RALEIGH REGISTER And No. Carolina Gazette.

WESTON R. GALES, Editor & Proprietor.

To be published, after the first day of January, 1840, twice a week at Five Dollars, and once a week at Three Dollars per annuin.

The Register is the oldest Newspaper in North Carolina, and has been published under the same name, in this City, ever since the year 1799, during the whole of which time it has been either under the control of the present Editor or his Father. Having taken charge of its columns, at an early period of life, the present Editor has andeavored fearlessly to assome all the responsibilities of his station, and to fulfil, to the best of his abilities, the obligations which devolved upon him. The continued, and constantly increasing support of a generoos community, leads him to hope that he has not altogether failed in his efforts, and that his labor has not been in vain.

Located at the seat of Government of the State, the Register has decided advantages in obtaining and disseminating early and important information. Unconnected, also, in any way either with the State or National Government, and not dependent, in the slightest degree, upon any patronage, other than that derived from its subscriptions, its course is entirely Free and In dependent. Its highest ambition is to support the cause of the People, and, in return, to be supported by the People

The political character of the Register is known. It is generally opposed to the course of policy, the measures and principles of the present Administration But the politics of the present day, and the movements of the present parties, are not alone the objects of discussion and solicitude. The eye of the Patriot is turned anxiously to the future; and to maintain the honor, welfare and happiness of the Country, important PRINCIPLES are to be sustained .-These principles, in our judgment, are-the preservation of the Union of the States; the maintenance of the rights of the States; economy, simplicity and accountability in the Administra- He has a very large scar on one of his legs tion of the Government; a jealous watchfulness of all power, and especially, of executive power ; and a regard to virtue, honor and merit, in the selection of men called upon to take a

part in the administration of public affairs.
In furnishing the realers of the Register with the news of the day, the Editor seeks to be concise and accurate. The Proceedings of the State Legislature will be published in detail, and the doings of Congress will be given, divested of the mass of combrons matter which psually accompanies the daily Reports. The earliest information will also be given of all that relates to Internal Improvements, Agriculture, &c. With these few brief remarks, this Prospec

tus is submitted to the Public. Raleigh, October, 1839.

Mocksville Academy.

E. TROY, respectfully informs the pub Le lie that he has taken charge of the Mocksville Academy. From the healthy situation of the village, and the morality of the community. he hopes to be patronised by an enlightened pub lic. The first session will commence on the 13th January, 1840.
