

# LAW ENFORCEMENT COMMITTEE IS INTERVIEWING CANDIDATES FOR OFFICE OF WILKES SHERIFF

Wilkes County Committee for Law Enforcement, which was formed here last year by citizens from many parts of the county, has been interviewing candidates for the office of sheriff of Wilkes county.

A spokesman for the committee, of which J. C. McNeill, of Buck, is chairman, said today that the process of interviewing the ten candidates seeking the office of sheriff has been under way for several days and is nearing completion.

There are four Republican candidates, five Democrats and one Independent who seek the office of sheriff, from which Sheriff C. G. Poindexter will retire at the end of his present term because of ill health.

The candidates are being asked their views and plans to enforce the liquor laws in Wilkes county,

also concerning their intentions to close any places where vice, gambling and bootlegging are prevalent.

The committee spokesman said that the committee is non-political and that at least one candidate in each party may be endorsed by the committee prior to the primary to be held May 27.

The Law enforcement committee has designated May 21 as "Good Citizenship Sunday" in the churches of the county. Ministers have been contacted with the request that they speak in their churches on that date on the topic of "Good Citizen."

## Our County And Social Security

By Louis H. Clement  
Manager

Social Security for children rests on a partnership of family effort, government services, and private facilities. The welfare of children is a dominant consideration in the achievement of our hope for a better world. The present Social Security provisions represent an important step toward this achievement.

When children are left with no one to support them, how are they to be kept from want? How can their own families give them the kind of home and care that

# SCENES FROM DISASTROUS FIRE HERE, SATURDAY, APRIL 29

Taken about six p. m., April 29, this scene shows smoldering ruins when the Brown lumber plant and yard were located. In the background are ruins of the ice and fuel plant. (Frank Jones photo through courtesy of Winston-Salem Journal.)

children need? How can the home life of America's children be strengthened? These questions are important to each of us. They are important to every community and to the entire Nation. Today's

children are tomorrow's citizens. The whole country has a stake in their security.

Through the Social Security Act the Government helps families to protect their own children. We administer one phase of the Act—Old-Age and Survivors Insurance. This insurance plan provides a way by which a wage earner may build up protection for his children. When he works on a job covered under this system, a worker contributes a small regular amount from his earnings (1 1/2 per cent) which entitles his family to monthly insurance payments under certain circumstances.

Our plan is designed primarily to protect children under age eighteen whose fathers die at any age, and children whose fathers

are receiving Old-Age Insurance.

Children of working mothers who die insured may be entitled to benefits if they are not living with or being supported by their father. In most cases adopted children and step-children of a wage earner are included under the program. Monthly survivors' benefits also are payable to mothers, as well, if they have minor children in their care.

Claims for monthly insurance benefits are taken at our office, 303 Post Office Building in Salisbury, N. C. Payments are not made automatically. A claim for benefits must be filed before payment can be made. The worker's family should contact the nearest Social Security office when the worker dies; the worker should get in

touch with the office when he reaches the age of sixty-five. A representative of the Salis-

bury Office will be in North Wilkesboro on each Thursday morning at 2:45 a. m. at the Town Hall.

## Just Imagine It's Yours!

You say you have never driven a Cadillac?

Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul . . . so just slide over behind the wheel. It's yours!

First, you'll just want to sit for awhile, with your hand on the slender, obedient wheel—and get a close-up view of the ingrained goodness that makes this car so unmistakably . . . the Standard of the World.

And then you turn the key, touch the soft-throated engine into action—and you're away.

The steering wheel all but reads your mind! The brakes are as soft as velvet, and immediate in their response! The

road has become a boulevard—and the turns and lights seem so very close together!

And the soft, easy quietness of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by . . . "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this: the lowest-priced Cadillac costs less to buy than certain models of numerous other makes of cars; it is so enduring that it will give a lifetime of service; and it is so economical that it actually approaches the low-priced popular cars in gasoline mileage.

Yes, it's time to go into action—and to make this car your own!
