The attention of the "young adults" of the church (that is, very generally speaking, those young men and women in the draft age bracket) is called to the reorganization of the class of "young adults" this coming Sunday morning. The class was discontinued a year or two ago when most of the young men went into the armed forces. There are still many older young people in the church, and they will doubtless enjoy the inspiration and fellowship of re-uniting as a group. Not only members of the church, but other young men and women who have no church relation here in town are cordially invited to join this class.

11:00—Morning worship, with Chaplain Watt M. Cooper of the U. S. Navy, formerly pastor of this church 'till he resigned to enter the chaplaincy, speaking. All the members of the church are urged to be present, and the public is invited. During the service a certificate will be awarded the congregation of the Presbyterian church in recognition by the United States Navy of their lending their minister to the service of the armed forces.

Serves As Member Of Rationing Board

C. P. WALTER
(Editor's note: This is the first of a series of sketches about members of the two war price and rationing boards in Wilkes county.)

Members of War Price and Rationing Boards render patriotic service, unselfishly, sacrificially and without pay or any remuneration whatsoever.

C. P. Walter is chairman of the Rationing Board with office in North Wilkesboro. He started out with OPA in January, 1942, and since the beginning has missed only one of the board's regular weekly meetings. It takes an average of two hours to transact the business at the regular meetings, and Mr. Walter has spent numerous hours on rationing problems in addition to the time of the regular meetings. Few, if any, have given without pay a greater amount of time in the war effort than Mr. Walter. He follows regulations as given by national and district OPA offices, and it is not his fault if you don't get everything you ask.

Mr. Walter was for many years superintendent of the tannery plant here for C. C. Smoot and Sons and later for the International Shoe company. He is now a member of the board of directors of the North Wilkesboro Building and Loan Association and is also engaged in the pulpwood business. His reputation for honesty and integrity is well known throughout this section of the state.

Meet your friends at the Lord's house this Sunday. Let us worship God together.

You Gave Them Hope!

ONE of the biggest jobs the U.S.O. did last year was to carry a slice of home to our boys overseas. Traveling shows that gave to those fighting men the best talent and entertainment this country had to offer.

Bob Hope... Carole Landis... Joe E. Brown... Kay Francis. The top names of radio and Hollywood. Vaudeville and night club headliners. Singers, dancers, magicians, swing bands.

Entertainment that gave them the chance to relax and remember what home is like. That's what your dollars helped make possible—in hundreds of overseas outposts.

It's hard to measure the effect this boost in morale had on all the gains we've so far made in this war. That it had an effect, an important effect, has been acknowledged by our military leaders.

But most important, it helped relieve for a while the loneliness of millions of boys away from home. And that was certainly worth every dollar you gave.

