PROSPECTUS,

OF THE

FARMER'S ADVOCATE, And Miscellaneous Reporter.

Agriculture, literature, science, the mechanical arts, virtue, and religion; the county's stay and nation's wealth.

—:—

NOTWITHSTANDING the extensive variety of newspapers and periodicals, published throughout the country, and the diversity of subjects therein embraced, it is obvious to every rational and reflecting mind, that the conductors of those powerful, and if rightly guided, those salutary vehicles of information, have been too generally actuated by party motives; and that political contests have been carried to such an alarming extent, as to threaten the dissolution of our noble institutions; while subjects relating to AGRICULTURE, LITERATURE, SCIENCE, and the MECHANICAL ARTS; those subjects immediately connected with our best interests, and which would eventually place us in an independent situation, have measurable remained unnoticed.

Actuated therefore by these views, the subscriber intends publishing in JAMES TOWN, N. C. a periodical, under and comporting with the above title; to the execution of which, he designs in the first place, to use all laudable exertions in procuring and disseminating practical information essential to the interests, and calculated to increase the dignity of the FARMER.

Secondly:—EDUCATION, and the Literary Institutions of the country, will find in its columns, a warm and friendly support.

Thirdly:—SCIENCE, and the Mechanical Arts, will also be subjects of discussion, and invariably receive a liberal share of attention.

Fourthly:—Due attention will be paid to subjects calculated to promote the cause of VIRTUE and RELIGION.

Fifthly:—A brief notice will also be taken of passing events, of an important and interesting nature, both Foreign and Domestic; excluding all Political contests, and subjects calculated to create party animosity.

In short, no pains will be spared, to render the ADVOCATE a valuable and interesting visitor in every family, and to every virtuous and intelligent class of the community.

In order therefore, the more effectually to prosecute our purpose, we respectfully solicit the friendly aid of every intelligent Farmer, Mechanic, Literary and Scientific gentleman, who may have talent and inclination, to communicate to us such discoveries and practical hints, on subjects within our province, as may enrich our columns, and by a reciprocal interchange of thoughts, become a valuable source of information. Communications also on subjects either Religious, or Moral, will be thankfully received.

TERMS.

The ADVOCATE, will be published in semi-monthly numbers, consisting of sixteen octavo pages, (one sheet,) neatly printed, on good paper, folded and stitched, and promptly mailed to subscribers; making in a year 384 pages, and furnished with title page and index, at \$1.25 per year, in advance.

Any person by forwarding \$10, free from charge, will be entitled to ten copies.

In consequence of the difficulties and losses, invariably attending the collection of small sums, at a distance; no order for the paper will be attended to, until the subscription price is forwarded, or the payment secured by some known responsible person.

All letters, communications, &c. to the publisher, must come free from postage, or they cannot be attended to.

All persons holding subscriptions, are requested to forward them as early as possible.

Editors favorable to our designs, and those who may feel disposed to exchange with us, will do us a favor by giving our Prospectus an insertion.

PITTSBORO'

Academy, N. C.

THE Trustees of this Institution take great pleasure in announcing to the friends of education throughout the State, that they have engaged the valuable services of

J. M. Lovejoy

to take charge of this Academy. The Trustees have received very flattering testimonials (both as regards his qualifications as a teacher and his habits as a gentleman,) from several gentlemen of Greenville, N. C. where, in consequence of the sickness of the climate, Mr. Lovejoy has been compelled to abandon a very flourishing school, numbering about seventy boys; which, in addition to letters received from Greenville, are an evidence of the high estimation in which this gentleman was held as an instructor. Mr. Lovejoy is a graduate, is said to be a first rate mathematician and linguist, and (what is of great importance) is said to possess the rare faculty of imparting knowledge with very great facility. The course of instruction in the Pittsboro' Academy will embrace all the lower and higher branches of education, including Latin, Greek and French. It is designed to make this, as it is believed it will become, a first rate Preparatory School for such as are desirous of entering either of the classes of the University. The first session of the school will commence on the 4th Monday of July inst. Board can be had in respectable families at \$10 per month. Tuition at the ordinary rates.

It is unnecessary to speak of the great advantages Pittsborough offers in point of health and society, as it is believed they are superior to those of any town in North Carolina.

ISAAC,

Well known in Tarborough as the property of Mrs. Marie Joyner, formerly of that place. Isaac, though grown, is much under the ordinary height and size—well formed, active, and very black. He was last year hired by Mr. Howard, and I believe worked in the office of the Tarborough Press. He has or had a wife at Dr. Lawrence's plantation near Tarborough, where I feel assured he has gone. I will pay Ten Dollars for his delivery in the jail at Tarborough, upon receiving information from the Jailer to that effect.
