EAST MEETS WEST IN FILM CAPITAL

earliest possible date" went out from the Defense Department today.

Maj. Gen. Lewis B. Hershey, director of selective service, told newsmen that 25-year-olds will be called first.

Hershey said it will take about 60 days to start delivering men under the draft. He said his agency could—if necessary—furnish up to 300,000 men within 90 days.

On Capitol Hill, lawmakers generally said they were not surprised at the army's speedy use of the draft despite an apparently brighter trend in the battle of Red-invaded South Korea.

"Now that we are in this thing, we have to have men to make the operation successful," commented Senator Taft (Republican, Ohio).

"I had hoped they could be obtained on a volunteer basis, but if they can't, the draft will have to be used."

The Defense Department said in a statement that the draft call—the first since January, 1949—was required to meet the manpower ceiling approved by President Truman last week. The exact figures of the total increase have been kept secret. Military officials are relying heavily on volunteers to reach its goal.

Gen. J. Lawton Collins, army chief of staff, and Gen. Hoyt S. Vandenberg, air chief of staff, left tonight for Tokyo to confer with Gen. Douglas MacArthur on the Korean situation.

Draft Chief Hershey told a news conference shortly before the Defense Department's announcement was issued that if the draft call goes as high as 300,000 men, Only men aged 19 to 25, inclusive, may be drafted under the present Selective Service Act, as authorized by Congress. The law says every American male must

Security Act. So consequently, a continuous informational program on this provision of the Act is needed to inform people of their rights.

You have many civic clubs and other community resources in your town and county. Social Security is just another of your community resources. How can you use it? Here are a few suggestions:

1. At the request of an employer, president or program chairman of a civic club or agency, a representative of my office will be happy to attend a scheduled meeting to explain briefly Old-Age and Survivors Insurance and to answer any questions on the program. This service is free as are all other services of the office.

2. My office can supply any employer, individual, or club or agency with simply written pamphlets on the several Social Security programs. These are also free. All you have to do is to write for them.

3. Also available at my office are posters on Old-Age and Survivors Insurance which are suitable for display on bulletin boards. There are especially recommended for employers and agencies. Upon request these will be sent without cost.

If each club or agency in your town or county would devote a part of one meeting to the discussion of Old-Age and Survivors Insurance, loss of benefits would be reduced in your county. Plan to

do this during the fall or winter of your program year. Let's cooperate in serving your community.
