

Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamæmelum, from the Greek words, *Kamai*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple,) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborative to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,
Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835.

Evans' Family Aperient Pills

Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:

Consumption, Coughs, and Colds,

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, floor albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, seasickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of Dr. Evans' medicines.

Beware of Counterfeits.

READ ON.

Extract of a letter of Jonas Snyder, Post Master, Kernsville, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

MOFFAT'S Vegetable Life Medicines.

THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. In many hundreds of certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of

MOFFAT'S Life Pills & Pileus Bitters,

Have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The Life Medicines

Recommend themselves in diseases of every form and description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver & the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them and nourished by food coming from a clean stomach, courses freely thro' the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Ill-temper, Anxiety, Languor and Melancholy, Costiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, worms, Asthma and Consumption, Scurvy, Ulcers, Inveterate Sores, Scabrous Eruptions, and bad complexions, Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, common Colds and Influenza, and various other complaints which afflict the human frame. In FEVER AND AGUE, particularly, the Life Medicines have been most eminently successful; so much so that in the Fever and Ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is, to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

Moffat's Medical Manual,

Designed as a domestic guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price, 25 cents—for sale by Mr. Moffat's agents generally.

All post paid letters will receive immediate attention.

Agents.—The Life Medicines may also be had of the principal druggists in every town throughout the U. States and the Canadas. Ask for Moffat's Life Pills & Pileus Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of bitters or box of pills. These valuable medicines are for sale by

Dr. COHOON'S TONIC MIXTURE,

FOR THE CURE OF
Intermittent or Ague and Fever.

THIS mixture purifies the blood, removes the ague and consequent fever. The blood is made from the chyle or contents of the stomach, has its red color and vitality imparted to it by the action of the lungs and oxygen gas, which the atmospheric air contains. The Sanguiferous gland of the system, the liver, secretes the bile, from the blood carried to that organ through the *Vena Portarum*. These Viscera then are the anatomical apparatus by which the blood is made and preserved, and should be the Physician's watchword—mark well the secretions.

This mixture is harmless, and may be given to infants with perfect safety, as its composition is solely Vegetable. Read the certificates below and annexed letter.

I do hereby certify, that in 1837, my son Thomas was attacked with intermittent or Ague and fever. I applied to a respectable physician in Portsmouth, he gave him medicine, but in a few days the ague returned. I then applied to a physician at Somerton, he prescribed, but found no relief. I then applied to Dr. Cohoon, and one bottle of tonic mixture made speedy and permanent cure. Given under my hand this 25th of February.

Winton, N. C. Ap. 9, 1839.

I have acted as Agent for the sale of Dr. Cohoon's tonic mixture, and can, from personal observation recommend it to the public for the cure of Ague and Fever, as I have sold it to those who had been plagued with the ague and fever for many months, and tried many other remedies without success, when one bottle of the mixture made a speedy cure. Dr. Cohoon is at liberty to use this certificate in any publication he may think proper.

LAWRENCE ELY.

Nansemond Co., Va., April 18, 1839.

I do hereby certify, that Dr. Cohoon's Tonic Mixture proves an effectual cure for the ague and fever, for I have taken it and found it to fail in no stage of the disease whatever.

ELISHA EVERETT.

Hertford Co., N. C., June 2, 1839.

I do certify, that I have taken Dr. Cohoon's Tonic Mixture, and used it in my family, and it has proved to be one of the best medicines I have ever used or seen given for Ague and Fever.

WILLIAM P. BRITTON.

Colerain, N. C., July 27th, 1839.

My Dear Sir:

I thought to have answered your note sometime since, but negligence is the only reason I have to offer. I have procured you an Agent to sell your medicine at Colerain, Wm. J. Hardy, Esq., merchant of that place. I handed over to Mr. Hardy nine bottles of your mixture, and keep 3 myself; which I will account to you for. Mr. Hardy wishes a further supply, say 3 dozen bottles. I have used 4 bottles of your Tonic Mixture in the course of 12 months in my family, and it has succeeded in every case when every other medicine that I had tried had failed; and I say it is preferred to any medicine that I have ever used for the ague & fever.

I am yours truly,

J. WATFORD.
