

Martin Van Buren.

OF NEW YORK.

Richard M. Johnson, OF RENTUCKY.

I I has fallen to the humble lot of the un-der-igned to have presented to the A merican People, a third edition of the Bio graphies of the two above named highly distinguished patriotic citizens, whose con stant devotion to the best interests of our Government has led to their designation as a lestimony of the estimation in which their services are regarded by the Prople Whom they have served, as candidates for the two first offices within the gift of a PREE, HAPPY, and FLOURISHING NATION. This token of respect gives to the world additional PROOF that faithful service shall not go unrewarded.

The object of this appeal to the republican portion of our fellow citizens, is to obtain their co operation in the circulation of an edition of 100,000 copies of the joint Biography of MARTIN VAN BUREN & RICHARD M JOHNSON, enlarged, revised and corrected, so as to be valuable to every lover of his country, and alike honorable to the distroguished citizens whom WE THE PEOPLE, intend still further to honos, by their elevation to the offices of President and Vice President of the United States, in the election of 1836. Thus we shall perpetuate the principles of Jefferson, which have been so signally revived, no bly acted upon, and TRIUMPHANTLY CAPried out by Andrew Jackson, who, sourning all flattery, knew nothing but the PEOPLE, the WHOLE PEOPLE, and there respectice rights, regardless of their fortunes, whether rich or poor; thus rendering his NAME and RENOWS as dorable as the EVER-

The arrangement of the volume will be as follows:

2d. Portrait of M. Van Buren, To be followed by his Biography, enlarged, including several valuable documents, illustrative of his public character, and exhibiting the magical powers of his gigantic mind, which has ever been devoted to sustain the rights of his country, and the glory and prosperity of his fellow correns.

3d. Portrait of R. M. Johnson, To be followed by his Biography, rulars ged including various Speeches, School Mart. Reports, and other documents; illustrative of his long continued public life. which has ever been devoted to the good of his country; including an authentic ac count of the fall of the renowned Indian warrior, TECCHSCH, on the ever memerable 5th of October, 1843-with an engraved view of the battle field.

The work will be complete in one rolume of about 400 pages. The price to be fixed at the moderate sum of One Dollar," neatly bound with cloth backs; or ralf and gilt, with the additional expense of binds ing. The work which is now in a state of preparation, shall be such as to give entire satisfaction; as it is in the hands of gentlemen who have for nearly forty years, been ersonally and intimately acquainted with the private and public life of the above named distinguished citizens.

The celebrated address of the Hon-Thomas H. Benton, of Missouri, bearing testimony to the high character of Marrin Van Buren; and the cloquent speech of the Hoo. James Barbour, of Virginia, in the U. S. Senate, portraying the chivalry of Col. Johnson on the field and in the councils of the nation, will be appended to the work.

As there is among our republican citi-Zens, an extensive population of German origin, the work will appear simultaneously in both the English and the German languages. It will, therefore, be necessary for subscribers who wish to have the work in the German, to signify the same on the subscription book.

It will, in order to give prompt and extensive circulation to the work, be indisnensable for all subscribers to pay at the time of subscribing-all money to be at a proper time forwarded with the lists of signatures to the publishing committeewhich all he duly made known by a nolice in the Washington Globe.

D'Democratic editors disposed to encourage the work, will confer a favor, which will be gratefully acknowledged by the Subscriber, in giving publicity to the above and receiving subscriptions at their resp ctive offices, to whom a reasonable per centage will be allowed. But to sustain them in so expensive an enterprize, the low price fixed for the work requires that it should have an extensive sale, and no publisher would fell warranted in prosecuting the work without a large subscription list and, however uncopular such a course may be in regard to ordinary works, no besi ation is felt in resorting to it in this case, so manifestly necessary and proper. There is a Baptist edition, differing in no respect from the general edition except o the ordinance of Baptism, in reference to which the Rev. Joseph A. Warne, Editor of the Baptist edition, makes the following remarks, viz: All that was promised in the Baptist edition, as such, was that whatever was found in the work as published for Pardobapti-ts generally, which did not correspond with the views of Baptists, should be removed, and the maturest views of their own best writers substituted. It is confidently believed that no point connected with what is peculiar to the Bap tist denomination, has been left unguarded and when it is considered that on no points but those do Baptists differ from Henry, Scott, Doddridge, &c. there can be scarcely a doubt but that the denomination in general will feel that they have now a Commentary, in the reading of which they are sure to find what will fan the flame of love, and satisfy the appetue for truth, and this without that diminution of their enjoyment with which they were accustomed to meet in reading the authors, arising out of their different views of a christian ordinance.

The Silk Culturist.

THE Executive Committee of the Hartford County Silk Society, have comnenced a monthly publication, called the Silk Culturist and Farmer's Manual.

The object of the publication is to disseminate a thoronga knowledge of the cultivation of the Mulberry Tree, in all its varieties-The rearing of Siik Worms-The production of Cocoons and the Reeling of Silk, in the most approved method. The importance of this knowledge will appear from the fact that the next profit of and devoted to the culture of Silk, is double, if not triple, to that derived from any other crop which can be put upon it. It is also a fact, that every moderate farmer can raise several hundred dollars worth of Silk without interfering with his ordinary agricultural operations. But in order to avail himself of this facility to obtain competency and wealth, which our soil and climate have given him, he must possess himself of information on the subect-for without it his attempts will be truitless. It is, therefore, the object of the Committee to diffuse this information as extensively as possible, and at the cheapest rate. The publication will contain a complete manual or directory from sowing the seed to recling the Silk, together with such facts and experiments, as will enable farmers to raise Silk and prepare it for market, without further knowledge or assistance. It will also contain interesting

matter on agricultural subjects in general TERMS - The Culturist will be publish ed in monthly numbers of Eight Quarto Pages, at Fifty Cents a Year. No subscription will be received unless paid in Advance, and for not less than a year. Subscribers received by F. G. Comstock.
