Muckle John,

WILL STAND this Capring and sea-on at Wm G Bulluck's—nt Col. David Daniel's, Rocky Mount—and at Nashville, Nash county. He will stand or the following very low prices, to win: SIX DOLLARS the single bap, TWELVE, to make a mare to be in fool--with 25 coils to the throom to every instance. The

pagrance money to be paid as soon as the gate is accertained to be in foal A trauster of property forfeits the insurance. A far and libered deduction will be made, if any responsible person will make up a connected, and will terminate by 1st Ju-

From the anxiety we have to see the

people of this country improve their stock horses, we are induced to stand MUCKLE JOHN as heretofore done, at the above named extremely low prices. From the circumstance of his standing so ow, the poor man will have the opportunity of raising blooded stock, as well as the thorough bred horse. For it is certainly ed under all the disadvantages which could which was probably the cause of his not being any larger. But after a time the consideration, (and a just and correct one too.) having been taken, that he was a colt of most excellent pedigree, he commenced his having laborest under the disadvantage of lean treatment during the first years of his life, cannot alter his pedigree, nor indred should not injure his character as a stock horse; for his colts are generally very large. In the second instance, it may and has heretofore probably been a serious objection with some, that he has never been successful on the Turf But first let

man of capital; whereas if he stood as high as many others, (by no means his superior in point of pedigree,) this fair opportunity vidual who has a stud horse, is very anxions to give him if possible a reputable paracter, and is extremely apt to give him a character which he does not really merit, but candor and justice demand that such has never been the case with this fact, which cannot in truth meet with stradiction, that he has heretofore laborssibly befal a horse of his kind. In the est justance he was raised as a mere calf, without scarcely receiving any attention, more wing and has resen to his present most romantic and grand appearance. But us examine into the cause of this, which can be done by only making a few remarks. He was while in training outras recously obstinate and consequently knowing such to be the fact, he was rightly considered to be an unsafe horse to risk money upon, and in consequence of this certainly unfortunate quarity in him, he was taken off the track at a very early age. Though it is a fact which is certainly incontrovertible, that when he did by himself run kindly he in every instance run in excellent time. But even admitting that te has not been a successful race horse, we think that any man from the above explanation, as well as after examining his pedigree which is given below, will acknowledge that if such has been an objecton heretofore, that it should not be othtiwise than dissipated now. He never would run kindly, only at his own will and pleasure. But suffice it to say on this point, that had it not been for the unfortunately obstinate disposition which he possessed, that he could not, judging from trial and every other circumstance connected with if, that he must have been a race horse of considerable reputation. MUCKLE JOHN has never had but two colls to yet go on the Turf, and both have been successful. Slazey, a very small little mare, has run a great many successful races two and three mile heats; but it is true she has been beaten also, but whenever such was the case it was done with the utmost difficulty, and was running at the same time with tip top tace borses. Examine the Turf Register, that was issued a few years past, and any person can be sati-fied with the correctness the above statement. It would be too tedious in an advertisement of this kind to enumerate all the different races which have been run by this little mare, as any man can satisfy himself by enquiry or ex-amination as above directed. The other our of his colts was a gray mare by the same of Janet, that only run one race, which was at Greenwood, Halifax county. on the two mile day, and won with considerable ease. There are some people two who probably not putting thefiselves to the trouble of examining the many good mases which he has, both of imported and merican stock, urge as an objection that he stands too low to be thorough bred. but certainly such is an unjust objection, for we cannot arrive to a fair and correct conclusion, but by making an examination ado his pedigree. It is certainly unnecesar to say more as to this horse by way of remark, as he certainly cannot be forid a reputation not heretofore acknowltdged, if he should live, in progress of time. He has some few fine colts which all shortly make their graceful appearance open the track, and prove to the world that he can be not only the sire of work horses, but can also be the sire of race horses that losess both the essentials of speed and

the present favorable apportunity of intro-cucing their mares to Muckle John. Muckle John.

MUCKLE JOHN's dam by old Collector, his grandam by the old imported Citizen, his g. grandam by the imported Union, his g. g. gran-dam by the imported Buckskin. It is unbecausely to trace him further, as the Dore is sufficient to give him a pedigree hof surpassed by any horse in the country. His pedigree has heretofore been incorreally though inadvertently represented in ha former advertisements.
