"The Sunday School Banner," A NEW ENTERPRISE!

The Undersigned, themselves Members of the Sabbath School, propose to commence in the city of Raleigh, on or about the 1st of next May,

"THE SUNDAY SCHOOL BANNER." And in the commencement of this little work of love, being boys, ourselves, may we not appeal to every Sunday School boy, and girl in North Carolina to come up promptly to aid the undertaking. In our own State, there are very many Sabbath Schools, and from the best information we have, the scholarship is large and increasing, and it is from them we look for that patronage which is necessary to improve and keep floating, this native standard which we propose for their benefit. It is not for pecuniary gain that the "BANNER" is established; it has for its aim higher objects, and if we succeed in our enterprise, it will be to us in after life a source of great satisfaction to know that, in our boyhood days, we gave a helping hand to Sunday Schools, the preparatory schools for places of high trust and position, in the work of our Heavenly Father.

Its name sufficiently indicates the object which is to control its editorial conduct. There is necessity however for the remark that it will not be denominational, but alike open to all the Sabbath Schools of this State for contributions, in which there is no spice of sectarianism.

The "BANNER" will be issued monthly on handsome type, clear white paper and will contain fourteen columns reading matter, quarto length. We trust sufficient encouragement may be offered to justify the undertaking.

Prospectus. THE PUBLICATION OF THE NORTH CAROLINA PRESBYTERIAN will be resumed in Fayetteville, on Wednesday, the 2nd of January next.

Confidently relying on the hearty support which we have heretofore received, we shall endeavor to render the paper more attractive both in appearance and matter, than it has ever been, sparing neither pains nor expense in the accomplishment of this purpose.

With the passing away of old things, a new spirit of activity, energy and enterprise, has been infused into every department of social thought and business. Why should not the Church, also, partake of the progressive advancement? Why should she, of all the agencies, brought to bear with such tremendous force upon the civilization of the present time, be inefficient, laggard and almost hopeless, in the working out of her own destiny?

To arouse the church to the importance and necessity of work; of unceasing, restless, tireless energy in the service of her Master and Head; this shall be our first chiefest aim. In this we need assistance. We are not alone, sufficient for these things. Our brethren must help us in every way; by contributions from their own stores of thought and study; by zealous co-operation in a common cause, for the benefit of all; by extending our circulation throughout all our borders, and thus giving us the means and opportunity of performing well the work to which we have consecrated all that we have, and all we hope for on the earth.

The Cosmopolite. ON THE FIRST OF JANUARY WE WILL commence the publication, in the city of Baltimore, of a monthly Literary Magazine. There is no publication of this character now issued South of New York city, and the closing of the war has left a large portion of the people of the country with no literary representation.

The Cosmopolite will be devoted to literature, art, reviews, scientific reading, and we shall number among its contributors some of the first literary men of the South, with others from the North, and from London and Paris.

All matter and original will be carefully selected from the best and best of the English, French and German Publications; and its Editors will spare no effort or expense, to make it rank with the very best magazines of the country.

As it is our intention, we have established the Cosmopolite upon no sectarian basis. We hope to make it the order of general literary alliance; and will be unshaken by any party or clique whatever. It will be mailed to subscribers in any part of the country upon receipt of the following
