# STATE
# *Mass Meeting*
OF THE
## Constitutional Union Party,
AT SALISBURY,
ON THE
## 11th and 12th October!

*Rally Friends of the Union!!*

A LARGE NUMBER OF THE MOST
## DISTINGUISHED ORATORS
of the country will be here. The following is a list of those who have been invited, and are expected to attend, to wit:

Hon. J. J. Crittenden, of Kentucky; Hons. G. A. Henry, Jere. Clemens, T. A. R. Nelson, and Horace Maynard, of Tenn.; Hons. William M. Goggin, William C. Rives, Geo. W. Summers, and Alex. H. H. Stuart, of Va.; Hon. Benj. H. Hill of Ga.; Hon. Anthony Kennedy, of Maryland.

Among the distinguished sons of our own State, who have been invited and will attend, are

Hons. Geo. E. Badger, Wm. A. Graham, W. N. H. Smith, John M. Morehead, Charles Manly, David Outlaw, Ed. G. Reed, B. F. Moore, Alfred Dockery, Z. B. Vance, R. S. Donnell, A. H. Shepperd, John A. Gilmer, John Pool, Geo. Davis, R. B. Gilliam, John A. Pemberton, and others.

Every county in the State is expected to send Delegates.

There will be grand displays, and the BEST BAND OF MUSIC in the Southern States provided for the occasion.

*A Magnificent Display of Fire Works*
*And a Torch Light Procession!*

Come one, come all, from every nook and corner of the State! Join with us in counsel, and pledge with us your manly adhesion to the UNION OF THE STATES, against all and every foe, whether at home or abroad. The signs of the times are fearful in the extreme, and call in thunder tones for every man who loves his home, his wife and children and the land of his birth, to RALLY TO THE RESCUE.

RALLY FRIENDS,

and let us join hearts and hands in the patriotic work of saving the Union, and preserving the peace and prosperity of our glorious, free, and highly distinguished country. Your Union brethren of Rowan will not spare themselves in their efforts to render you comfortable while here. Their houses shall be open to you, and in every other way in their power, will they endeavor to take care of you. But they are expecting no mere "Corporal's Guard"—no little squad of smoking Disunionists—no little batch of office-holders—no desperate crew, bent on rule or ruin. They are expecting the open-hearted, the free and the whole-souled and determined

UNION MEN OF THE STATE,

who are expecting them by THOUSANDS, and with becoming regard for their comfort, will not deceive them with promises which cannot possibly be fulfilled; and hence, they advise all who can, to BRING THEIR TENTS, and come prepared to shelter themselves in case there is nothing better can be done. Come by all means, for all means to save

A GREAT GROUND SWELL

commence in Salisbury, which shall shake the State from centre to circumference! A grand up-heaval of the honest masses of the People to whom the Country and its Institutions belong, who will here begin to teach Disunionists, and those who would lay their wicked hands on their dearest rights, TO BEWARE!

COME, FELLOW-CITIZENS,

From every point of the compass!—with Banners and Torches, and let us light up our souls with the true spirit of patriotic fire, which shall scorch out those dark and fatal passions which are betraying themselves in the hearts of a few desperate and dangerous men in our midst. Aye! come to this peaceful gathering, ere it be too late, where you will be called upon to SHOULDER YOUR MUSKET IN CIVIL WAR, which will be the beginning of a ruin involving home, family, Country, and all that you hold dear in life.

*One Fare.*—The Wilmington and Weldon, the Raleigh and Gaston, the Goldsboro' and Atlantic, and the North Carolina Railroads have all agreed to pass delegates to the Union State Mass Meeting in Salisbury, *for one fare*, coming and returning. We have not heard from the Western N. C. Railroad, but doubt not the same liberality will be shown by that road also.

SINGER'S
## SEWING-MACHINES.
Prices Reduced to $50, $60, $90, and $100.

THE plain reason why Singer's Sewing-Machines have always sold readily at a higher average price than any other, is that they are better, more durable, more reliable, capable of doing a much greater variety of work, and earning more money. Long-continued popularity is *proof* of sterling merit. In the purchase of what are called cheap Sewing-Machines, thousands have been deceived and disappointed, but with Singer's Machines there is never any failure or mistake.

Singer's Transverse Shuttle-Machine,

to be sold at $50 plain, and $65 highly ornamented, is a Machine entirely new in its arrangement; it is very beautiful, sews rapidly and very easily, and, for family use and light manufacturing purposes, is the very best and cheapest Machine ever offered to the public. These Machines are being increased in number as rapidly as possible, and yet the demand for them cannot be fully supplied.

Singer's No. 1 Standard Shuttle-Machine,

formerly sold at $125, but now reduced to $90, is too well known all over the world to need any description. Every sort of work, coarse or fine, can be done with it.

Singer's No. 2 Standard Shuttle-Machine.

This is the favorite manufacturing Machine everywhere. The size of the Machine gives ample space for almost every description of work, which, together with its admirable working qualities, give it a decided advantage. Price, with table complete, $100.

Singer's No. 3 Standard Shuttle-Machine.

For Carriage-makers, and heavy leather work. Price, complete, $125.

Since the great reduction in the price of these Standard Machines, on the 1st of October, 1858, the sale of them has increased four fold.

All of Singer's Machines make the interlocked stitch with two threads, which is the best stitch known. Every person desiring to procure full and reliable information about Sewing-Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending for a copy of *I. M. Singer & Co.'s Gazette*, which is a beautiful pictorial paper entirely devoted to the subject. *It will be supplied gratis.*

### Scrofula or King's Evil.

Is a constitutional disease, a corruption of the blood by which this fluid becomes vitiated, weak, and poor, being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint, it is generally caused by mercurial disease, bad living, disordered or unhealthy food, impure air, filth and fifty kindred the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation" indeed, it seems to be the end of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which devastates the human family has its origin directly in this scrofulous contamination: and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their personnate invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system, we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such medicine we supply in

Ayer's
Compound Extract of Sarsaparilla,

The most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills

*For all the purposes of Family Physic,* are so compounded that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache, arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the Disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
