that the plane's captain made a formal protest in submitting to the seizure.

Pan-American said no force was employed.

It was the first mail-carrying clipper to land in Bermuda since Pan-American omitted that island as a port of call on March 15. This omission followed by a few days disclosure that a consignment of U. S. mail was seized by British marines on January 18.

WATERMELONS

Suspension of the Federal marketing agreements for watermelons for one year, from April 1, has been announced by the Division of Marketing and Marketing Agreements of the U. S. Department of Agriculture.

mother.

"Second, to take my place in our American society as a patriotic, loyal and law-abiding citizen. I have come to the profound realization, due to the experiences, trials and tribulations I have suffered, that the ideals of American democracy are beyond compare."

TRUCK GROWERS

H. G. Dozier was elected a member of a committee to represent Albemarle truck growers at a conference in Washington to revise AAA regulations, announced L. A. Powell, Extension farm agent in Currituck county.

LATE CROP

L. T. Weeks, Extension tobacco specialist of State College, predicts that tobacco will be later this year than has been the case in the past several years.
