Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I have had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then, when I started taking HADACOL, I I started taking HADACOL, felt better immediately. I've go a bottle in the house now-and a bottle in the house now—and will continue to keep HADACOL from now on. I have told many folks about HADACOL—and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."
