

Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamaemelum, from the Greek words, *Kamai*, on the ground, and *Milon*, an apple, because it grows on the ground, and smells like an apple,) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated, Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835.

Evans' Family Aperient Pills

Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:

Consumption, Coughs, and Colics,

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, florid albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, sea-sickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of Dr. Evans' medicines.

READ ON.

Extract of a letter of Jonas Snyder, Post Master, Kernersville, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

(Signed,) JONAS SNYDER.

Dr. COHOON'S TONIC MIXTURE,

FOR THE CURE OF
Intermittent or Ague and Fever.

THIS mixture purifies the blood, removes the ague and consequent fever. The blood is made from the chyle or contents of the stomach, has its red colour and vitality imparted to it by the action of the lungs and oxygen gas, which the atmospheric air contains. The Sanguiferous gland of the system, the liver, secretes the bile, from the blood carried to that organ through the Vena Portarum. These Viscera then are the anatomical apparatus by which the blood is made and preserved, and should be the Physician's watchword—mark well the secretions.

This mixture is harmless, and may be given to infants with perfect safety, as its composition is solely Vegetable. Read the certificates below and annexed letter.

I do hereby certify, that in 1837, my son Thomas was attacked with intermittent or Ague and fever. I applied to a respectable physician in Portsmouth, he gave him medicine, but in a few days the ague returned. I then applied to a physician at Somerton, he prescribed, but found no relief. I then applied to Dr. Cohoon, and one bottle of tonic mixture made speedy and permanent cure. Given under my hand this 25th of February.

DAVID DUNFORD.
Nansemond County, Va.
Winton, N. C. Ap. 9, 1839.

I have acted as Agent for the sale of Dr. Cohoon's tonic mixture, and can from personal observation recommend it to the public for the cure of Ague and Fever, as I have sold it to those who had been plagued with the ague and fever for many months, and tried many other remedies without success, when one bottle of the mixture made a speedy cure. Dr. Cohoon is at liberty to use this certificate in any publication he may think proper.

LAWRENCE ELY.

Nansemond Co., Va., April 18, 1839.
I do hereby certify, that Dr. Cohoon's Tonic Mixture proves an effectual cure for the ague and fever, for I have taken it and found it to fail in no stage of the disease whatever.

ELISHA EVERETT.

Hertford Co., N. C., June 2, 1839.
I do certify, that I have taken Dr. Cohoon's Tonic Mixture, and used it in my family, and it has proved to be one of the best medicines I have ever used or seen given for Ague and Fever.

WILLIAM P. BRITTON.

Colerain, N. C., July 27th, 1839.

My Dear Sir:
I thought to have answered your note sometime since, but negligence is the only reason I have to offer. I have procured you an Agent to sell your medicine at Colerain, Wm. J. Hardy, Esq., merchant of that place. I handed over to Mr. Hardy nine bottles of your mixture, and keep 3 myself which I will account to you for. Mr. Hardy wishes a further supply, say 3 dozen bottles. I have used 4 bottles of your Tonic Mixture in the course of 12 months in my family, and it has succeeded in every case when every other medicine that I had tried had failed; and I say it is preferred to any medicine that I have ever used for the ague & fever.

I am yours truly,
J. WATFORD.

Advertisement.

WE most sincerely regret, that cases of hypocrisy so often occur among the clerical ranks—and we hope the "wolf in sheep's clothing" named in the following letter, from Mr. Mayhew, will receive his just deserts for imposing upon the community. Pass him along, brother typos, that he may be held up to universal contempt, and thus save many from becoming his dupes.

New York, Dec. 17th, 1839

Sir,—Although I am not personally acquainted with you, I trust, when you perceive the object of my letter, you will excuse the liberty I take in addressing you. It is possible, you may not be aware that a man by the name of ENOS L. FENWICK, now in this city, (formerly a Baptist preacher and familiarly known to the citizens of Monroe co. as the "reverend impostor") is manufacturing a medicine and selling it for the Matchless Sanative, of which I perceive

you are the general agent. I have every reason to believe, sir, that Mr. Fenwick is an unprincipled man, as he was, not long since, deposed from the ministry, for taking unwarrantable liberties with members of his church; I therefore, as the enemy of knavery, feel anxious that he should be speedily exposed lest many of my fellow citizens be defrauded by him out of their money, if not their characters. I deem it the conscientious duty of every man, to expose villany and vice wherever and whenever he meets it. Besides, sir, another consideration should prompt me to make known to you the above facts: I have a daughter, who, thank God, has been raised from a wasting skeleton, to perfect health—and that too, by the simple means of using one vial and a half of the Matchless Sanative, which I bought at 252 Broadway, of C. S. Francis, your agent for this city. Believing that you will duly appreciate the motives which have induced me to address you thus unceremoniously, and hoping that you will take the earliest steps to expose to the world the base impostor Fenwick, I subscribe myself,

Sir, very respectfully,
J. P. MAYHEW.

Dr. David S. Rowland, }
Boston, Mass. }

P. S. Mr. Jones, the bearer, who is about to start for your city, will hand you this letter, and if you desire he will give you a more detailed account of Fenwick, than it would be possible for me to do on paper.
J. P. M.

Reverend Impostor.

LOOK OUT! Look out! Look out for an INFAMOUS KNAVE, by the name of ENOS L. FENWICK, of New York, who was formerly a Baptist Preacher and better known to the citizens of Monroe county as the "Reverend Impostor." This soulless VILLAIN, who was dismissed from his pulpit, some time since, for improper conduct, is now rendering himself still more infamous, by wickedly attempting to impose not merely upon a church, but upon the WHOLE COMMUNITY.

A few months ago, this scoundrel wrote to the Subscriber, at Boston, and wished to be appointed an agent for the sale of the Matchless Sanative. The General Agent, not knowing his depraved character, gave him ad agency, and forwarded him a quantity of the medicine. This he soon sold, and remitted the money, and ordered another lot, which was sent about one month since. To avoid any suspicion as to the design of his applying for an agency, or to conceal his "loven foot," he made a partial remittance of the sales of the last lot, only 10 days ago. Yesterday, with utter astonishment the General Agent learnt, that this Reverend deceiver is now impudently manufacturing with his own unholy hands, a worthless medicine,—a spurious Sanative, which he is employing swindling pedlars to palm upon the public as the genuine original.

If the people of America will only bear one fact in mind, there is not even a possibility of their being duped by this unprincipled villain. The fact is this:—No Pedlar or travelling Agent has ever been employed in this country to sell the Sanative, or to leave it with any person to sell on commission.—Again, every Agent of the TRUE Sanative, is appointed by the General Agent, and received the medicine directly from the depository in Boston.

Let all who buy the Sanative, (and almost every body does buy it,) remember the above facts, and they may be sure of obtaining the genuine original compound.

N. B.—Every Agent of the Matchless Sanative, is earnestly desired to give an immediate alarm, by having this article inserted one month in all the papers in their towns. And that the General Agent may be certain that the public are put on the look out for the impostor, he will kindly thank all his Agents to forward him a copy of each paper advertised in, as soon as possible.

Marks's Ointment

FOR THE

CURE OF PILES.

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,

THE PILES,

A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when retaken, a sure preventative to its continuance, without the least pain; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on each bottle.

SAMUEL H. MARKS.

Petersburg, Va. Aug. 31.

The Ointment may likewise be obtained from Messrs. Spotswood & Robertson, Druggists, Petersburg—and from the subscriber, in Tarboro', where the certificates above referred to can be seen.
