

WATCHMAN.

SALISBURY: SATURDAY, APRIL 10, 1841.

We are authorized to announce the name of Mr. R. R. ... as a candidate for the County Clerk of Rowan.

THE SUPERIOR COURT. The Spring Term of this Court, Jones ... was convicted of the murder of ...

PROSCRIPTION! PROSCRIPTION!! This is the cry of the Locofocos in these latter days. They sound it loud and long.

A matter to be remembered by the friends of the 11th District. A Federal paper, eulogizing Col. Byrger, remarks that "he will run like blazes!"

This, reader, is a specimen of the cleverness, fairness, truth and justice of the editor of the "Mecklenburg Jeffersonian."

Our numerous Patrons in the Eleventh District, will be particularly gratified in the perusal of Col. BARRINGER'S Circular, which we give in this paper.

Fourth District.—We understand that the Hon. Charles Shepard declines a re-election in this District. No nominee of the Opposition has yet been named.

The Raleigh Register says—"The Whig candidate for this Congressional District, James S. Smith, has been on a visit to our city, the present week, and has been cordially received by his political friends."

At Dr. Smith will have a meeting with the late representatives of the Whig party, to give way for Judge ...

Eight Locofoco ... from North Carolina ... Fisher, Henry ...

Gen. Harrison will have a meeting in the House to support his nomination in the Senate, there is also a majority ...

George Loyall, has been re-appointed ... as a candidate for the County Clerk of Rowan.

THE PRESIDENT'S HEALTH.

rumor having already spread the news of the position of the President, it is deemed proper to say here, from information which may be relied upon, that he was attacked on Saturday last by a severe Pneumonia, which we are gratified to learn, had, at a late hour last evening, been greatly subdued.

The President's Health.—The National Intelligencer of 1st Inst. says—"We learn from the Physicians attending the President that, at eight o'clock last evening, there was a slight improvement in his condition."

The Intelligencer of the 3d Inst. says—"We are informed by the attending Physicians that there is no material change in the condition of the President since Tuesday evening."

COUNTERVAILING DUTIES.

[From the National Intelligencer.] The effect calculated to be produced by countervailing duties may be seen by the second resolution passed at the meeting of the American Chamber of Commerce held in England on the 24th of March of this year.

The following is the resolution in question: Resolved, That this Chamber, being composed of members deeply interested in furthering the commercial relations between this country and the United States of America, feel it incumbent on them to express their thorough conviction that, unless some important modification of the existing duties takes place in respect to flour, rice, tobacco, cotton, and other articles, the growth of that country, changes in the tariff of the United States will be produced to the course of this year, highly injurious to the British interests, and especially detrimental to its principal manufacturers.

A writer in one of the Foreign Encyclopedias calculates that if the natural resources of the American Continent were fully developed, it would afford sustenance to 3600 millions of inhabitants, a number five times as great as the entire population of the globe.

And what is more surprising, there is every probability that this prodigious population will be in existence within three or four centuries. The imagination is lost in contemplating a state of things which will make so great and rapid a change in the condition of the world.

What then will be the state of society in America two centuries hence, when a thousand or two thousand millions of civilized beings are crowded into a space comparatively narrow, and speaking only two languages, as will doubtless be the case? His torious that wealth, power, science, literature, all follow in the train of numbers, general intelligence and freedom.

From the Niles Advertiser and Chronicle. ELLSLEY NEW ORLEANS. The Ellsley mania is raging in New Orleans with great violence.

The St. Charles was literally crowded last evening, and showed a beauteous and wreath were cast at the feet of the actress by the admiring audience.

The excitement relation to this charming danseuse continues to extend and increase itself into the minds of even those who thought themselves impregnable to her magic influence.

We have some apprehensions for the fate of our neighbors of the Pic, but hope they will live it through.

But Bradbury of the Native American seems to be proof against the fascinations of the charmer. He talks to our nation. He says: Just as we expected! The Bee, the Advertiser, and the Picayune, have all melted into rhapsodies and extasies—all their efforts to preserve the balance of good sense were fruitless.

Fortunate Rescue of Lives.—We learn (says the Bedford Mercury) that the prisoners confined in the House of Correction in this town narrowly escaped from untimely deaths on Friday evening, in consequence of inhaling the gas produced by the combustion of coal.

MELANCHOLY INTELLIGENCE.

DEATH OF PRESIDENT HARRISON. We stop the press to announce the melancholy news of the death of WILLIAM HENRY HARRISON, late President of the United States.

The Intelligence of this National bereavement is brought to us in the following Circular from Washington: CITY OF WASHINGTON, APRIL 4, 1841.

An all-wise Providence having suddenly removed from this life, WILLIAM HENRY HARRISON, late President of the United States, we have thought it our duty, in the recess of Congress, and in the absence of the Vice President from the seat of Government, to make this affecting bereavement known to the country, by this declaration, under our hands.

He died at the President's House, in this city, this fourth day of April, Anno Domini, 1841, at thirty minutes before one o'clock in the morning.

Secretary of State. THOMAS EWING. Secretary of the Treasury. JOHN BELL. Secretary of War. J. CRITTENDEN. Attorney General. FRANCIS GRANGER. Postmaster General.

Thus has died a pure patriot and faithful public servant. Full of years and full of honors, he has left the cares and troubles of this world, to enjoy, we earnestly hope, an immortality of happiness in that better world, where a crown of glory is laid up for those who can render a good account of their "deeds done in the body."

Drawback upon Pleasure.—On Monday evening, as a jarring party, consisting of Mr. John West, groom, and Mr. Robert Nixon, groomsmen, were about to depart from their residence in Hopkins Court, Kensington, for the bride, in carriage specially prepared for the occasion, a rat door neighbour, in the exuberance of his joy for the event, fired from his window, over the horses heads, a musket, well loaded.

