J. W. COTTEN. Tarboro', No. Ca. 17th Feb 1835.

Notice.

A S I have not been known to the people, and they have not heen acquainted with my work, I therefore will make some remarks upon my business. All

persons having any Brick work or Plastering

To do, or any kind of brick work whatever, particularly such as brick walls, cornices, facias, strait arches, scheme arches, hips and valleys in tyling and water courses, all piers, pilasters, rustic work, &c. would oblige them selves in employing me, as I have got a form or architect, (printed in England,) superior to any that ever has been seen here; it is a new form and the first one that ever has been brought here. And with what I have learned here, and with the assistance of my book, can execute any job of work in a neater style than ever has been done about here. As I am now capable of carrying on the business, I would be very thankful to the people to employ me; and if my work does not prove to be better formed, stronger and nicer than any that has ever been done by any brick mason in this section, I will not charge any thing for my work, and will do it on as reasonable terms as could be expected. On any large jobs same neighborhood working a- I would wish to make the bricks, for I know that I can make a smoother brick than ever has been made any where here.

I will warrant my work from bursting, smoking, or any thing else that does not become the work, and to be superior to any that has ever been done here.

All orders from any distance combe county.

joining the one on which be stated times. now lives. It contains 530 acres, some of which is low grounds, the balance piney woods. This

Tract has a good dwelling house on it, nearly new, with 4 rooms below and 2 upstairs, and other out houses. Persons descrous of buying Land low are requested to call and examine for themselves, as the Subscriber may at all

times be found at home, and is determined to sell if he can ger any thing over half the CH. HARRISON. Oct. 28th, 1834.

FOR SALE, AT THE Manowed Watch Factory, TARBOROUGH, N. C.

A FEW first rate Palm Clocks and Time-keepers. Watches, faithfully finished and adjusted, to render their performance correct and satisfactory, amongst which are plain English, French, Repeaters, German and Swiss Watches of first quality, and a few cheap Layter's do. steel chains, keys, & all materials required for watches, jewelry, &c. June 24, 1835.

NEW Coach & Gig Manufactory

THE Subscriber re specifully informs his friends and the public in general, that he has ommenced business for himself on his lot in Tarborough, near

the Bridge, where he will be prepared to carry on the above business in all its various branches. He served a regular apprenticeship under Mr. Thos. Cobbs, of Raleigh, who carried on the business very extensively, and kept in his employ regular northern workmen. If several years acquaintance with the business in one of the most extensive establishments in the State could ensure his success, he feels confident he should meet it; but he is perfectly aware that attention is equally necessary, and this attention he is determined to render. He hopes, therefore, that all persons who may favor him with their patronage, will never become dissatisfied or disappointed. His work shall be faithfully executed and of the best materials. He expects to have in a short time a general assortment of materials from New York, which will enable him to do his work not neto Creek meeting house, Edge- tifying him that his land is levied inferior to any done in this section of coun try. Repairing done with neatness and
