LOCAL AND STATE ITEMS

NEW ADVERTISEMENTS.—Court Notice.—A. J. Mason, U. S. C. To Railroad Contractors.—Jas. C. Turner, John H. Ennis. Various articles. Dancing School.—Miss Rose Cameron. Strassian Milk of Roses.—Dr. E. Sill.

What has become of the Henderson Index? We have not received it for two weeks. We see it announced that Mr. Edward B. Fullings, of Charlotte, has been appointed Collector of Internal Revenue...

For several weeks we have been compelled to omit most of our selected miscellany to make room for several very important acts of Assembly. We have a number of important acts still on hand in which the public generally are interested...

JUDGE CLOUD did not set aside the verdict in Hardy's case, as the Statesville American infers, but simply imposed upon the prisoner the lowest penalty prescribed by the law in cases of manslaughter.

The letter of Mr. Malloy, Mayor of Cheraw, was received by us on Thursday morning last just as we were starting to Davidson Court, but a few hours before we were ready for press. We gave it to the foreman with instructions to publish it in the local column, but by one of those mix-ups which so often occur in a printing office the figures were transposed...

"CALLOR."—The readers of the Old North State for the years 1866-67 cannot have forgotten the beautiful pieces then contributed to its columns by "Callor." For more than a year her contributions have been wanting and have, doubtless, been much regretted by our lady readers especially.

We make our acknowledgements to Messrs Mock & Brown for the compliment of a new and fashionable hat. How grateful we feel can only be imagined by those who know how proud we are, and what a "seedy hat" we have been wearing for some time past—the only one we had.

Davidson Court.—We attended Davidson Superior Court on Thursday and Friday of last week, stopping with our old friend Mabry, who entertained us in his usual elegant style. Only two cases of importance came before the court while we were there—the case of the State against W. F. and David Henderson, which was removed to Forsyth county, where it will probably be disposed of in some way next week or the week after, and the case of the State against John Wagoner, indicted on the charge of stealing a mule, which was tried and the defendant acquitted.

VIRGINIA.—Of the thirty eight conservative papers in Virginia, thirty-two have taken ground for Walker, and of the remaining six, but one opposes voting for him. There can be no doubt of the election of Walker and the expurgation of the Constitution if the Conservatives but half do their duty.

IMPORTANT TO FARMERS.—The May number of the Carolina Farmer is on our table. Like all its predecessors, it is handsomely printed, and filled with a large number of interesting and seasonable articles. We are glad to learn from the proprietor that the Farmer is a decided success, its patronage already being much larger than his most sanguine expectations had predicted.

Democrat's Magazine for June is upon our table, and is quite equal, if not superior, to any of its predecessors. The patterns which accompany this Magazine are worth the subscription price besides the fashion plates, reading matter, &c.

We are glad to learn that the firm of Messrs. Pierce, McCurdy & Co., Real Estate Agents, of this town, of which our townsmen, the Messrs. R. T. Fulghum and B. F. Whitefield are members, have formed a connection with the North Carolina Land Company, of Raleigh, which we trust may prove of mutual benefit to both companies as well as to this community.

The people of Haywood are in about as good condition financially as the people of any other county in the State. So far as we have learned, only one Haywood man has taken the benefit of the Bankrupt Law, and he was forced into it by circumstances absolutely beyond his control.

It will be seen by advertisement that "Fairview Female College" (formerly "McKenney College") in this city, is to be opened in September next, by Professor P. D. Harshart.

Mr. Smith, President of the N. C. Railroad, offers a reward of \$100 for the detection of those who are in the habit of throwing stones into the passenger cars at Charlotte. We hope the offenders may be apprehended, for the guilty person or persons deserve the severest punishment for such mean conduct.

Destruction of Wheat in Anson.—We are distressed to learn that the farmers of Anson county have found it necessary to plough up their wheat fields, one of the most disastrous hail storms ever experienced, having destroyed the wheat of that section Wednesday night. This is truly distressing, not only that the labor of so many months should be brought to naught, but that we should be afflicted by the loss of such promised grain.

Narrow Escape.—Last week four calves, while grazing in the yard of Mr. R. A. Springs, of York county, S. C., were attacked by a terrier, and in their efforts to avoid the dog, one of them fell into a well 45 feet deep, with six feet of water. Mr. S. was absent at the time, so Mrs. Springs had to send to the field for a man to extricate the calf; and strange to say, when it was drawn from the well, it was found alive and unharmed.

Bishop Wightman, of South Carolina.—The Rev. Bishop Wightman, of Charleston, S. C., a Bishop of the Methodist Episcopal Church, South, preached on Sunday, both morning and evening, at the Church of the Strangers, in the New York University Chapel, on Washington square, of which the Rev. Dr. Deems, formerly of North Carolina, is pastor. The Bishop was on his way to St. Louis to attend to some official business, and was prevailed upon by his old friend, Dr. Deems, to remain with him over Sunday. This is probably the first time that a Southern Methodist bishop has preached in this city since the great division of the Church, which took place in 1844.

