WILD YOUTH, 'JUKE JOINTS'

Sordid details of the operation of so-called "juke joints," and the part that these deadfalls play in the demoralization of the youth of the country, are exposed in the film, "Where Are Your Children?" Monogram's dramatic story of child delinquency which comes to the Liberty Theatre today and tomorrow, with Jackie Cooper in the starring role.

Against the background of violent jitterbugging and wild music, the even wilder youngsters of teen age become the dupes of shady night club operators. There is the surreptitious supplying of illegal liquor, the "spiking" of soft drinks, the easy violation of conventions and the inevitable careening joyride, with intoxication at the wheel and tragedy lurking at the roadside.

Juvenile probation officers are on duty at the night clubs, but the only solution of the question, as the film shows, lies in the home. Parental neglect, improper housing, unhappy conditions at home—all are shown to have an important bearing on the question of juvenile delinquency, and literally throw the younger generation into the arms of those who are willing to debauch them for a profit.

In "Where Are Your Children?" the joyride in a stolen car culminates in a charge of murder, with an innocent girl drawn into a situation which threatens not only her future happiness, but her very liberty itself.

Gale Storm appears in the leading feminine role opposite Jackie Cooper, and other important roles are in the hands of Patricia Morrison, John Lital, Gertrude Michael, Anthony Ward, Evelyn Eaton, Addison Richards, Betty Blythe.

A Washington's Birthday Message

JUST a year ago we paid richly-earned tribute to the 3400 Penney people who had gone off to the war. Today, the number of stars has grown to 5250. And today, again at Washington's Birthday, we honor and salute them.

From every Penney store in America, men have gone to man the Army's guns—to sail the Navy's ships—fly the Air Forces' planes. Hundreds have won citations for their accomplishments and medals for bravery in combat.

Just as an example—one small store in the Pacific Northwest has produced two outstanding heroes. The first has been awarded the Purple Heart, the Air Medal and the D. F. C., three times. The second has also won the D. F. C., taking part in no fewer than 35 combat sorties.

We are proud of these boys. We are proud of all our Penney associates in uniform. We still think of each and every one of them as part of their Penney stores—no matter where the call of duty has taken them, or how long they may be away.

Better forget Lt. Holt. He's not interested in women.

Maybe that's been your experience, darling.
