Marks's Ointment FOR THE

CURE OF PILES.

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,

THE PILES,

A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when reattacked, a sure preventative to its continvance, without the least pain; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts One of 37, and the other of 40 saws -- they are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen House, Landscape & Ornamenta by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is that he has located himself guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on

SAMUEL H. MARKS.

FEVER AND AGUE.

Augusta, Ga., Feb. 10, 1839. could find nothing (the' I had applied to very thing) that gave me any thing like permanent relief. At length, however, your Pills were recommended to me, by me of our best physicians; and I am mosgrateful and happy in being able to add, hat I had scarcely used two boxes when I found that they had restored me to perect health. Since then various members d my family have used them with equal success and consequently I feel it my duty to apprise you of the fact, and to request you to publish this certificate, as I am anx ious to add my public testimony to the almost miraculous virtues of your unrivalled medicine.

The Life Medicines

Recommend themselves in diseases of every form and description. Their first peration is to loosen from the coars of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhoa, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines-or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this action of which entirely depends upon the to Dr. Peters. Brandreth's Pills.

Cleanse and purify the Body.

HE application of the principle of Purgation being allowed to be one of the greatest utility in the cure and prevention of disease, it is of the greatest consequence to ascertain what medicine is capable of producing the desired effect in the easi. st, and at the same time in the most effecsuperb and fanciful, as well as neat and tual mainer.

It has now no longer to contend with the blind projudices of the greatest portion of the public; it is only with those few who still are determined to be *killed according to rule," like the people of old who "would have a King to reign over them." But, thanks to the enculation of newspapers - thanks to the general diffusion of knowledge, which enbles ninetech twentichs of THE PEO. PLE to read and judge for themselvesnow we no longer believe in swallowing that deadly mineral Mercury, professing to cure - but universally leaving us in a worse condition after its use.

We no longer believe in the absurd notion that Inflammations of any kind can be cured by abstracting our lile-OUR BLOOD. It is now well under -tood that an inflammation is a wise ordinance of nature, a signal that shere, quires the assistance of purgative medicine to ease her of the oppressive burden which she proves by the heavy fever, and the strong pulse, is wanted to be removed. THERE are many tamily medicines In other words, the body calls for a vegeable cleansing.
