

Cricket Club Holds November Meeting
The regular meeting of the Cricket Home Demonstration

club for the month of November was held Wednesday afternoon, the 5th, at the home of Mrs. Clinton Eller with Mrs. Hunter church and Mrs. Paul Snider as associate hostesses.
As the opening number the group sang "Hall, Club Women, Crowned Thru Service," and repeated together the collect of Club Women of America.
Mrs. B. R. Eller, president, presided during the business part of the meeting. Mrs. Bob Church, secretary, read the minutes and called the roll. There were 20 regular members present, and we were glad to receive two additional new members, Mrs. Clate Snider and Mrs. Clyde Shoemaker.
Final plans were made concern

cerning Achievement Day, November 6. Most all the members showed evidence of achievement by the various articles they brought; at this meeting to be placed on exhibit.
Plans were also made for our Club Christmas Party, when our Heart Sister's true identity will be revealed to us. This event will take place at the home of our retiring president, Mrs. E. R. Eller on Wednesday night, December 17, beginning at 7:30. Every member of the Club please take notice of the time and place, and be sure to attend, for there is a grand time in store for everybody.
After the business period closed Mrs. Edd Bumgarner very efficiently led an interesting discussion on "An Egg a Day in a Different Way." She also demonstrated one of the ways by serving creamed eggs on toast, and as "the proof of the pudding is by eating," it was proved that creamed eggs are delicious. Mrs. Bumgarner also showed the difference in appearance of an egg boiled ten minutes at a rapid rate of speed and one boiled the same length of time slowly.
After the discussion by Mrs. Bumgarner, the Club members repeated the Lord's Prayer in unison. During the social period the hostesses served delicious pumpkin pie, turkey shaped sandwiches, and coffee. Favors on the plates were nut shells filled with "corn candy," which were pasted on a card with a turkey stamped on it. That together with the table decorations suggested that Thanksgiving is just around the corner.—Reported.

SOLUTION
Dear Editor:

Much is being said about the scarcity, conservation and high prices of grain, but no one suggests a solution to the problem.
A survey of existing conditions in our community—a scope from Millers Creek to Purlear, prompts me to write this letter.
The fields that formerly produced corn and wheat are now covered with pines, thus reducing the production of wheat approximately 300 bushels and corn 1000 bushels. Conditions are probably the same in other localities.
The reason is: The younger folks have left the farm for public works. Most of those left on the farm are the older folks, many of whom are disabled.
Our people feel that they can't afford to pay the high prices for grain to fatten their hogs, feed their stock and their chickens. The result is less meat, fewer eggs and less milk and butter. We need a solution to this problem and I think it possible for us to solve it.
As the price is governed by the supply and demand, we recommend the following solution: Let every man who is farming increase his crop by one acre of corn and one acre of wheat. Let every man who is not farming who is able to work and has access to land, grow one acre of corn and one acre of wheat. (It is not too late to sow the wheat).
It may seem a sacrifice but I am confident it will produce favorable results.
The following is an excerpt from Blum's Almanac of 1888 which may be applicable to present day conditions.
A farmer was hoeing hard on his patch of land when one of those town loafers approached the fence. "Hello Farmer B, what do you think of the outlook?" "What outlook?" "Why, the business outlook?" "Didn't know there was one." "We are all thinking about it down at the store, and they sent me to hear what you had to say." "Oh, yes, I see, well, tell 'em if they will stop talking and go to hoeing, that the country will prosper without any outlook. Do you hear?"

Program of Pores Knob H. D. Club November
The Pores Knob Home Demonstration club enjoyed the following program at their regular meeting held Friday, Nov. 14th, 2 p. m., at the Community House with Mesdames B. M. Broyhill and L. P. Bentley, hostesses.
Call to order by president, Mrs. W. C. Anderson.
Club sang, "America the Beautiful."
Collect of club women repeated in unison. Minutes of October meeting read by Mrs. J. B. Parleir in absence of secretary.
Roll answered by something each one was thankful for.
6. Reports on the interesting exhibits at Achievement Day by Mesdames J. M. Bentley and N. C. Craven.

Mrs. J. M. Souther Claimed By Death

Laura Jane Adams Souther was born November 12, 1872; died November 13, 1947, being 75 years and one day of age.
She united with Old Liberty church at an early age and remained a member of that church. She was married to James Martin Souther December 30, 1896. To this union were born 8 children. She is survived by her husband, and the following children: Mrs. Eula Mae Johnson, Mrs. Cora Bell, Mr. Elbert Souther, Mr. George Souther, all of Cycle; Mr. Luther Souther, Wilkesboro, Route 2; Boss Souther, Hays; Mrs. Daisy Myers, Hays; Mrs. Pantha Staley, North Wilkesboro. She is also survived by 31 grandchildren and 4 great-grandchildren.
Funeral services were conducted at Shady Grove Baptist church Sunday afternoon at 2 o'clock by the pastor, Rev. L. T. Younger, assisted by Rev. G. D. White.

Electric pig brooders cut losses of baby pigs about one-half—by providing them with a safe way of keeping warm without getting crushed by the sow.

Men's broadcloth white shirts, the kind you'll like, tailored to fit. First quality, priced low for quick sale.—The Goodwill Store. 11-24-47

A foot-candle, the unit for measuring light, is the amount of light produced by the flame of a standard candle on a surface a foot distant.
Cold weather calls for blankets etc. We have Chathams, also Navy Blankets. All priced low. See us.—The Goodwill Store. 11-24-47

BEER—America's Beverage of Moderation
Yes, Sir, Mr. Citizen—
The Brewing Industry Agrees with You!

You want the legal and entirely reasonable rules that go with beer licenses in North Carolina to be respected and enforced.
So does each and every one of us in the North Carolina brewing industry.
That's why we have our Self-Regulation program to see that those granted beer licenses hew to the line.
Begun in 1939, Self-Regulation has well established its effectiveness. The public, press and law-enforcement agencies have applauded its methods and objectives.
We see eye to eye on this program. Let's work shoulder to shoulder to maintain an already creditable record!
