When Waiting is Necessary

Time often moves too slowly for us. We'd love to speed up the time needed to provide telephone service for everyone still waiting. But, unfortunately, equipment necessary for expanded service has been slow in reaching us. Material shortages and other delays beyond the manufacturer's control have hampered production. Like everyone else, we must wait our turn for new equipment. Meanwhile, we will continue to do the very best we can with what we have.

CENTRAL TELEPHONE CO.

Look out, mister, your watch bands showing!

When it does, it ought to have a well-groomed look. It ought to be broad and handsome—every inch a man's band. It ought to sweep an easy circle about your wrist. Come see our selection of fine GEMEX watchbands.
