Marks's Ointment

FOR THE

CURE OF PILES.

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,

THE PILES,

A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when re-attacked, a sure preventative to its continuance, *without the least pain*; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on each bottle.

SAMUEL H. MARKS.

Petersburg, Va. Aug. 31.

The Ointment may likewise be obtained from Messrs. Spotswood & Robert son, Druggists, Petersburg—and from the subscriber, in Tarboro', where the certificates above referred to can be seen.

PETERS' PILLS

THESE Pills are no longer among those of doubtful utility. They have passed away from the hundreds that are daily launched upon "the tide of experiment," and now stand before the public higher in reputation, and more extensively employed in all parts of the United States, the Canadas, Texas, Mexico, and the West Indies, than any medicine that has ever been prepared for the relief of suffering man. They have been introduced wherever it was found possible to carry them; and there are but few towns that do not contain some remarkable evidence of their good effects. The certificates that have been presented to the proprietor exceed twenty thousand, upwards of five hundred of which are from regular practicing physicians—who are the most competent judges of their merits.

Often have the cures performed by this medicine been the subject of editorial comment in various newspapers and journals; and it may with truth be asserted, that no medicine of the kind has ever received testimonials of greater value than are attached to this.

They are in general use as a family medicine; and there are thousands of families who declare they have a supply always on hand.

They have no rival in curing and preventing Bilious Fevers, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Colic, Female Obstructions, Heart burn, Furred Tongue, Nausea, Distension of the Stomach and bowels, Incurable Diarrhoea, Flatulence, Habitual Constiveness, Loss of Appetite, bloated or Sallow Complexion, and in all cases of torpor of the bowels, where a cathartic or aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

The Pills are put up in tin boxes, price 50 cents per box.

From Dr. Eli Todd, late president of the Medical Society of Connecticut, and Principal of the Insane Hospital at Hartford, dated Sept. 8, 1828.

My personal acquaintance with Dr. Joseph Priestly Peters, together with the very favorable impression of his talents & his character, derived from his friends, have satisfied me that he is well entitled to the medical honors he received at Yale College, and that the public may safely confide in his integrity and skill in the exercise of his profession.

FEVER AND AGUE.

Augusta, Ga., Feb. 10, 1839.

To Dr. Peters. Sir—For upwards of 15 months I have been cruelly afflicted with Fever and Ague, and during that time could find nothing (tho' I had applied to every thing) that gave me any thing like permanent relief. At length, however, your Pills were recommended to me, by one of our best physicians; and I am most grateful and happy in being able to add, that I had scarcely used two boxes when I found that they had restored me to perfect health. Since then various members of my family have used them with equal success and consequently I feel it my duty to apprise you of the fact, and to request you to publish this certificate, as I am anxious to add my public testimony to the almost miraculous virtues of your unrivalled medicine. Respectfully yours,

THEODORE JAMES.

MOFFAT'S

Vegetable Life Medicines.

THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. In many hundreds of certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of

MOFFAT'S

Life Pills & Phenix Bitters,

Have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The Life Medicines

Recommend themselves in diseases of every form and description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver & the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them and nourished by food coming from a clean stomach, courses freely thro' the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Ill-temper, Anxiety, Langour and Melancholy, Costiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, worms, Asthma and Consumption, Scurvy, Ulcers, Inveterate Sores, Scarcitic Eruptions, and bad complexions, Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, common Colds and Influenza, and various other complaints which afflict the human frame. In FEVER AND AGUE, particularly, the Life Medicines have been most eminently successful; so much so that in the Fever and Ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is, to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

Moffat's Medical Manual,

Designed as a domestic guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price, 25 cents—for sale by Mr. Moffat's agents generally.

All post paid letters will receive immediate attention.

Agents.—The Life Medicines may also be had of the principal druggists in every town throughout the U. States and the Canadas. Ask for Moffat's Life Pills & Phenix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of bitters or box of pills.

These valuable medicines are for sale by GEO. HOWARD, Agent. Tarboro', April, 1840.

DR. HARRELL'S

Tomato and Slippery Elm

PILLS.

