

W. M. U. Division Meeting Tuesday

The annual meeting of the Wilkesboro division of the Woman's Missionary Union of North Carolina will be held in the First Baptist church of North Wilkesboro on Tuesday, October 17th at 10:30 a. m. The business session will be presided over by Mrs. O. R. Mangum of Lenoir, divisional superintendent. The theme of the day's program will be "Today If Thou Wilt Hear My Voice". The Wilkesboro division is very fortunate in having Miss Kathleen Mallory, executive secretary of the Southside Woman's Missionary Union, to bring the inspirational message at 11 o'clock on this subject, "God's Voice Above the Tumbult".

Miss Kathryn Abbe, Young People's Secretary of North Carolina, will direct a panel discussion of the Chief Aims of W. M. U. The division chairman will participate, making this period one of the most practical and constructive features of the program. Miss Ruth Keller, formerly Caldwell associational missionary and now field worker of North Carolina W. M. U., will also be present.

Miss Rose Marlow, missionary from Shanghai, China, who has done outstanding work among the Cantonese speaking Chinese in Shanghai, will speak at the close of the afternoon session.

Due to food rationing, each visitor is asked to bring her own lunch. The women of the First

Church will serve a drink. The program follows:
10:00—Praise and prayer. Message by a missionary.
10:45—Greetings, recognition of guests. Business session. Appointment of committees.
11:00—Report of superintendent and young people's leader with superintendents and young people's leaders of associations assisting.
11:45—Special music. Announcements.
12:00—Missionary address by Miss Kathleen Mallory, Southern W. M. U.
12:45—Adjournment for lunch.
1:45—Praise and prayer. Message—"The Boy in the Crisis".
2:15—Panel discussion directed by state W. M. U. representative.
3:00—Youth speaks by local young people.
2:25—Reports of committees.
3:30—Missionary address.

500 PLANTS MAKING CIVILIAN GOODS IN WPB AUTHORIZATION

Washington.—Some of the things Americans have wanted, badly since the war started are being made now—or will be shortly—but don't expect the market to be flooded with them.

They include: Domestic vacuum cleaners, aluminum ware, domestic electric cooking and heating appliances, kitchen and household utensils, metal office furniture, plated silverware.

The number of such items being produced will not fill all civilian needs. This kind of production is fairly scattered and limited and many of the plants are small.

But these items and many others are being made under what the War Production Board calls spot authorization. This is how it works:

On August 15, WPB said in ef-

fect: Plants which are not needed in whole, or in part, for war work, which are in areas not too badly pressed for manpower, and which can be spared the materials will be allowed to make civilian goods.

Plants in such a situation ask for permission. If they fulfill the requirements listed above, WPB gives the permission on materials and the War Manpower Commission on manpower.

The plan is intended to help plants revert to civilian production where they can do so without injuring the war effort. It starts the general reconversion rolling.

At the same time such plants—until Germany collapses and all most all Government controls are lifted—will be kept working, their workers will be kept employed and they can be used for produc-

Four Boys Leave For Navy Service

Navy Recruiter J. E. Huffman today sent from this section four 17-year-old boys to the naval station in Raleigh for physical examination and induction.

The four volunteers sent were: Benjamin Harrison Wood, Jr., son of Mr. and Mrs. Benjamin Harrison Wood, of North Wilkesboro route one; Claude Redmon Sidden, son of Mr. and Mrs. R. A. Sidden, of Moxley; John Dancy Maines and John Thomas Absher, both of Scottville. Sidden enlisted as hospital apprentice and the others as apprentice seamen.

Recruiter Huffman spends Wednesday of each week at the North Wilkesboro postoffice taking applications from 17-year-old volunteers and applications of young ladies interested in enlisting in the WAVES.

More than 8,000,000 acres of privately owned forests are now "Tree Farms", dedicated to continuous production of forest crops.

ing civilian goods.

Since Aug. 15 WPB has received 2,500 applications for spot authorization permission and has approved about 500.

(This spot authorization program is in addition to WPB's longstanding "programmed" production plan under which it orders certain plants to make certain needed civilian items).

"What about me?"

LIFE looks pretty scary from where you sit, doesn't it, son? Dad's been overseas for months. And now Mom's so sick she has to go to the hospital. So what's to become of you?

Don't you worry. You've a lot of friends you don't know about! Thoughtful, generous people who will make sure you're cared for while Mom's away.

You're going VISITING! To a fine foster home, with folks who love and understand young fellows like you. They have toys waiting... a tree to climb... maybe even a dog!

So chin up, soldier! Everything's going to be all right!

Yes, everything will be all right for him and the thousands of cases like his—as long as you continue to support the agencies that make this help possible.

These services were here before the war and they will be continued afterward, but their needs in wartime have been greatly multiplied. This year, more than ever, they need your contributions.

Don't let them down. Give today!
