Don't Robe Him The Wrong Way

"We suppose there will always be weird, funny looking, dizzy, sloppily-put-together robes turned loose on the holiday tide! (There's no law agin it!) So we like to make the heading as bold as possible—'Don't robe him the wrong way.' Knowing men—as we do—we come right out in public and plead for them!"

Bullis Praises Scout Movement

In a recent interview W. A. Bullis voiced his praise of the Boy Scouts of America. When asked why he thinks that all boys in our county should have the opportunity of Boy Scout training, he stated that "Boy Scouts under wholesome leadership have fun in doing Scouting. They learn to be self-reliant, to do good turns for other people and that Scouting experience is one of the best known means for helping a boy to become a man of character trained for American citizenship". He emphasized that "The Boy Scouts of America is the American way for a boy to grow up."

The local Scout committee is now promoting plans for our county to have a district organization of the Boy Scouts of America to administer the Scout program in our county. This movement receives the full support of all good citizens.
