### mail Road Meeting in Davidson. LEXINGTON, MAY 17, 1849.

In pursuance of previous notice, a large number of the citizens of Davidson County, met in the Court-House on Tuesday the 15th of May, and appointed Dr. CHARLES L. PAYNE, Chairman, and CHARLES MOCK, Esq., Secretary.

Est, who explained its purpose to be the appointment of Delegates to the Central Rail Convention in Salisharr the 14th June, next. He urged with force and real the importance of attending said Convention, and no-becating with the friends of the enterprise from the event Counties on the route, in consulting, and devisthe ways and means of securing its success. The ights of experience in other States should guide and direct and encourage us. The hope of regaining the poation and influence our State once occupied, in the formation of the Confederacy, should induce us to arouse from our apathy and indifference to State policy. And above all, the strong and affectionate incentive of staying the westward tide of emigration should induce us, as lenburg, were unanimously adopted : patriotic citizens; to extend a more parental attention to schemes of internal improvement. Our geographical witton between the North and the South, the Atlantic ecean and Mississippi river, would secure the travel; our climate, from its variety and salubrity, would invite inters; our soil and land, from their numerous and rich agricultural and mineral resources, with the resent growth in manufactures,-all combined could not fail to make the stock and profits of the Central Rail Road profitable, desirable, and indispensable .--Then, we had but to resolve that labor and provimons and materials are capital-and all these we have and in union of private enterprize in the several counties on the route, the Central Rail Road can and will be built The 36th section of the charter, requiring \$500,-000 to be paid in to secure the State's subscription, upon a fair, fiberal and legal construction, could be met with the same assurance of good bonds and securities deposited with the Treasurer of said Corporation, which secure the several bank charters of the State. In conhe offered the following Preamble and Resolutions; and warmly urged all to go home and prepare to ment in Salisbury, the 14th June, to unite in carrying it this noble enterprize for themselves and their poste-

#### Public Meeting in Caldwell.

A numerous and highly respectable meeting of the entrem of Caldwell County, was held on the 15th of of considering the works of Internal Improvement authorized by the last Legislature.

The meeting was orgonized by calling Gen. SAMUEL

F. PATTERSON, to the Chuir, and C. C. JONES, Secreta-

ry. The Chairman, after stating the objects of the meeting, made a very sufisfactory explanation of the Charter of the Western Turnpike, and the nature of the fands provided for its completion, and ably set forth the reasons why the Road should be made North of the Catawba River.

On motion, of A. C. Williamson, Esq., the Chairman appointed a committee of five, consisting of Gen. C. W. Chark, Wm. A. Lénoir, A. C. Williamson, Alfred Hariley, and George Conley.

Walter W. Lenoir, being called for, made a very concise and able address, advocating the Turapike, not so naich as a whole or continuous line, but as a chain of valuable links, provided the same be properly located, and showed conclusively, that the route North of the River, in connection with the Caldwell and Ashe Turnpike, wind become a thorough-fare of the greatest importance to our State.

The committee reported the following resolutions : Resolved. That whereas the Western Tumpike is

the only State work which is authorised to be made exclusively at the expense of the State ; it is therefore just and right, that the same shall be so located as best to stomote the general interest of North Carolina, and the lowing BLANKS, to wit: greatest number of her citizens.

Resolved, That in the judgment of this meeting, (and Guardian we believe of every unbiased mind,) that the route via Appeal Statesville, Taylorsville. Lenoir, and Morganton, will he the most useful and valuable in every part,-will Ca Sa serve directly the interests of much the largest and most Bail (State cases) " Valuable section of North Carolina, and by connecting at Lenoir, with the Caldwell and Ashe Turnpike, will form Delivery the best and much the most direct thorough-fare crossing the Blue Ridge to the West, and will be of the greatest importance to the Rail Road interests of North Cardina, and that any route further South, would utterly ful to accomplish these desirable objects. Reinlered. That the distance from Morganton to Statesville, if increased at all, by the route we propose, will be more than counterbalanced by the superior advantages of the route in cost of construction and quality of soil, as most of the Road may be located on gray mandy ridges, equal in many respects to McAdamised mad, near the valleys or farming lands, and on grades remarkably favorable for a road.

Resilved, That in the judgment of this meeting, Morganton be located South of the Catawha river. through the County of Catawba, much the greater part will necessarily cross the country and the channels of trade to nearly at right angles, as to be almost entirely useless for transportation, as the trade to Salisbury from the West and the counties North of the river, will in any event take the route we have indicated, while the counties South of the river, being nearer to the Rail load at Charlotte, will trade there. Therefore, it is plain the further North the road can be located, the greater will be the transportation-the greater the benefits to . the State, and the largest number of her citizeus. Realized. That the route we have proposed is preferable or account of the immense amount of water power North of the Catawba river, especially in the ounties of Caldwell, Alexander and Wilkes, which we think can scarcely be surpassed by any section of the State, and with these and other advantages combined. we believe that this route cannot fail under any circum-Manges to become, ere long, one of especial favor and regard on the part of the State. Should the present be made through the county of Catawba, we fear "" will share the fate of the old State road through the man section-part of which was discontinued at the he masion of the Legislature. Resolved. That the Commissioners and Engineers, "pointed to locate said road, are hereby pespectfully ad earnestly requested to make an examination of the oute we have recommended. Resolved, That the Internal Improvement Convenion to be held at Salisbury, on the 14th of June, next, meets our full approbation, and that a delegation of ten errons he appointed by the chairman of this meeting and this county, to attend said Convention. Wetteville Observer, and Highland Messenger. Convention at Sallsbury, to wit : Gen. C. W. Clark, advertising to business. W. A. Lenoir, A. C. Williamson, E. W. Jones, Miller, L. G. Jones, Jas. C.
