**Shocco Springs.**

**1st of June next.**

THE testimony of the efficacy of this Water, particularly in cases common to the lowlands, are of sufficient notoriety, and require reference only to those whose experience has enabled them to test its virtues. I deem it only necessary to state that the Water has been recently analyzed, and its ingredients are of the same class with most of the Virginia Springs and the famous Bedford Springs of Pennsylvania.

For the benefit of the Public, I have thought proper to submit a letter or two from eminent Professional men, whose intimate acquaintance with the properties of the Water renders them competent judges of its efficacy.

Since the last Season, several Bed rooms with Fire places have been erected for the convenience of Families.

**Ann Johnson.**

Shocco Springs, May 25, 1837.

**From Simmons J. Baker, M.D.**

DEAR MADAM—The case referred to, in the conversation I had the honor to have with you a few days past, was that of Mr. Paul, of Scotland Neck. He had a violent acute inflammation of the Liver, which was subdued with great difficulty when he was convalescent, his skin was of a deep orange color. As Mr. Paul had been severely disciplined, I was unwilling to give him more medicine, and advised him to accompany me to Shocco Springs, to which he consented. We arrived on a Tuesday evening on Wednesday morning, business called me to Raleigh, and I did not return until Sunday evening, when, to my astonishment, Mr. Paul's skin was as clear as it ever was. In two or three days he returned to Scotland Neck, was drafted and went to Norfolk, and remained there until the troops were disbanded. He was one of the few, encamped at the Peach Orchard, who escaped with impunity.

Your most obed't,

**S. J. BAKER.**

Scotland Neck, May 10, 1837.

**From F. A. Thornton, Esq.**

Alexandria, Warren Co. May 10.

DEAR MADAM—For several months previous to leaving home for Shocco Springs, my health was dreadful. Indeed, my situation was considered critical. When I reached Shocco, I was unable, without assistance, to get from my carriage to my room. I did not drink the water more than a fortnight, before I had so far recovered my health as to be able to walk alone all over the yard, and in a very short time afterwards, to the astonishment of my friends, I returned home entirely well.

**FRANK A. THORNTON.**

**From John Beckwith, M. D.**

Raleigh, May 10, 1837.

DEAR MADAM—You not unreasonably conclude that one who, like myself, has been an occasional visitor at Shocco Springs for more than five and twenty years, should be able to form a just estimate of their medical effects. It gives me pleasure to be able, from such observation, and no small personal experience, to say, that the waters are well adapted to cases of convalescence from bilious and intermittent Fevers; that they correct a vitiated or deficient action of the Liver; give keenness to the appetite, and tone and energy to the digestive Organs.

Those who reside in low and unhealthy districts of country, will find at Shocco during the Summer months, a pure and invigorating air, comfortable accommodations, mineral waters answering all reasonable expectations, and a table, of which the only fault is, being rather too tempting for invalids.

It is proper to remark, that the water parts with much of its active properties in a short time after being drawn from the Spring, and therefore, in order to realize its full benefits, visitors should take it at the Fountain.

Very respectfully,

**JOHN BECKWITH.**

To Mrs. Johnson, Shocco Springs.

**From Ellis Malone, M. D.**

May 2, 1837.

DEAR MADAM—I take pleasure in stating, that in my opinion, the water of Shocco Springs is possessed of an extensive and direct influence over the diseased actions of many of the organs of our system. Actively diuretic, greatly laxative, and, if exercise is taken after using it, not a little diaphoretic, together with its invigorating influence over the chyliferous apparatus, increasing the appetite and strengthening the powers of digestion, it could not well be otherwise than that the proper use of it, should be greatly conducive to the restoration of the healthy action of diseased organs, to which it bears so manifest relation.

My information in relation to its medical properties has been derived from no little personal experience. It will readily occur to intelligent medical men, to what class of diseases a remedy having such effects as described above, will be applicable, who will likely be consulted by invalids wishing to avail themselves of its benefits before leaving their respective homes.

Respectfully, yours, &c.

**Notice.**

HAVING positively decided on removing from Tarboro' on the 1st June, we respectfully invite all our friends who have unsettled accounts of any description with us, to call and settle the same at the earliest possible day their convenience will admit.

Our business has been of long standing, and our uniform disposition to be accommodating to our customers, we hope will be a sufficient stimulus to insure a punctual acquiescence to our request, that we may be enabled to close our business by May Court. (the longest time we think of residing in Tarborough.) This appeal is made with a confident expectation that all concerned will call at our store as desired.

Any claims on us will be promptly paid when presented. We also offer

**Any Goods in our Store**
