## AAA Chief Says More Phosphate To Be Available

Farmers of Wilkes county again may obtain superphosphate as conservation material under the 1944 Agricultural Conservation program of the AAA, according to H. C. Roberts, chairman of the County AAA Committee.

The deduction rate for phosphate this year will be \$18.00 per ton for 20 per cent materials, \$17.60 per ton for 19 per cent, and \$17.00 per ton for 18 per cent, which is slightly more than the rate which prevailed in 1943 due to increased costs of shipment from the sources of supply, Chairman Roberts said.

"As was the case last year, phosphate supplies will be limited in 1944, but we have been assured that the amounts available will be somewhat larger than last year", he said. "Allocations will be made on a monthly basis, and every farmer who plans to use phosphate should give us his order as soon as possible so we can tell what will be needed."

He said a total of 36,963 tons was used in the entire state last year and that prospects are bright for more than that amount this year. Of the total amount used, farmers of Wilkes county applied 580 tons under the 1943 program.

"Furnishing phosphate and other conservation materials is a part of the AAA program designed to increase production of food crops immediately, and at the same time to maintain fertility of the soil", he said. "Costs of all such materials are deducted from payments due individual farmers at the close of the program year".

All orders for phosphate under the 1944 program should be placed at the County AAA Office, he added.

## G.O.P. Convention In Chicago June 26

Chicago, Jan. 12.—Republicans will choose their 1944 presidential candidate in Chicago the week beginning June 26 in the same stadium where President Roosevelt was nominated for his first and third terms.

The Republican National Committee made these choices unanimously yesterday after Chicago business men submitted the only money bid—\$75,000—to pay the convention expenses. This was the lowest offer in years. Other Midwest cities said they were too congested and New York extended an invitation without financial backing.

Democrats will pick a convention city and date at a meeting of their national committee in Washington January 22. They also are expected to accept a bid of \$75,000 from Chicago like that which Silas Strawn, Chicago lawyer, extended yesterday at the G. O. P. meeting on behalf of a bipartisan citizens committee.

Unless most Democrats miss their guess, President, Roosevelt will be a fourth-term candidate running on a program to "win the war" as quickly as possible and proposing a postwar expanded economy and social improvement along with American participation in an international organization to keep the peace.

The national committee members and State chairmen and vice-chairmen here for a two-day Republican meeting talked mostly—when referring to G. O. P. presidential possibilities—of Dewey, Willkie, and Bricker, with many suggesting a ticket of Dewey and Warren.

Governor John W. Bricker, of Ohio, has already announced his candidacy. Wendell L. Willkie, the 1940 standard bearer, is expected by his supporters here to do so formally within the next two weeks. Governor Thomas E. Dewey of New York still insists he is not a candidate, but many committeemen here from scattered sections of the country say an effort will be made to "draft" him.

Governor Earl Warren of California, like Dewey a first-term Governor, also has said he is not a candidate for either place, on the ticket, but has consented to entry of his name in the California presidential primary in May as a means of becoming head of his State's powerful delegation of 50 to the national convention.

## Mountain View Home Club Has A Meeting

The Mountain View Home Demonstration Club met January 12 at the lunch room with a large number present. There were eleven new members. The club had a membership drive on, and it has been very successful.

The meeting this month was a joint meeting of both men and women. Farm Agent Snipes was present, and made a splendid talk on the necessary plans every farmer should make in order to get the best possible use of labor, time, and equipment. The Home Agent, Mrs. E. G. Greene, discussed

some of the many home problems which farmers face in 1944. The following committees were appointed: Gardening, Mrs. F. G. Johnson; Home Management, Mrs. Dewette Wiley, and Mrs. Leroy Porter; Food and Nutrition, Mrs.

Bert Peadry; Clothing, Mrs. Claude Johnson. In the December meeting the Club prepared boxes containing clothing, canned goods, groceries, fruits, cakes, etc., for two families which had had much sickness. At

the close of the meeting the ladies at the lunch room served delicious refreshments. "Think before you talk"—Gen. George C. Marshall and Admiral Ernest J. King.
