I COMMENCE my spring sales of the above Instruments in the States of Virginia and North Carolina, by declaring that Stodart, Worcester & Dunham's manufacture of

The Factory of these makers having within a few months been considerably enlarged, I shall now be enabled to meet the demand. The prices of those Pianos are regular and established.

William W. Gray's Invaluable Ointment,

FOR ULCERS, TUMOURS, &c.

Can now be obtained of the Patentee, at the Office of the Raleigh Register.

Single Pot, 1 dollar—One dozen, 9 dollars.

WILLIAM W. GRAY.

Raleigh, October 4, 1836.

For five or six years previous to the spring of 1834, a negro man of mine had been much afflicted with an ulcerated arm and hand, which rendered him almost useless. The ulcer embraced that part of his arm from the elbow down, including his entire hand, which was literally a mass of putrefaction. A joint of one finger, and a part of the thumb, perished and dropped off. A more distressing and hopeless case I have never beheld. It was abandoned by his physician as incurable, except by amputation of the hand.

The best medical treatment having failed to relieve the man, I placed him under the care of Mr. William W. Gray. In this place, who, with his Ointment, has effectually cured the case, although the negro was frequently absent, for weeks and months together. He has been entirely well for the last eight months, and I have good reason to believe will continue so.

WASHINGTON MONUMENT.

THE Board of Managers of the Washington National Monument Society invite DESIGNS for this structure, intended as a memorial of a

NATION'S GRATITUDE.

It would be to fetter genius, to prescribe any limits to the exercise of its powers, which should, however, in this case, harmoniously blend durability, simplicity and grandeur. Although it is impracticable at present to estimate the extent of the contributions that may be made, the Designs may be predicated on an expenditure of not less than one million of dollars.

The Board of Managers will not offend American genius so much as to offer, in this instance, a pecuniary reward. The artist, whose Design shall be adopted, will feel amply remunerated; and all the Designs will be bound and carefully preserved—to which end, it is requested that they be sketched, as near as may be, on paper of a uniform size, of the dimensions of sixteen by twenty-two inches. The designs to be directed to

Under this belief he offers his services to the public, promising to devote his time and services to their best interests, and assuring them that he will discharge the trust which may be reposed in him, with care and fidelity.

The undersigned, in offering his services to the public, begs leave to inform them that he has, for the last two or three years, devoted his time in an extensive ship brokerage and commission business in the town of Petersburg, and flatters himself, that the knowledge there obtained in this branch of business, will enable him to give satisfaction to those who may favor him with their business. His charges will be very moderate; merely sufficient to pay for the time these duties will require at his hands.
