## THINKING OF BUYING A BOND?

### Men Are Dying While You Make Up Your Mind!

Let's face it. That tough stage of the war is here—it's 1944, America!

This year men aren't thinking of attacking the enemy on the bloody invasion fronts. They're doing it now—and it's costing a lot of them their lives.

Think of this hard when you're thinking of doubling your bond purchases during the 5th War Loan Drive. Think of the tired, maimed, the captured and the dying. Then stop thinking and start buying.

## ALLIES HOLD NEW ADVANCES AFTER BATTLE

American troops drove Sunday to less than 13 miles from Cherbourg and in a hand-to-hand battle stormed Carentan at the base of the Cotentin Peninsula while a great armored battle, perhaps signifying the start of the first major German counterattack, broke out north and west of Caen.

In a spectacular advance at the center of the beachhead, American troops threw bridges across the inundated flatlands and advanced inland 19 miles, capturing the village of Lisson and effecting a new junction with Anglo-Canadian forces on the east flank.

With the support of a tremendous three-way bombardment from land, sea and air, the British had captured Tilly on the Seulles River eight miles south of Bayeux and held it against fierce counterattacks, throwing the Germans back on a secondary line across the stream. It was from this line that the enemy was now apparently launching his first all-out counterattack.

The new gains put all the vital landing beaches beyond the range of German artillery and "the phase of securing a beachhead is drawing to a close", it was officially stated at Gen. Dwight D. Eisenhower's headquarters.

## Will Speak Here

A. C. Kimrey, dairy specialist of North Carolina State College and the extension service, will be Farmers' Day speaker at the North Wilkesboro Kiwanis club meeting Friday noon, when many farmers from all parts of the county will be guests of Kiwanians for the luncheon meeting.

## Subject of Flood Control Discussed At Kiwanis Meet

Discussion of matters of public interest comprised the program for the Kiwanis club meeting at Hotel Wilkes Friday noon.

Program Chairman J. E. Justice conducted a discussion with the assistance of John Prevette, W. D. Halfacre, Paul Osborne and others on recent rulings of the OPA and the developments of the flood control project for Wilkes county.

Paul Osborne discussed the rulings of the OPA with reference to the ceiling prices of lumber.

John Prevette made report of his correspondence with Senator Bailey on the Wilkes flood control project. He also read a letter from Representative Burgin bearing on the matter. John E. Justice reported he had been in Washington and had seen Mr. Burgin and discussed the situation with him. Mr. Burgin states he is doing all he can to help get the project through Congress with Wilkes included.

Prior to the program W. D. Halfacre announced the beginning of the Fifth War Loan, calling attention to the fact that Wilkes has a quota of \$990,000.

County Agent J. B. Snipes stated that a large number of farmers would attend the annual Farmers' Day meeting next Friday.

Rev. T. Sloan Guy, Jr., supply pastor of the First Baptist church, was present and was re-instated (See Flood Control—Page Eight)

## 5TH, 8TH ARMIES MOVE 80 MILES NORTH OF ROME

The Fifth and Eighth Armies, pressing close behind the mauled Germans who have lost 70,000 men in a month, sped northward yesterday in a general ten-mile advance that over-ran the important industrial city of Pescara on the Adriatic Coast.

Midway on the Italian peninsula east of Rome the former German bastion of Avezzano also fell to the Eighth Army which was fighting over difficult rolling wooded land heavily mined and studded with stubborn rear guards. Avezzano lies on the important lateral road from Rome

to the Adriatic coast. The Fourteenth German Army, which turned to make a brief and costly stand six miles north of Viterbo, was in full retreat again and the Fifth Army pushed ten miles north of that city.

The Red Army, on the march again four days after the Allied invasion of France, has opened its Summer campaign with an offensive against Finland and in two days of fighting has pierced Finnish defenses on the narrow Karelian Isthmus above Leningrad to a depth of almost 15 miles, Moscow announced last night.

## STALIN SAYS SOVIETS NOW IN FINLAND

The Soviet offensive, launched by Gen. Leonid A. Govorov's Crack Leningrad Army which drove the Germans back from the former Czarist capital during the winter, opened Saturday and through last night had overrun more than 80 towns and settlements, including the coastal city of Terijoki, on the Leningrad-Vilpuri-Helsinki railroad 28 miles northwest of Leningrad.

