Extract from a letter from F. M. CORY, to H. L. STEWART, Esq., No. 137 Second street, New York.

SPARTA, June 30, 1849.

Dear friend Stewart:—I have been home now just two months. When I last saw you, I had but little hopes of ever getting any better. But I have now the pleasure of thanking you for recommending me to take Dr. Rogers' Syrup of Liverwort, Tar and Canchalagua. I got a dozen bottles of it and took home with me, determined to make a fair trial of it, as I had done everything else. I have only taken four bottles of it, and I must say it has done me more good than any other medicine I have ever taken. On my first taking it, it increased the expectoration, and I raised a great deal of bloody matter from my Lungs. But that has now ceased, and so has my cough, nearly. I cough but little now, and expect soon to be entirely free from it. I consider it an invaluable medicine, and shall recommend it to all who are afflicted with a Cough or Diseased Lungs.

I let a young lady who had the Consumption, and was near a good deal from the Lungs, and suffered several months with our Physician, but grew worse, have one bottle of it, and it cured her. It acted almost miraculously in her case.

Your sincere friend,

F. M. CORY.

BLEEDING AT THE LUNGS CURED!

Read how promptly it acts!

Statement of Mr. A. LANG, Baker, No. 289 Pearl Street, N. Y.—A few days before last Christmas I was taken unwell, and soon commenced bleeding freely at the Lungs: I called on a Homoeopathic Physician, but his medicine did not seem to help me. I read your advertisement, and thought I would try Dr. Rogers' Syrup of Liverwort, Tar and Canchalagua. Before I had taken up the third bottle, my bleeding had stopped, my Cough was gone, and I felt as well as usual. My health is now good. I consider it a most excellent medicine, and cordially recommend it to my friends. [This statement was made to the proprietors, March 12th, 1850.]
