

Jaycees Host To District Meeting

For the first time in the history of The North Wilkesboro Junior Chamber organization, the 2nd North Carolina district was guest of the local Jaycees Club. The second district is composed of Jaycee clubs in the towns of Elkin, Mocksville, Mooresville, Statesville, Salisbury, Hickory and North Wilkesboro. Dr. Vernon Taylor, of Elkin, is 2nd District vice-president and presided at this meeting. Dr. Taylor outlined the National Jaycee goals for the coming year. Nationally, the Junior Chamber of Commerce is the most outstanding civic organization functioning today, according to Dr. Taylor's report to the district.

Among the guests present were J. R. Marks of Mooresville, who is one of the three young men now campaigning for the offices of National State Director for the coming fiscal year. Also, present was Jim Summers, of Statesville who is running, unopposed, for the office of 2nd district vice-president.

North Wilkesboro club received special commendation for having the most talked-of Ad in the State Jaycee Directory, a publication issued annually to the Members of Junior Chambers throughout the state.

The event was a supper meeting held at the North Wilkesboro Woman's Club and the meal was prepared by the Ladies Aid Society of the Baptist Home church.

Commencement At Boone 12th

Boone — On Friday morning, May 12, at Appalachian State Teachers college, President B. B. Dougherty was host at the traditional annual President's Breakfast. His guests included the graduating seniors with one guest each, the fathers and mothers of all seniors, the faculty of the college, the elementary school, and the high school with their husbands and wives, and several hundred prominent citizens from all over North Carolina.

The President's Breakfast is one of the most enjoyable and most-looked-forward-to events held on the campus during the year. The meal is served by the faculty members of the college and the two demonstration schools, to the seniors and other guests. It was held in the college cafeteria, with a varied and satisfying menu from which to choose.

Over a period of years, the President's Breakfast has been the beginning affair of commencement day, held at eight-thirty in the morning, with the graduating exercises held at ten-thirty.

Last year there were seven hundred in attendance as Dr. Dougherty's guests at the Breakfast.

According to legend, coffee roasting started with Arab efforts to keep a monopoly on the crop by refusing to sell the raw beans, heating them until they would not germinate.
