## Mountain Lions To Play Barium

### The Undefeated Orphanage Eleven Will Tackle Lions Here Friday Night

An epidemic of colds bowled over the first string line of the North Wilkesboro Mountain Lions early this week to hamper their chances against Barium Springs here Friday night, but conditions today were more promising and it appeared that most or all the varsity players will be ready to tackle the strong Barium Springs eleven.

The squad emerged from their thrilling 7-7 tie with Spencer Friday night without serious injury but during the week-end Church, Shook, Porter, Hudson, Steelman, and Stoker had severe colds.

Barium Springs is one of the strongest teams in the South Piedmont conference and is undefeated in conference play. The team from the orphanage institution is always good and this year is no exception.

Kickoff time Friday night will be eight o'clock and the game will be broadcast over station WLX. The contest should draw the largest crowd of the season. Spectators will be glad to know that they will have seats for the Friday night game.

Coach Howard Bowers praised the play of his team Friday night. Davis and Caudill looked good at fullback and on defensive play. Shook played a wonderful game at tackle and Steelman was especially good at end.

A win for the Mountain Lions Friday night against Barium Springs would certainly put North Wilkesboro on the football map and if the boys recover from colds and get in condition for the contest they will have a good chance to upset the favored Barium team.

Latest figures show that there are 1,924 Indians in the United States Navy.

## Ramblers to Play Jonesville Here

### Wilkesboro To Take On Jonesville Under Lights On Saturday Night

Wilkesboro Ramblers will play Jonesville high school's big team under the lights at Memorial Park Saturday night. The kickoff will be at eight o'clock.

Wilkesboro had an open date this week, and so did Jonesville, and the game for Saturday night was arranged Monday to complete the schedule of both teams. The teams will meet again on their regularly scheduled date October 31 at Jonesville or under the lights at Elkin.

Coach Eddie Adelman found many of his boys injured following the 32-13 rout of Cleveland Friday. Johnnie Glass, fullback, has a bad shoulder injury and may not play. Pete Glass, guard, has a dislocated knee and is definitely out for Saturday's game. Whittington, quarterback, has an arm injury and may see limited, if any, action. Garwood, quarterback replacement, is also hurt. Prevette, shifted from tackle, and Linney, second string wingback, have been running at the fullback spot in practice this week and are showing up well.

Jonesville will be the biggest team to date for the light Wilkesboro squad. Jonesville has two tackles over 200 each and a 200-pound fullback. Last week Jonesville pasted a 20 to 0 defeat on Mocksville and appears to be a greatly improved team.

Saturday night's game will be a battle of two "T's". Both teams are using the "T" formation as prescribed by Coach Flucie Stewart at Appalachian, and the contest should be a thriller for spectators.

The word mess comes from the Latin "missum," meaning sent or placed in position, according to the Encyclopaedia Britannica. Thus, the word came to mean a dish sent to the table, and eventually to describe the dining parties into which a ship's company or a regiment is divided.

## Grid Conference Results Given

Barium Springs, Sept. 30.—The South Piedmont leader, Spencer, ran into a tough opponent last Friday night in North Wilkesboro and managed to pull the game up into a tie by one of those rare breaks that you dream about. The game was 0-0 when a ball bounced off from a North Wilkesboro player into the hands of a Spencer boy who ran nearly the length of the field for a touchdown.

The Concord and Children's Home game was almost a tie, 7-6, the Children's Home being the winner. The pre-season dope made these two teams tops in the conference, but Lexington is acting up like they may have another one of those old time world beaters. Week before last they trounced Statesville by a big score and last week Asheboro by an even bigger one—61-0, if you please. We had thought that Statesville was weak but the way they handled Hickory last week gives another picture—they defeated Hickory 19-8. The other conference game was between Mooresville and Kannapolis with Mooresville winning 7-0. The other games out of the conference beside Statesville were Albemarle's defeat of the Lenoir-Rhyne B team 13-0, and Barium's loss to Morganton 12-0. The Children's Home and Lexington are out in front in the South Piedmont, and that makes their game this week a "natural"—it is the big game in the South Piedmont, and may possibly pick the champion as the winner of this game will be hard to head off.

The other games are Statesville at Concord, with Concord favored; Kannapolis at Spencer, with the odds on Spencer; Thomasville at Asheboro should be another defeat for Asheboro; Barium at North Wilkesboro is anybody's game—North Wilkesboro after a slow start is proving herself to be one of the strong teams in the conference while Barium's defeat by Morganton

## Purlear Club Meets At Home Mrs. Hayes

Purlear Home Demonstration club met Thursday, Sept. 25, at 1:30 p. m. with Mrs. Joe Hayes, with eight members and one visitor, Mrs. Archie Lee Osborne, present.

The president, Mrs. Robert Teague, opened the meeting. The club sang "We Believe in Our State", and repeated the collect of club women of America. The secretary, Mrs. Wayne Yates, gave the roll call and read the minutes of last meeting. It was decided by the club for each member to give one can each of

# FOOD IS OUR BUSINESS, TOO

Above: Young winner in county wide freezer locker contest puts her winning packages into her own family locker.

Below: Plenty of cans and plenty of kinds (left) are the results of scientific processing (right) of luscious vegetables fresh from the garden.

In our Piedmont schools and agricultural clubs, thousands of future homemakers are learning all grandmother ever knew about making food wholesome and full of flavor.

They are learning a lot grandmother never dreamed of, too . . . how to cook without losing vitamin content or nutritional value . . . even how to add vitamins and preserve color. They know what foods are best kept by dehydration, which by deep freezing, which by pressure cooking, and which can be safely canned by the open kettle method.

The Duke Power Company has recently increased its staff of Home Service Specialists. These Specialists work closely with 4-H clubs, Scout Leaders, Home Agents, Agricultural Colleges, Future Farmers of America, and Farm Security Supervisors on their food projects.

As a citizen of the Piedmont Carolinas, our job is to make electric service help these groups in the accomplishment of our common objective . . . More Leisure, Less Risk, Increased Profit, and Farm Life Freed of Drudgery.
