

re-election, it was distinctly stated by most of those who voted for the first, and against the second resolution, that they were decidedly in favor of his re-election, but were opposed to Legislative nominations or recommendations in such cases, believing them to be wholly without the province of a Legislature, and calculated to exercise an undue influence upon the people in the choice of their Chief Magistrate. Indeed, we know from our own knowledge, that several who voted in opposition to the second resolution, are, and have ever been the firm and zealous supporters of the President. This explanation is given with a view of exhibiting the subject in its proper light, and of showing to those at a distance that the popularity of Andrew Jackson, great as it has ever been, is, at this day, greater in North-Carolina than at any preceding period.

On Tuesday, the foregoing resolutions, as amended by the Senate, were adopted by the House of Commons by a vote of 88 to 19.

A bill to provide for rebuilding the Capitol in this city, was again introduced in the Senate on Monday. On Wednesday, it was taken up and postponed indefinitely, by the casting vote of the Speaker, there being an equal division—31 to 31.

The bill to establish the Bank of North-Carolina, was indefinitely postponed in the Senate on Tuesday, by a vote of 33 to 28.

The resolution authorising the repairing the Statue of Washington, passed its final reading in the House of Commons on Wednesday, by a vote of 86 to 30.—*Star*.

State Meeting.—At a meeting of the Members of the Legislature and other citizens friendly to the re-election of Andrew Jackson to the Presidency of the United States, convened at the Court-house in this city—on motion, his Excellency Montfort Stokes was called to the Chair, and Alfred Jones and H. M. Miller requested to act as Secretaries.

The following preamble and resolutions, after a brief explanation, were then submitted by Gen. Saunders, and unanimously adopted, viz:

WHEREAS, the freemen of this State and of the Union will be called upon in November next, to choose Electors for the election of President and Vice President of the United States; and whereas it is believed, that a large majority of the people of North-Carolina approve of the present administration of the General Government, and desire the re-election of Andrew Jackson as President; and whereas, difficulties are likely to arise and the will of the people may be defeated in the choice of a Vice-President, unless timely measures be adopted for designating a suitable candidate for that office, and the present being deemed a favorable period for acting on the subject, from the attendance of a number of the members of the General Assembly from different parts of the State:

Be it therefore resolved, That this meeting will unite with their fellow citizens throughout the Union in all fair and honorable means to promote the re-election of Andrew Jackson as President of the United States.

Resolved, That it be recommended to the respective counties composing the several electoral districts to designate a fit person as Elector, in order to form the Jackson Electoral Ticket for this State.

Resolved, That a Central Committee of seven be appointed, whose duty it shall be to announce the names of such persons as may be agreed upon as Electors; and in case of vacancy by death or other casualty, that said committee be authorised to supply it.

Resolved, That this meeting approve of the National Jackson Convention proposed to be held in Baltimore in May next, for the purpose of nominating a suitable person to the office of Vice-President; and in order that the people of this State may be represented, on motion of a member of the General Assembly from each Electoral district, the following persons, viz: Doctor John Carson, of Burke; Meshack Franklin, of Surry; Daniel M. Forney, of Lincoln; John Giles, of Rowan; Robert Galloway, Jr. of Rockingham; Henry Humphries, of Guilford; Louis D. Henry, of Cumberland; Joseph H. Bryan, of Granville; R. M. Saunders, of Wake; Gen. William Williams, of Warren; Doctor David O. Askew, of Bertie; Samuel T. Sawyer, of Chowan; Louis D. Wilson, of Edgecombe; Richard D. Spaight, of Craven; and Owen Holmes, of New-Hanover, were unanimously recommended to act as delegates to said Convention.

Resolved, That in the event of any one of the foregoing individuals being unable to attend, he be requested to communicate the fact to the Central Committee, with the recommendation of a suitable person to act in his place, who shall be substituted accordingly.

On motion of Doctor Montgomery, of Orange,

Resolved, That the following gentlemen form the Central Committee, viz: William H. Haywood, Jr. Johnson Busbee, William R. Hinton, Alfred Jones, R. M. Saunders, John Bell and C. L. Hinton, Esquires.

On motion,

Resolved, That these proceedings be signed by the Chairman and countersigned by the Secretaries, and that the Editors of newspapers in this State friendly to the re-election of Andrew Jackson, be requested to publish them.

The late Fire.—The citizens of Fayetteville have forwarded, through their Magistrate of Police, for the relief of the sufferers by the recent fire in this city, the sum of \$194 20, being in addition to the \$875 noticed in our last paper.— Besides this amount, two gentlemen who are residents of Fayetteville, but who were in the city when the fire occurred, gave \$30; & another individual forwarded from that place, in a letter, \$5; so that the aggregate of the contribution from that town, is, \$1,104 20.

