WILLIAM W. GRAY. Raleigh, October 4, 1836. -:6:--

Raleigh, September 1. 1836. For five or six years previous to the spring of 1834, a negro man of mine had been much afflicted with an ulcerated arm and hand, which redered him almost use less. The ulcer embraced that part of his arm from the elbow down, including his entire hand, which was literally a mass of putrefaction. A joint of one finger, and a part of the thumb, perished and dropt off. A more distressing and hopeless case I have never beheld. It was abandoned by his physician as incurable, except by amputation of the hand.

The best medical treatment having failed to relieve the man, I placed him under the care of Mr. William W. Gray, in this place, who, with his Ointment, has effectually cared the case, although the negro was frequently absent, for weeks and months together. He has been entirely well for the last eight months, and I have good reason to believe will continue so.

The Board of Managers will not offend American genius so much as to offer, in this instance, a pecuniary reward. The artist, whose Design shall be adopted, will feel amply remunerated; and all the Designs will be bound and carefully preserved -to which end, it is requested that they be sketched, as near as may be, on paper of a uniform size, of the dimensions of sixteen by twenty-two inches.
