On Sunday last, as the Stage was coming from Blakeley to Halifax, on arriving at the River, within half a mile of the town, the driver, in driving into the Ferry-boat, having failed to lock the wheels, as was customary for him to do, unfortunately drove all four of the horses out the Boat into the River—two of which were drowned. The wheel horses were cut from the stage without any injury to them. No other damage was done as we are aware of.—Halifax Adv.

**Nuet Plumley**, who was charged with the murder of Jacob Canady, and removed his trial from this, to Northampton County, was tried at the last term of Northampton Superior Court, and condemned to be hung. He was executed on Friday last.—ib.

**Federal Court.**—The United States' Court, for the District of North Carolina, is now in session in this City.—Judges, Barbour and Potter, are in attendance.  
**Raleigh Reg.**

**Shocking Casualty.**—On Thursday last, a fine, interesting child of Leonard Sewell, Esq. of this vicinity, aged about six years, was thrown with great violence from a Horse which, with boyish daring, he had mounted, and was so badly injured, that he died almost instantly! The accident is rendered more distressing by the absence of his Parents, who left here a few weeks since on a visit to Alabama.—ib.

**Distressing Casualty.** We learn by a letter from the Rev Dr. Witherspoon, of Camden, S. C. that William P. Ferrand, Esq. of Onslow county, was suddenly and unaccountably killed by the overturning of the Stage, 16 miles south of Cheraw, on the 7th instant. The Stage was filled with Passengers, but none others were injured. Mr. F. was sitting on the middle seat; when taken out, a slight cut was discovered on the forehead over the eye. He spoke once—complained of his head—and died in less than ten minutes. His remains were interred on the farm of a Mr. McMillan, in whose hands his effects are, where they will remain perfectly safe until called for. Mr. F. was on his way to Alabama, and had a considerable sum of money about him. He was one of the Candidates on the Van Buren Electoral Ticket, in this State.—ib.

**Execution.**—On Friday last, Levi Miller, convicted of the murder of John Whitaker, underwent the dreadful sentence of the law at Louisa! He had been recommended to Mercy by the Jury which tried him, and by many of the citizens of Franklin and Wake, but Gov. Spaight said, that from the evidence given on the trial of his father (Merrill Miller) he thought the son, the more guilty of the two; and as the public seemed to be satisfied of the father's guilt, he deemed the young man a fit subject of execution. A letter from a friend at Louisa, says:—  
"The youth of Levi, and the general belief that his father was the cause of his being involved in the crime for which he suffered, caused an almost universal sympathy in his behalf, and, I believe, I do not exaggerate when I say, that nine-tenths of the persons assembled, to witness his execution, would have been highly gratified if a pardon could have been extended to him.  
"I learn from those whose duty required them to assist in the Ex-

ecution, that the young man exhibited but little firmness. He said that his father had brought him to his awful condition.  
"The arrangements made by the Sheriff were very judicious, and the Execution was attended with nothing adventitious to add to the horrors which such a scene is naturally calculated to inspire."—ib.

We regret to learn, that two of our Editorial brethren met with considerable loss by the recent Gale, the Vessels, on which they had Goods shipped, having been wrecked. We know not the extent of damage sustained by the Editor of the Greensboro' Patriot; but our friend of the Fayetteville Observer suffered to the amount of \$700.—ib.

**To keep Fruit.**—A new way has been discovered at the North to keep fruit sound, which is attended with so little trouble, that we presume it will grow into general practice. It is simply to place the fruit, whether Apples, Grapes, Cherries, or any thing else, in Stone jars, with alternate layers of cotton batting, and have them put where the frost cannot reach them. It will keep through the most severe winter, in excellent condition. We wish some of our Agricultural friends would try the experiment, and communicate the result to us.—ib.

**INDIAN WAR.**  
**From the Charleston Patriot.**  
**Latest from Florida.**—A slip from the St. Augustine Herald, dated 29th ult was received by the schr. Samuel S. Mills, Capt. Southwick, arrived here this morning from St. Augustine.  
**Cheering Intelligence.**—By an express which left Fort Drake on the 27th inst. we learn that Gen. Read arrived at the Outhlachouchee on the 22d with the Steamboats Energy and Superior, under the direction of Capt. Wood, whose active zeal, skill and superior judgment are highly spoken of. Another Steam Boat, the United States, was wrecked at the mouth of the river.

We now learn with great satisfaction that there are a plenty of provisions and forage at the mouth of the river, and a considerable quantity at Graham's Camp and more on transportation there.  
Gen. Jessup was supposed to be at Tampa Bay with 750 regulars and marines; and two companies of mounted Alabama volunteers. Capt. Alvord's company from Key West and McIntosh's from Fort Mitchell, 4th Infantry, are with Gen. Read.

The Governor is in feeble health, but he is determined to enter the field and make every sacrifice, in order to ensure success. He has appointed Maj. Pierce Colonel, and given him the command of the Creek volunteers. This gallant officer has received from the President the Brevet rank of Lieut. Col. as a reward for his meritorious services.  
Maj. Pierce has returned from Charleston with several steamboats and schooners, which have arrived in the St. John's with a large number of horses &c. for the army.  
The campaign will open immediately and be prosecuted with vigor. In a few days we shall hear of something decisive.

**TEXAS.**  
**New Orleans, Oct. 29.**—By the arrival of the schr. Pennsylvania, yesterday, from Velasco, Texas, we are in possession of dates from that country to the 12th. So little dread of an enemy prevails in the country at present, that the inhabitants are quietly cultivating their lands, and attending, it would seem, theatrical performances. Some Texsian corps have opened the temple, and made a debut at Columbia, under favorable auspices. The army remains stationary, and somewhat impatient to be engaged in more active duty, in which, notwithstanding threats of formi-

dable preparations on the part of their enemies, we suspect they will be disappointed, as time will disclose. We a long time since prophetic that not another hostile gun would be fired in Texas, and as yet, we have lost no faith in our prophetic gift as to this particular.

The papers containing the proceedings of their newly organized Congress, furnish no matter of great public interest, the members as yet being engaged, in regulating the minutiae of matters of order and etiquette, prior to entering upon their more serious deliberations. Santa Anna is still in confinement, which is rumored, to be not so rigid as of late, there being on foot some measures preparatory to his release. Should it be true, and he is to be released, Texas should require something in the way of a ransom, to enable her to discharge some of the heavy liabilities incurred by her belligerent operations.

From all we can hear and learn of the military operations of the Texians in their governmental concerns, we are induced to believe that they enter upon their new and untried career, with as much of the requisite ability and honest sincerity of purpose, as any people ever did, and with sufficient to enable them to take their independent stand among the Sovereigns of the earth.