THITEXIAN LOAN IN PARIS. We copy the following from the New York Courier & Enquirer: PARIS, February 14, 1841.

Messrs. Editors: As the Commissioners of Loans of the Republic of Texas were instructed by their Excellency President Lamar, in the event of their getting a negotiation of the loan for that Republic, to make a public announcement of the fact, to the meritorious holders of the securities of that Government who may be in the country the hour of its necessity.

I found a duplicate of this letter per the Havre packet of the 16th, and shall enclose it to the Thitexian Consul at New York per the Amen Minister's letter bag from London.

Sie Cold in Europe.—The cold of the last winter was unusually severe in all parts of Europe. Three thousand persons are reported to have died in Sweden. In Bohemia and Moravia all ponds were frozen to the bottom.

ALTAR OF HYMEN.—Those whom love cements in holy faith, equal transport, free a Nature give.

MARRIED. This County, on the 25th ult., by the Rev. S. H. ... Mr. Charles Klutts, to Miss Ostina Walton, daughter of Jacob Walton.

THE COURT OF DEATH. It pass this gate in one promiscuous crowd, the grave, the gay, the humble, and the proud.

DIED. At Macon, Geo., on the 6th ult., Mr. John Oglesby, (printer), aged 37 years, a native Lynchburg, Va.

LATH. GRANDSIRE BY THE AMERICAN ECLIPSE, THE CHAMPION OF AMERICA: WINNER OF THE GREAT MATCH RACE. THE NORTH VS. THE SOUTH: \$20,000 ASIDE!

The thorough-bred Horse LATH, bred by Col. W. Hampton, of South Carolina, will make his third season at Salisbury, commencing on the 21st inst. and ending on the 20th of June next, at \$25 the Season, and \$10 in Lure, the money to be paid as soon as the mare is ascertained to be with foal, or the property changes owners, and fifty cents to the groom.

DESCRIPTION, PERFORMANCES, &c. LATH is a fine bay, without white, 15 hands 3 inches high, with good bone, and capital action. At 3 years old, he won the produce stake at Columbia, 2 mile heats, beating Mr. Taylor's Gilly, Daisy, and Captain Spain's Colt, &c. In the next season, nine others paying forfeit. Two weeks afterwards he won the Jockey Club Purse, 3 mile heats, at Augusta, beating Kite, and distant running Black Bird. At Charleston he was beaten by Cl-chopper for the Jockey Club Purse, 3 mile heats; being very much unwell, he was drawn after the first heat. At 4 years old he won the Jockey Club Purse, 3 mile heats, at Camden, beating Sir Kenneth and Dorabella at 3 heats; losing the first in consequence of bolting when several lengths in advance of the field, just before he reached the judges' stand; and getting entangled amongst the carriages, he sustained an injury which occasioned his withdrawal from the Turf.

LATH was a race horse of the first class, which he evinced in his trials with Bay Maria, Charlotte Russe, and Kitty Heth, and in point of blood he is inferior to none, whether imported or native. His constitution is robust, having never been sick, and his temper good. His color, form, and action, speak for themselves. In a word, Lath unites in himself as many claims to public patronage, as any young Stallion that I know of.

W. HAMPTON. Willwed, Jan. 22, 1839.

From the above Certificate of Col. Hampton, who bred and had LATH trained for the Turf, it will be seen that he considered him a Race horse of the first class, not only from the races he has mentioned as having run publicly, but from private trials he has made with horses which are now on the Turf, and running with considerable success. It will also be observed by his certificate, that he considered Lath of the purest blood, not to be surpassed by any horse, imported or native.

I consider it entirely unnecessary to attempt to eulogize LATH, either for his performances on the Turf or as to his blood, since in every respect he is so well attested. But will remark that LATH has not only descended from pure blood, but has come from stock both Sire, Grand sire, Dam, and Grand dam, that are of the running blood. For instance, his sire Godolphin made his four miles in 7 minutes and 50 seconds, his Grand-sire, the American Eclipse so well known at the North and South, made his time in the great match race, the North against the South, \$20,000 aside, in 7 minutes and 37 seconds, which Eclipse won with considerable ease. This race which gained him the memorable name of the Champion of the North; his dam sire by the renowned Sir Archy, whose

reputation as a race horse is undoubted, and unquestioned both in England and America. The grand dam of LATH, Old Lottery, bred by the great Southern Amateur of horses, Col. R. Singleton, of South Carolina, has produced more fine race horses than any other mare in the Union. There will be seen that there is united in LATH two of the best studs of the South, Hampton's and Singleton's, crossed with Gen. Coles, of the North.

The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the horse, as rarely occurs in this section of country. And the Public can have in addition, in a short time, the opportunity of judging more satisfactorily of Lath's blood &c. by his colts, of the last Spring's get, as it is expected there will be many of them dropped by mares in this section in a few days. As a sure foal-getter, Lath stands almost unrivalled, as is proved by his last Spring's services—so very few of the large number of mares put to him not proven in foal. R. W. I.

N. B. Mares sent from a distance will find LATH always at home, as he will not be removed from his stable in Salisbury, under any circumstances, during the Season. April 10, 1841—2x37 Postscript.—CERTIFICATE. The undersigned having been asked by Col. Long, for an expression of an opinion of Lath, as a foal-getter, take pleasure in stating that we have bred to him, and that we are much pleased with his colts, and having seen a number of his get, would recommend him as a fine horse and sure foal-getter. D. A. DAVIS, MAX CHAMBERS, THOS. L. COWAN, DAVID KERNS. April 6, 1841.