We also learn that one of the sufferers, has received \$26, collected by a gentleman in Fayetteville, for his particular benefit.—*Raleigh Reg.*

The nominations of Mr. Livingston, as Secretary of State, and of Mr. M'Lane, as Secretary of the Treasury, have been confirmed.—*ib.*

Washington, Jan. 14.—The President has occasionally suffered much from the wound in his arm. Recently, the ball which fractured the bone, and remained in the muscle, has produced great irritation, and affected sympathetically the muscles of his shoulder and back. Day before yesterday, he had the bullet extracted, and it gave him immediate relief.

Dr. Harris, an eminent Surgeon of Philadelphia, happened casually in the city, and the President availed himself of the skill of this gentleman, to get rid of his troublesome enemy. Some years ago, while on a visit to this place, it had nearly proved fatal to him. The inflammation was then so great as to threaten mortification, and his life was despaired of by his friends. Unpleasant symptoms recurring, although in a slight degree, induced the President to employ, at once, a radical remedy. When the Surgeon at-

tended, he was immersed in business with gentlemen in his office, to whom he politely excused himself, as under the necessity of submitting to the operation. A few hours afterwards he appeared among his friends, at dinner, with his arm in a sling, as he had formerly appeared with it in battle, among the enemies of his country. Yesterday he was at work again in his office.

Dr. Harris displayed much skill in performing the operation, and particularly in disengaging the bullet (which was rendered very ragged in passing through the bone) from the muscle to which it was attached. The incision made, was necessarily of considerable extent—the ball being large and flatted.—*Globe*.

Virginia Legislature.—It is said, that the Committee on Colored population have determined to recommend an annual appropriation of \$100,000 towards the removal of the free people of color. More was moved, but it failed. We hail this measure with great satisfaction.—*Richmond Eng.*

FOREIGN.

Late and important from Europe.—The Norfolk Herald of Friday last says:—Our correspondents of the Boston Daily Advertiser and Patriot have transmitted us the following intelligence by proof-slip.

Mr. Atkinson, of the house of Atkinson & Rollins, of this city, a passenger in the ship Columbia, from London for N. York, landed at Newport, and has arrived at his residence at Brooklyn. The Columbia left London Nov. 27, and Portsmouth Dec. 1. Mr. A. states that Coffee was rising and the holders were sanguine.

The political news is important. Mr. Atkinson brings a confident report that an insurrection had taken place in Portugal, and that the tyrant Don Miguel had fled.

A letter from Lyons, (France) Nov. 21, states that dreadful riots had taken place between the manufacturers and the workmen, equal to those at Bristol, England.

The Cholera was still raging in England. From the commencement of the disease, Oct. 26, there had been 291 cases, deaths 86.

\$25 REWARD.

RAN AWAY from the Subscriber, in May Court week last, a bright mulatto boy named

JOHN,

About 19 or 20 years of age, 5 feet 6 or 7 inches high, thick set and well built—he has a scar under his jaw, (I think the left jaw,) and thick ankles. He is a shrewd fellow, and will perhaps alter his name and attempt to pass as a free man. His father is a free negro, named Hardy Lassiter, living on Toisnot. The above reward will be given for John's apprehension, if delivered to me in Edgecombe county, or secured in any jail so that I can get him again. All persons are hereby forbid harboring, employing, or carrying off said boy, under the penalty of the law.

EDUCATION.

THE Exercises of my Academy will be resumed on the second Monday of January and terminate the second Monday of December following, allowing a vacation of two weeks in the summer. The course of instruction shall embrace the Latin and Greek languages and the various branches of an English education. Being myself a parent, I know the solicitude felt by others for the welfare and improvement of their children, and will act a parent's part towards those committed to my care. In the discharge of the various duties attached to my vocation, it shall be my purpose to impart to my pupils a critical knowledge of our own language, and the different branches of the Mathematics, together with those sublime sciences, Astronomy, Philosophy and Chemistry—branches (generally too much neglected) though they occupy an inferior degree on the scale of science, are in most conditions of life of paramount importance. As a situation for the instruction of youths, few places combine more advantages—its high and healthy situation, with a spring inferior to none in the State, a spacious and commodious building with a fire place to each room, and what is more desirable, it is entirely secluded from scenes of vice and immorality (for which youths so often contract a fondness by frequent intercourse with such). My residence is situated one mile and a half from Mr. Simms', 16 from Louisburg and 21 from Warrenton.

My terms will be \$40 per session, including board, tuition, bedding, &c. in advance.
