County Will Pay Traveling Expenses Assistant Home Agent To Be Employed

Wilkes county board of commissioners in session this month passed an order providing that the county pay traveling expenses for an assistant home agent for the summer season.

However, the board set a maximum limit of \$10 per month on the allowance, and that it should be in effect not more than six months.

With emphasis being placed on canning and other methods of food conservation as an aid to the all-out war effort, the home agent needs assistance in order to more adequately give the work the attention it deserves during the canning season.

Mrs. Annie H. Greene is the full-time home agent.

This farm boy stopped bullets intended for you . . .

JOE MARTINEZ, Colorado farm boy, his battalion bogged down under withering fire from Jap positions on Atsu, arose alone and advanced into a hail of bullets to clean out trench after trench so his battalion could advance. He died with his rifle at his shoulder, pumping lead into the enemy, while his mates were able to move up behind him and successfully take the pass. For this, Joe Martinez has been posthumously awarded the Nation's highest military honor. Let every man who was once a farm boy himself buy an extra War Bond in Joe's honor . . . for Joe took the bullets aimed at the heart of America!

The 4th WAR LOAN is your opportunity to do something about it!

It's Time to Take the Offensive. Your government has the men it needs to do the job in the front lines—great men all! But it doesn't have the money it needs, by a long way. That's your job! And the immediate task is the Fourth War Loan—Your chance to take the offensive not only in support of the men who are fighting and dying for you and your loved ones, but also in support of your own future!

What are you going to do about a worn-out tractor, about repairing fences and buildings, about replacing depreciated machinery and equipment? Will you be ready with money in the bank when these things are needed?

You will if you *take the offensive now!* Put every extra dollar into U. S. War Bonds—the best form of financial reserve ever offered you. *Think!* You are asked to make a sound and prudent investment.—not a sacrifice!

When Your Boy Comes Home

Will your boy come back to a farm or ranch with no financial reserves, no future? Or will you greet him at the gate with a bundle of War Savings Bonds—for working capital, new machinery, better buildings? And if your children are going to college, why not be sure they get there by buying today the bonds that will pay the cost.

No need, really, to tell an up-to-date farmer or rancher what he needs financial reserves for. You know more reasons than anyone else can enumerate for setting aside extra dollars to meet the future. Now is your chance to do it . . . and help fight the war too!

Go on the offensive! Buy all the Bonds you can—today!

You Never Get Less Than You Lend! And you can get 1/2 more than you invest, as War Bonds yield 2 1/2% interest compounded semi-annually, if held to maturity. Then you get back \$4 for every \$3 invested.

Cash When You Need It. If an emergency comes along, your War Bonds are like money in the bank. Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. Don't cash them unless you have to. And don't hold back a single dollar unnecessarily from the purchase of War Bonds. YOUR HELP IS NEEDED.

Facts About War Bonds (Series E)

You can buy War Bonds from your bank, postmaster, mail order or Production Credit Association. Don't wait. Do it by mail if you can't get to town!