Put pigs on soybeans or lespedeza pastures this summer for more economical production of pork, says Ellis Vestal, Extension swine specialist at State College.

## In Marine Corps

Pvt. Lumley E. Nichols has returned to the marine corps base at Parris Island, S. C., after spending several days with his wife, Mrs. Bertha Nichols, and three children, Casson, Wilma, Jane and Harold, who live on Wilkesboro roads.

## Home Front Urged NOT To Let Down Men Who Are Facing Death For Us.

By W. D. HALFACRE, War Loan Chairman

Today, June 12, 1944, our government — which means you and every other citizen — begins its Fifth War Loan drive. Our county's quota in this 16-billion-dollar drive is \$990,000.00. We have faith that we shall meet this request.

Day-by-day the war and its costs in "blood and tears", is being brought more vividly home to the people of our country. More and more frequently those fateful messages, beginning "The government regrets", are being delivered to our county homes, signifying that some man has given his full measure of blood, his loss wringing the full measure of tears from the loved ones left behind.

These messages and reports from the fronts are making us all more and more aware that the only possible way to stop the increasing flow of this bad news to our homes is to bring this war to a close as quickly as possible. There is no sudden way to end the war, but there is a way to hasten that end; to keep a ceaseless stream of supplies of every sort flowing to the battlefronts. The men getting those supplies will do the rest, and do it effectively and speedily. THEY HAVE NEVER LET US DOWN.

When we evaluate dollars along with what we expect our soldiers, our sailors and our marines to GIVE us, we feel a sense of shame that our government finds it necessary to emphasize that it is only asking us to loan—not give—this money; that such loans are really investments on which we shall receive good returns. What returns did we assure those marines who landed on Tarawa or the men landing on Europe's western coasts?

We could not, we can not assure them they will return home, but, by meeting this war loan—to keep the sinews of war flowing to them and giving them every aid possible—we do assure them that the folks at home are backing them with every dollar they can muster for the cause. All of us must buy more War Bonds than we have ever bought before.

## 5 Organizations Make Donations Y. M. C. A. Fund

Several churches and fraternal organizations in North Wilkesboro have led the way in making substantial contributions to the \$160,000 building fund now being raised to establish a Y. M. C. A. in North Wilkesboro after the war.

The first of these group contributions reported was \$100 donation from the North Wilkesboro Knights of Pythias lodge. Others include \$150 from the Masonic lodge, number 407 A. F. & A. M., \$75 from the Dokes club, \$100 from the Men's Bible class of the North Wilkesboro Presbyterian church and an amount exceeding \$100 from the Men's Bible class of the First Methodist church.

No report has been made to date on donations by individuals and contributions, but the campaign is well organized and will soon enter a more intensive stage.

The first out-of-town contribution to the "Y" fund was from T. C. McKnight, general secretary of the Y. M. C. A. in Elkin and who has been very helpful in the initial organization work for a Y. M. C. A. here.

## ONE WILKES MAN KILLED AND ANOTHER IS WOUNDED EARLY TODAY BY OFFICERS OF YADKIN

### HENRY NEWMAN KILLED AND CONRAD BELL WOUNDED

Henry Newman, 29, was killed and Conrad Bell was wounded at two a. m. this morning in Yadkinville.

According to information obtained from A. L. Inscore, sheriff of Yadkin county, the men were fired upon by deputies at Yadkin Grocery company, where Newman and Bell were alleged to have been stealing sugar. Newman and Bell were residents of the Roaring River community of Wilkes county.

Sheriff Inscore said that he was informed about two a. m. that the wholesale establishment was being robbed. Followed by two deputies, W. E. Wilson and Ray Graham, he approached the store and went in. He said he found Newman and Bell in the act of carrying out sugar and that he ordered them to throw up their hands. Instead, they jumped on him and a scuffle ensued, during which the sheriff's gun accidentally discharged but did not hit anybody.

Newman and Bell started to run, Sheriff Inscore said, but were accosted by the deputies, who ordered them to halt. They did not stop and Wilson fired at Newman and Graham at Bell.

Newman and Bell were both hit with one bullet each in the hip, but the bullet striking Newman penetrated his spine and he died within a few minutes. Bell is a patient at the Wilkes hospital in this city and may recover.

Completion of a coroner's hearing at Yadkinville was scheduled late today.

No funeral arrangements have been made.
