Notice.

WE have of late had a new elementary work introduced among us and into our schools, entitled the **Beacon Spelling Book**, which we find from experience, to be far superior to any thing of the kind ever offered to the public. It is generally better than us, that children will learn more so fast, from the study of that work, than they will from any other spelling book whatever; for which reason parents and teachers are advised, to use the Beacon Spelling Book, for the early advancement of the rising generation.