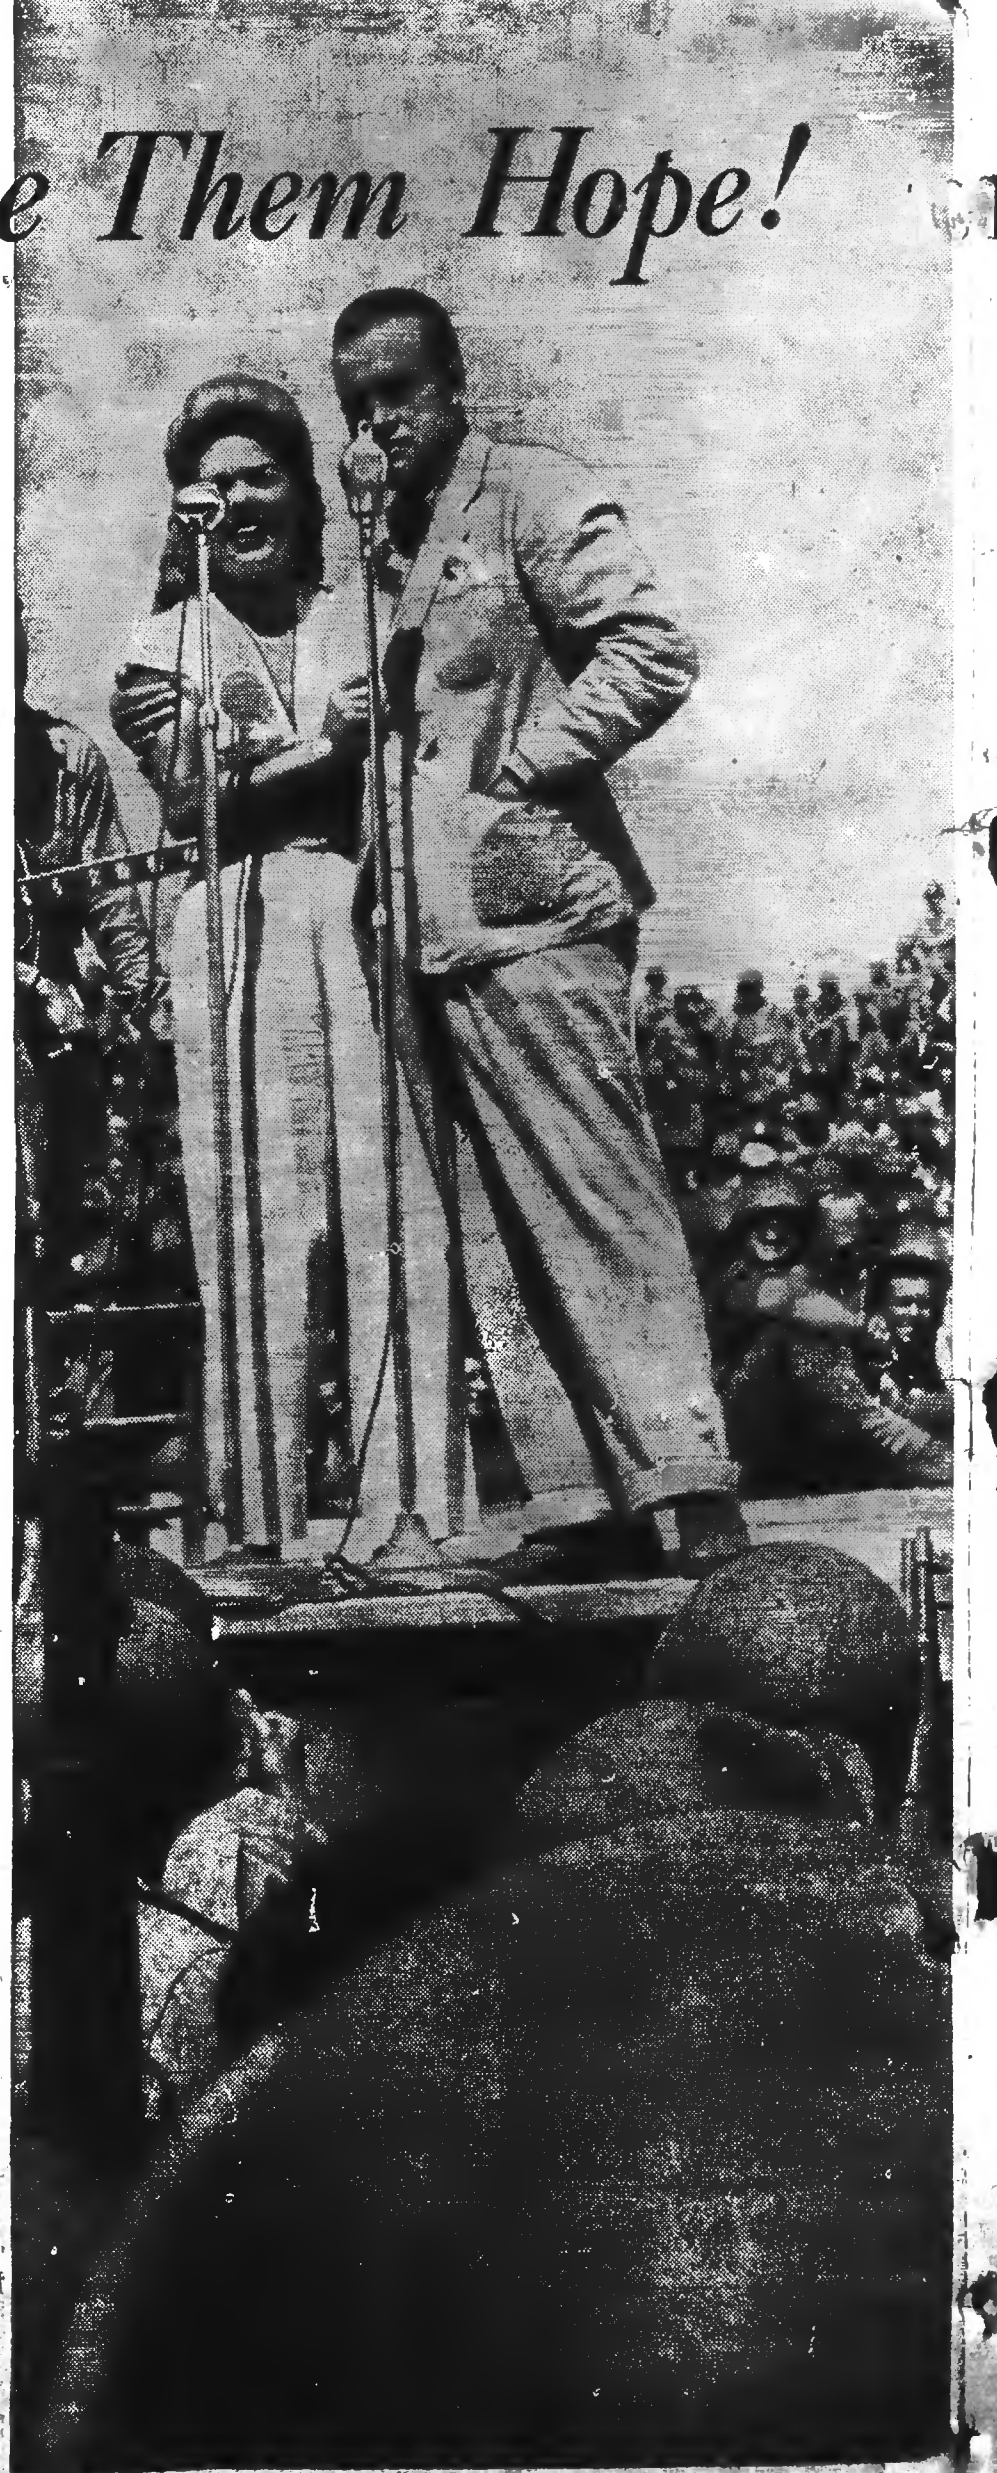

The job isn't over yet. There are still millions of boys across the seas. We can't let them down now. That's why you're being asked to give again, this year—to give more than ever before. Much of your gift will be needed here to help servicemen's families, to help solve juvenile delinquency, to care for the needy. Much of your gift will go overseas, to war prisoners, to Merchant Seamen, to homeless refugees. Make your contribution today, through your local community drive.
