### MOUNTAIN LIONS COUNTY CHAMPIONS

(Continued from page one)

ball on the 25 and Hunt went to work in earnest. He carried the ball four times through Wilkesboro's line and the drive ended on pay dirt. Pass for extra point was no good.

It was a happy North Wilkesboro team with the one touch-down which looked awfully big but Wilkesboro almost took the game out of the fire with a spectacular pass play.

Linney faded back and shot a long pass to Blevins, right end, who was ahead of the pack, and North Wilkesboro fans groaned and he took the pass high in the air on his fingertips and started for the goal.

But Hunt meant to protect North Wilkesboro's hard earned lead and he came from nowhere to haul Blevins down about the eight yard line.

Linney ran wide to right and lost a yard. Linney made three over his own right tackle and Dennis picked up another. Moseley, Wilkesboro's big fullback, ran the last and final play of the game when he went wide to the left and was tackled so close to the goal line that his knee hit the dirt 18 inches short of what might have been a tie or a victory for the green jerseyed Ramblers from the south side of the Yadkin.

Hunt was unquestionably the outstanding star of the game, but others played well in the annual classic. Wayne Gentry did a good job at fullback and made some valuable yardage as well as doing excellent blocking for Hunt. Day shined when he intercepted a Wilkesboro pass and ended a scoring threat. "Goop" Estes played fiercely at center on defense.

For Wilkesboro Linney, triple threat quarterback, was bottled up most of the time by North Wilkesboro's defense laid to stop his runs. Dennis made some good gains for Wilkesboro and all the players did a good job as a coordinated unit. North Wilkesboro held a margin of five in first downs and excelled in yards gained rushing but was never able to complete a pass. It was not until Hunt went to work on repeated driving runs that a serious threat to score was made.

Red Watkins, head football coach at Appalachian, was referee. Reitzle, former Little All America center, was umpire. Grier was head linesman and Savage was time keeper.

Coach Watkins said the game was unusually clean. The only penalties called were for offside. There was not a 15-yard penalty during the game. He commented on the "photo finish", saying he wished his team could have one with so much excitement.

Both teams went up to the final battle Friday with records which would not be called impressive. Each had won one game and Taylorsville had been the victim of both.

Following the game parents of the cheer leaders gave a dance at the American Legion and Auxiliary clubhouse for the players, cheer leaders, band members and their friends.

### Floyd Spikes Rumor Of Food-Grabbing

Currently making its rounds in certain communities is a story that "the Government is going to take a part of all the foods people have canned or stored for winter use."

E. Y. Floyd, State AAA executive assistant, has labeled this rumor as "preposterous", saying that evidently "some people are attempting to misconstrue the aims of the farm defense program."

In one Virginia county it was reported that an individual has actually appeared at farm homes with a truck and represented himself as a collector of food for the government, even taking food from some unsuspecting farm families.

"It would appear," Floyd said, "that a few individuals are trying to take advantage of the farm defense program for their own gain by misrepresenting the facts to people who have not been informed."

"Actually," he continued, "one basic objective of the program is to encourage people to produce and preserve food for home consumption as well as certain commodities for countries resisting aggression."

The AAA executive emphasized "No one is authorized to collect food, and anyone attempting to do so should be reported to local law enforcement authorities at once."

North Carolina farm families have given their wholehearted support to the government's request for more food in 1942 and are now making plans to produce the extra food products needed in the food-for-freedom campaign, Floyd said.

### "SUNDOWN" RANKS AS BIGGEST HIT OF YEAR

With Gene Tierney, Bruce Cabot and George Sanders heading a large stellar cast, Walter Wanger's "Sundown," coming on Thursday to the Liberty Theatre, unfolds a drama packed with adventure, romance and the color and mystery of the hot sands of Africa, the setting of the story.

### To Remain Healthy Never Trust A Bull

Don't trust any bull, and especially a "tame bull," Dr. C. D. Grinnells, veterinarian of the N. C. State College Experiment Station, is warning North Carolina farmers.

Recent reports of injuries sustained by farmers who were turned on by supposedly gentle animals caused Dr. Grinnells to issue his warning.

All bulls are dangerous, the State College veterinarian said, especially dairy bulls which are quicker on their feet than those of the beef breed. A "tame" bull standing nearby may turn on his master in a flash and gore him.

Farmers and others have a tendency to be cautious around a strange bull or one that is obviously dangerous, but they often make a mistake of considering a so-called "tame" bull a docile, gentle animal.

Thus they expose themselves to the "tame" bull and possible danger while avoiding the obviously dangerous animal, Dr. Grinnells pointed out.

In handling these herd sires, Dr. Grinnells gives the following advice to farmers:

Keep the bull in a strong pen. If he has to be moved, use a bull staff through the ring in his nose to lead him. Don't allow him to run with the cows, as this necessitates separating him from the herd twice daily—a difficult and highly dangerous operation at times. Never go to a bull pen without a gun of some sort that will protect animal from attacking.

### —JOIN THE RED CROSS— Ringling Loses 11th Elephant

Charleston, S. C., Nov. 17.—Peggy, a 4,000 pound elephant, died today—the 11th to die, presumably of arsenic poisoning, within a week belonging to Ringling Brothers and Barnum Bailey circus.

A young performing elephant about 25 years old, she died in a railway car on the way from Augusta, Ga., where the circus performed yesterday. Another elephant was missing from the circus' two performances here today and was reported to be entering in a railway car next to Peggy's.

Peggy had been ailing for a week. She had been strict with the others in Atlanta, a few days ago, but she apparently had recovered and had rejoined the circus in Augusta.