Beautiful Monument.—The heirs of Hon. Richard S. Donnell, who recently had erected over his remains, a most beautiful monument of pure white marble. This monument is now the largest in Cedar Grove Cemetery, being nineteen feet in height and weighing more than nine thousand pounds. It is a tasteful and ornamental work of art, and was erected under the supervision of Jas. A. Bryan, Esq., by Mr. Wm. Jones, whose handiwork is too well known in the city for us to speak in its praise. It is enough to say that Mr. Jones placed the monument in position with his usual skill.

Hunc semper meminisse jurabit. While on the reverse are found the following words: "Beaufort county, his chosen home, records her gratitude for many years of unselfish and distinguished services, upon his honored tomb."

"Let us Have Peace."—We are sorry to see that the editors in Raleigh and Newbern quarrel so much, and sometimes use such ugly language towards each other. It looks bad and gives strangers an unfavorable idea of journalism in North Carolina. It is much more pleasant to keep in a good humor than a bad one.

There is no State or National election pending to cause "bad blood" to be exercised, and we hope our Raleigh and Newbern cotemporaries will permit us to suggest the propriety of their conduct. If we find we cannot produce more friendly feeling and less violence between them, we shall protest against their being considered representatives of the Press of the State. For a long time past the public has seen no exhibitions of bad feeling among the editors of Wilmington, Greensboro, Goldsboro, Salisbury, Charlotte, &c. In Charlotte we are not aware that anything but peace and good feeling prevails, though we may sometimes differ about men and measures; and we do not consider it presumptuous to ask our Raleigh and Newbern cotemporaries to follow the gentle example of the Charlotte editors.

There is said to be one street in Philadelphia, where the atmosphere is so impregnated with the rum sold in the neighborhood that the very horses shudder as they pass through it.

Maj. Seaton Gales.—We have known for some weeks that this well known citizen, so long associated with the press of the State, has been invited to deliver the Literary Address of the next Annual Commencement of Davidson College. He has accepted the invitation. The Major is an unusually graceful writer, and a tasteful and appropriate address may be expected.

CAUTION AGAINST SWINDLERS.—The Mayor of New York has thought proper to publish the following caution to the people of the South which they will do well to heed: "I beg to caution strangers against New York circulars and prospectuses of tickets, shares and chances in co-operative unions, or gift enterprises, or dollar stores, or any other possible scheme whereby property or value is promised greater than the price asked to be paid."

Intelligence from Georgia leaves no doubt of the throwing overboard of Bullock, who is a candidate for renomination to the Governorship. Instructions have been sent out from Radical Senators here to discard Bullock, because he procured the rejection of the fifteenth amendment by Republican votes. His aim was to secure the impression that by this action the State deserved to be totally reconstructed over again but he has overleaped himself.

SILL'S WILD CHERRY TONIC AND ALTERANT, For Indigestion—Liver Complaint—Torpid Bowels, Nervous Debility, and Broken Down Health, from whatever cause. THIS elegant and truly valuable Medicine, has from time to time, been in extensive use, for the last twenty-five years. It has been sold, and is well known in many of the leading cities and towns, viz: Charlotte, Raleigh, Augusta, Atlanta, Charlotte, Columbia, &c., and is highly valued, by the multitudes of people who have used it. Many in this town and surrounding country, have enjoyed its benefits, and will no doubt, well remember it. A great number of the strongest, and most unqualified certificates of its value, have been voluntarily tendered the proprietor, many of them from persons of highest respectability and intelligence. The Medicine is pleasant to take, and perfectly free from the possibility of harm, under any circumstances or conditions of health,—indeed it is perfectly safe, even for an infant. It is especially adapted to the present season, when the approaching warm weather occasions such a degree of lassitude, and debility, particularly in weakly and prostrated systems, as often to become almost insupportable. Price \$1.00 per bottle. Prepared and sold only at April 9-14-15 E. SILL'S Drug Store, Salisbury, N. C.

PECTORAL BALM! An approved and effective Remedy for Chronic Bronchitis—Asthma; the wasting Coughs in advanced age; Bleeding from the Lungs, &c., and capable of doing more real service in confirmed Consumption, than all the Expectorants, Cough Mixtures, &c., extant. It is scientifically compounded of ingredients well known for their virtues and adaptation to the diseases named; and is the result of long and extensive experience and patient investigation of the laws of the animal economy; together with an intimate knowledge of the medicinal agents, in their physiological and therapeutic effect on the human system. It is quite unlike the numberless Expectorants, Pectorals, &c., so recklessly and persistently palmed upon the suffering and confiding people; in the fact, that it is not an Expectorant, per se; nor is it loaded with Opium or Morphine, in order to lull the poor sufferer with its delusive influence. Many a valuable life has been sacrificed and expostulated to a premature grave. On the contrary, it is calculated to check excessive expectoration, which of itself is exceedingly exhaustive, and by its general and specific action, to heal and soothe the weak, inflamed and irritated organs. Of the several ingredients which compose this valuable Balm, there is no one, which is not constantly used, by the best Physicians, in the diseases enumerated, and of many eminent medical gentlemen, to whom its composition has been made known, there has not been one, who has not highly approved it; and in some instances, have not only prescribed it for their patients, but have used it in their own cases, with marked advantage. Prepared and sold only at April 9-14-15 E. SILL'S Drug Store, Salisbury, N. C.