THERE are many family medicines now before the public, some of which, from their intrinsic virtues have justly gained the confidence and gratitude of thousands; but in the light of contrast, and in the scale of curative merit, Dr. Harrell's Tomato and Slippery Elm Pills stand pre-eminently above them all; nor is any apology offered for taking this high ground, unless it is the fact of their superior, and almost miraculous effects in the cure of diseases. They produce, when taken, a deep and lasting impression that they stand at the head of all other prepared medicines of the day. Fevers, Liver affections, Jaundice, head-ache, loss of appetite, costiveness, female complaints, and every disease within the reach of human means; yield readily to the powerful, yet gentle operation of these pills. As a cathartic they are copious and free, as an aperient they are mild and certain, as a tonic they are prompt and invigorating, as an alterative they are superior to Calomel or any other known remedy, and as a purifier of the blood they are unequalled in the history of medicines. There is no disease can withstand their life-giving energy when taken in time, or interrupt the system at all when they are administered as a preventative. During sickly seasons, and the prevalence of epidemics, their occasional use will preserve the body from attacks of disease. 50 cents per box. \$54 per gross.

Druggists, Booksellers, and Merchants are requisite to become agents for the sale of the above medicines.

All orders (post paid) directed to Dr. A. Harrell, Elizabeth City, N. C. will receive strict attention.

Brandreth's Pills.

Cleanse and purify the Body.

THE application of the principle of Pur-gation being allowed to be one of the greatest utility in the cure and prevention of disease, it is of the greatest consequence to ascertain what medicine is capable of producing the desired effect in the easiest, and at the same time in the most effectual manner.

It has now no longer to contend with the blind prejudices of the greatest portion of the public; it is only with those few who still are determined to be "killed according to rule," like the people of old who "would have a King to reign over them." But, thanks to the circulation of newspapers—thanks to the general diffusion of knowledge, which enables nineteen twentieths of THE PEOPLE to read and judge for themselves—now we no longer believe in swallowing that deadly mineral Mercury, professing to cure—but universally leaving us in a worse condition after its use.

We no longer believe in the absurd notion that Inflammations of any kind can be cured by abstracting our blood—OUR BLOOD. It is now well understood that an inflammation is a wise ordinance of nature, a signal that she requires the assistance of purgative medicine to ease her of the oppressive burden which she proves by the heavy fever, and the strong pulse, is wanted to be removed. In other words, the body calls for a vegetable cleansing.

Brandreth's Vegetable universal Pills require no skill in their administration; the printed direction only has to be observed, and they describe the just proportion of the magnitude of the disease to be cured.

Let all persons read the following opinion of a gentleman who well knows the qualities of these Pills.

Brandreth's Pills.

This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla, whether as a sordidic or alterative. It stands infinitely before all the preparations or combinations of Mercury. Its purgative properties are alone of incalculable value—for these Pills may be taken daily for any period, & instead of weakening by the cathartic effect, they add strength by taking away the cause of weakness. There is no good Mercury does, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The teeth are not injured;—the bones and limbs are not paralyzed—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. Brandreth's Pills are indeed a universal Remedy, for they cure opposite diseases; they cure Inflammation and chronic rheumatism. They cure diabetes and strangury. They cure dysentery and constitutional costiveness. They will cure all these apparently opposite diseases, because they cleanse and purify the blood, provided, however, nature is for beyond the human ASSISTANCE. Four years this medicine has now been before the public in the United States; wherever it has been introduced, it has superseded all other remedies.

This medicine has been made the subject of much merit throughout the United States, while its utility has been extensively acknowledged. The impression seems to be gaining ground, that Brandreth's medicine may be employed with safety and effect, as a remedy for ordinary infirmities. There are many sensible persons in this city, as well as other parts of the country, who with great propriety testify to the good effects of Brandreth's Pills, from frequent experiments; & no evil may be apprehended from the use of them according to the directions. In directing public attention to the Brandreth medicine, we only express our honest convictions, that the Brandreth Pills have done more service to the present generation, than all the patent medicines which have ever been introduced into general use.

Dr Brandreth's Offices in New York are 241, BROADWAY; 185, Hudson street, and 276, Bowery, between Prince and Houston streets.

Remember Druggists are never made Agents

195—Main Street—195.

A few doors below the Old Market Richmond, is DR. BENJ. BRANDRETH'S VIRGINIA OFFICE.

The following gentlemen have been appointed agents for the sale of Brandreth's Pills:

- GEO. HOWARD, Tarboro', N. C.
- Stevenson & Bryan, Waynesboro', Va.
- Perk, Raleigh; A. D. Northam, Smithfield; B. & H. Baker, Louisburg; Walker & Batchelor, Enfield; Adams & Tyson, Stantonsburg; M. Ferrall, Halifax; B. B. Daniel, Heathville; Daniel and Pritchett, Brinkleyville.

The medicine can be procured of any in every county in the State, at 25 cents per box, with directions.

Each agent has an engraved certificate signed B. Brandreth, M. D. March, 1840. 12
