De Brandreth wishes mankind to consider this truth that health solely depends on the state of purity in which the blood is kept, every part of the body being supplied daily with new olood from the food consumed, consequently, according to the purity of that blood, so must the state of the body be more or less healthy. To obtain, therefore, the most direct purifier of the blood, is a question of no little importance to every indi-

That Brandreth's Pills are the most direct puriflers of the blood there will be no doubt when it is considered that they have gained their pre sent very extensive sale by their own intrinsic merit, proved by the numerous cures which they have accomplished in every variety of disease.

The peculiar action of these pills is most sorprising -their operations being more or less powerful, according to the pureness of the circulating fluid. On a person in a fair state of health, who is only costive or slightly billious, they will be scarcely felt - on the contrary, if the complaint be chronic, and the constitution much deranged, the effect generally at first is most powerful, until the system be freed from some of its most vitiated and turgit humours. This accomplished, dose-sufficient to cause two or three evacuations daily, will soon remove the disease, and the constitution will be restored to a state of health and renewed vigor.

The thousands who use and recommend these pills, is proof positive of their extraordinary and beneficial effect. They in fact assist nature to do all she can in the curing every form and symptom of the only one disease to which the human frame is subject, namely: impurity of the blood or in other words, and impure state of the fluids. These pills do indeed "assist na thre" to all she can do for the purification of the human body; yet there are numbers whose cases are so bad, and whose bodies are so much debilitated, that all that can reasonably be expected is temporary relief, nevertheless some who have commenced using the Pills under the most trying circumstances of bodily affliction, when almost every other remedy had been altogether unavailing, have been restored to health and happiness by their use. Dr. Brandreth has to return thanks to a generous and enlightened public for the patronage they have bestowed on him, and he hopes by preparing the medicine, as he has ever done, to merit a continuation of

Dr. Brandreth's office is now kept at the subscuber's Boot and Shoe store, 6 doors below the Market Main street, Richmond, Va. where the Pills can be obtained at 25 cents per box. Pagents in the country supplied as usual.

PROSPECTUS

Western Carolina Temperance Advocate, A monthly paper devoted to the Temperane Re-form, published at Ashvile N.C., and edited by D. R. M'ANALLY.

The Temperance Convention that was held at this place early in September, resolved on publishing a paper of the above title and character, and appointed Dr. John Dickson and D. R. M'Anally to conduct it. From the many pressing engagements, Dr. Dickson already has, he deems it impracticable for him to be recognised as one of the editors, though he will cheerfully use all his influence otherwise, to promote its interest; the subscriber therefore, proceeds to issue this Prospectus in his own na me, with a hope that he will be aided in the undertaking, by all the friends of the Temperance cause throughout the country, and that the paper may suon have an extensive circulation.

Friends of the Te:aperance Cause! to you we make a most earnest appeal-while thou sands of dollars are annually expended at thea tres, at circuses, at the race track, at groceries, while no pains are spared, the luxury of retirement and ease foregone, and no labor deemed too severe to advance the interests of political aspirants, can you not do something in a cause that must be dear to every true patriot, philanthropist, and christian? Recollect there are but few, very few, such papers in all the Southern country. The Western part of North Carolina, the Western part of Virginia, and the Eastern part of Tennessee particularly, need a periodical of this kind, and it is for you now to say whether they shall have it.

The very low price at which it was fixed by the Convention, will make it necessary, that a very large subscription be had, before the publication of it can be justified.

TERMS.

The Western Carolina Temperance Advocate will be published on a medium sheet, in quarto form, each number making eight pages, and will be furnished at the very low price of Fifty Cents a copy. Where single copies are taken, the payment must be made invariably upon the reception

WEEKLY MADISONIAN,

For the next Session of Congress. HE approaching session of Congress will, doubtless, be one of great interest. It will close up some, at least, of the affairs of Mr. Van Buren's administration, and usher in the more auspicious dawn ot a new and better order of things. The scenes in Congress will probably be exciting. On one side we shall see the struggles of an expiring faction, and on the other a triumphant party, armed with the confidence of the people, imposing judicious restraints open the ply of Groceries convulsive throes of their opponents, and shield ing their country as far as possible from the dan gers of malignant and rockless violence, and en deavoring to avert the embarrassments which defeated men, stung with disappointment, will seek to throw in the way of the new administration. On the third of March next, 12 o'clock, for his customers who P. M., Mr. Van Buren's dult star will vanish, settle, and those who have and immediately in its place shall we behold the assured if it is not done have

rising sun of HARRISON. On the 4th of March, General Harrison, as cer for collection. President of the United States, will attend in the Chamber of the House of Representatives to take his oath of office, according to the direc tion of the Constitution. On his entrance, as on the entrance of Washington, and Jefferson, and Madison, the audience will not be able to stifle their disposition to appland. Having taken his seat on the elevated chair of the Speaker of the House of Representatives, the Vice President, Mr. Van Buren, (if present,) and the Secretary of the Senate on his right, the Speaker and Clerk of the House of Representatives on his left, and the Chief Justice of the United States and associate Judges at the Clerk's table, he will proceed to deliver his inaugural speech, after which he will receive the oath of office from Mr. Taney, Chief Justice." He fer to hand bills. will then retire, and such hozzas will go up from the multitude around the Capietl as have never

been heard. Such will be among the interesting incidents which will occupy the columns of the Weekly Madisonian. The paper will contain leading speeches, spirited sketches of the debates, and a summary of the results of the proceedings in cal news of the day. It will contain the official returns of the vote in the Electoral Colleges for President, which will be opened in the presence of Congress, and the Inaugural address of the President. This will include the time comprehended between the opening of Congress in December, and its adjournment on the 4th of March. Subscription price for this period FIFTY CENTS. Terms cash, in advance. Bank notes of every description received at their specie value. Postmasters will act as agents, and be allowed a commission—they are also authorized by the Department to forward subscriptions under frank. Letters must come to us free, or postage paid.
