Red Cross and War

We didn't have anything to do with the making of a war in Europe. Neither did millions of civilians who are feeling the horrors of conflict.

But the facts remains that the war of invasion by German of Belgium, Holland and parts of France has rendered thousands homeless and suffering is acute among civilians as well as soldiers.

America has always opened big ear heart to help suffering humanity on all parts of the globe and the dire occasion which has arisen in Europe will be no exception.

As a nation blessed with plenty of almost everything, we would be ungrateful if we did not help the innocent sufferers. We would not be worthy custodians of a great country and its bountiful supplies.

The American Red Cross, which is always ready in times of need, is asking for a fund of \$10,000,000 to help alleviate war suffering. As usual, it is expected that Wilkes county people will rally to the call, not because they might need help sometime in the future but because they feel that they should help suffering humanity regardless of where they may be.

Physical Preparedness

Dr. Carl V. Reynolds, State Health Officer, has issued an appeal to the people of North Carolina to begin at once a program of physical preparedness. He said:

"A desperado and his gang are loose in the world. They are running amuck, destroying civilization, leaving in their wake death and destruction among innocent, God-fearing nations and individuals.

"Our President has called for a program of preparedness designed to give us protection against this sinister farce, involving a billion and a half dollars, which amount will be increased as necessity demands. This will give us mechanized units, airplanes, submarines and other material with which to defend ourselves if this should become necessary.

"These mechanized units, however, will avail us nothing unless we enter into a definite program of physical preparedness. Let us not repeat the mistakes of 1917, when our manpower was 33 1-3 per cent unfit for active military duty. It is of paramount importance that the individual becomes physically fit before he offers himself for the service of his country. It is only through physical fitness that he will have the mental alertness, the healthy eye and the physical endurance to make the quick decisions necessary for the successful prosecution of a war and then prosecute these decisions. If we must fight to preserve our heritage, let us man our machines of war with men whose eyes are clear, whose hands are steady and whose nerves are of iron.

"We can begin this program of physical preparedness no earlier than now. Tomorrow it may be too late. As State Health Officer, I earnestly call upon our people to take advantage of every means that science, through a benign Providence, has placed at our disposal to make us physically fit. Let the work of immunization against preventable diseases begin now. Let our people take stock of themselves and make the unwavering decision for physical preparedness.

"North Carolina was first at Bethel. Let us be first in physical preparedness. We gave the world the airplane, war's most modern and effective weapon. Let us also pioneer in giving our nation the best there is in manpower.

"God spare us from the desperado—deliver us from war. But in war or peace, God give us men!"

I HAVE NO SONS

By Claudia Bland
(Reprinted from May Good Housekeeping)

I have no sons
With strong young limbs
To stand straight and tall
and face the guns
At warlords' whims—
And rot upon the spot they fall.

I have no sons to lay
At the feet of the lords of war,
Yet I might have had—
If on a day
These twenty years ago or more,
They crushed beneath the torch he bore

But if 5,000,000 men and the world's greatest navy can't hold Hitler, what can—
—Winston-Salem Journal.

Don't double-cross the Red Cross. Help war sufferers by contributing funds through the local chapter—Winston-Salem Journal.

Sherman's definition of war was not an exaggeration.

OID WILES WRITES

To The Republicans of Wilkes: Many months ago I made up my mind not to be a candidate for the nomination of Register of Deeds of Wilkes county. In reaching this conclusion I gave careful consideration to the interests of the Republican party of Wilkes county, and I concluded that it was best for me not to run again. I also took into consideration my own interests and I felt that I had spent as much time in the courthouse as I should spend in serving in my present capacity. I have felt for many years that it is best for the success of our party in the county to rotate candidates for public office. I did not at any time want the people of Wilkes county to think I was the only man in the county that could serve the people as Register of Deeds.

Many of my friends insisted on my running again and the encouragement I received lead me to believe that I could have been re-nominated without serious opposition. Since I have been holding a public office in Wilkes county I have served the people of Wilkes county in every way I could. I have tried to be accommodating to all people regardless of politics and I have tried in every way possible to be worthy of the trust that the people put in me, when I assumed the responsibility of every office I have held. I want to thank the people of Wilkes county for the loyal support they have given me in upholding my hands in the discharge of my official duties. I am glad I can leave my present position with a feeling that I have discharged my duties efficiently, and if I have any enemies because of my official acts I do not know it. It shall be my purpose in the future, as in the past, to stand for policies that I think will insure to the best interests for the people of Wilkes county. I have been a Republican all of my life and have served my party as a private citizen and public official. I am now fully convinced that the best interests of the people of Wilkes county will be served in a more efficient way when controlled by the Republicans of the county. Therefore, as a private citizen it will be my purpose to show my appreciation for the many favors extended me by the leaders of my party by supporting each and every candidate nominated in our primary. I will exert every effort possible for the success of the ticket in the coming election.

I want to thank one and all for the support you have given me and the honors you have conferred on me. May it never be said of me that I have "sulked in the tent" or that my acts have shown that I am an ingrate.

OID WILES.
